**IT TAKES A TEAM
 TO SAVE A LIFE**

Each episode of **To The Rescue** follows a dog's heart-warming journey of hope, transforming them from a neglected stray into a loving family pet.

These "unadoptable" dogs must fight to regain their physical and mental health, control their bad behavior, and ultimately be adopted by a loving forever family.

Every day, thousands of dogs are put down due to a lack of resources. **To The Rescue** wants to help save the most desperate and neglected dogs from this fate.

Each episode we'll meet new foster families as they rescue and rehabilitate the dogs that no one else wants. Together, they'll work toward an amazing new life where every dog has a forever family who loves them.

Join host **Tommy Habeeb** as **To The Rescue** helps the most unadoptable dogs become their very best selves, forging an unforgettable path to find love against all odds.
