

First Appointment Request Form

Please read the following Instructions on requesting an Intake Appointment at Lifespan Psychiatric Consulting, LLC.

Thank you for your interest in Lifespan Psychiatric Consulting! We want to help you find the right services with the practitioner best suited for you. Our clinicians have different areas of specialty and varying availabilities. Because of this, we have created this process for reviewing your request and determining whether we have the right practitioner to help you achieve your goals.

Please note that it is possible for availability to change from one day to the next, so we may not be able to provide you with an accurate prediction of availability until you submit this form. Below are instructions and important information on our process:

1. **You** complete the Appointment Request Form below.
2. **Our clinicians** review the information to see if they are a good match to meet your needs with their specialties/availability.
3. **Our Office Manager** will contact you within 5-7 business days of your submission to update you if there is a clinician available who meets your needs or to refer you to another practice that may better serve you.

Important Information:

- A referral from another provider does not guarantee an appointment at Lifespan and does not expedite the intake process.
- After you submit your request, you should expect contact within 5-7 business days. Please call or use our secure email contact form if you have not heard from us after 7 business days.
- If you are thinking of harming yourself or others or are having a mental health crisis you may call 911 or the Multnomah County crisis line at 503-988-4888. Please note that completing this form does not ensure services including urgent services.
- The initial appointments are intended to be assessments in which you & our clinicians decide and discuss if our services will be able to help you achieve your goals. It is possible that the initial, or ongoing, appointment(s) may result in a referral to another practitioner thought to be more appropriate for your needs.
- This form is secure and HIPAA compliant.

***By continuing and completing this form, you are agreeing and acknowledge that you understand the above information.*

Patient Information: *fields followed by an asterisk are required.

Patient's Name*:

First _____ MI _____ Last _____

Patient's Pronouns: _____

Date of Birth* _____

Patient Gender as is on insurance* _____
