Marianne was excellent, daily updates and photos about the cats left in her care. She communicated well on the build up to our holiday, met the cats on a few occasions and really put our minds at ease before and during our holiday. We would absolutely use Marianne again.

Margaret S. - Drop-In Visits • Apr 26, 2026 ★ ★ ★ ★ ★

This was our first time requiring a cat sitter service and we were a little apprehensive. We were keen to meet Marianne who has a number of reviews from returning customers. From our initial meet we got great vibes from Marianne who was able to answer all our questions and put our mind at ease, and more importantly our 2 rather timid girls took to her immediately. We met again for key handover and then off on holiday we went. Marianne contacted us twice a day with updates, photos and videos showing us our girls were relaxed happy and being spoiled in our absence. We would not hesitate to recommend Marianne.

Marianne was great as always! Lots of updates/pictures which are fab for peace of mind when you're away. Albie doesn't have a typical cats diet and Marianne isn't phased by this which is a massive bonus for us. My husband said Albie's too special for a cattery and he's right! I cannot recommend Marianne highly enough. My Merlin adores her and that comes from a cat that takes weeks to allow anyone new to come close. She takes the time to make sure he's happy groomed and generally fussed over as well as making sure he's fed. This is the second booking for her to look after Merlin and I wouldn't have anyone else. Happy to recommend her any day of the week.

Marianne was exactly what we were looking for! She was super friendly and more than happy to take on our cats requirements. She clearly knows loads about cats and understands them, so after our initial meeting I was more than happy to leave the cats in

her care. Marianne sent daily photos and updates which was a nice bit of reassurance, not only that the cats were doing well but also that she was able to access the house and had everything she needed. The cats also took to her very quickly, which is not the usual script! All in all, really glad to have someone so trustworthy and easy to work with nearby, and I am off to book our second set of dates! Can't recommend highly enough.

I cannot imagine trusting anyone more to look after my cats. I have three cats who hide if anyone comes to my house and all 3 were out beside Marianne on her first visit. She definitely is a cat whisperer. Would highly recommend and will certainly be using her again

I can not rate Marianne highly enough. She took wonderful care of my 2 boys for 5 days sending daily updates and pictures. Both are rescue cats and this is the first time they have been left. Both have individual needs that were totally met. I recommend Marianne 100% and am very happy to have found her.

Marianne was fantastic at looking after our cat for 6 visits, she administered his meds and accommodate our dates & times. We received updates after each visit and a photograph of him, loving being pampered. Would highly recommend Marianne and we look forward to using her services in the future.

Marianne was fab as always providing her usual updates and following any instructions without issues. She appears to have a fantastic camera too, I never capture such clear photos of Albie myself. I must find out what camera phone she has!

Marianne was fantastic at looking after our cats and tortoise while we were away. She sent me photos everyday to see how they were getting on, and they were all very happy and well fed when we got back. Highly recommend!

Marianne was a joy to work with. She is very knowledgeable about cats and their foibles and completely reliable. She fitted in with our plans seamlessly, and even sent a daily picture of Zelda with a little update. A really nice touch. I will have no hesitation in employing Marianne’s services again. Highly recommended.

I highly recommend Marianne. Marianne was very professional, visiting us before making our booking to meet us and the cats. She updated us during every visit, went above and beyond what we had requested with the cats, and managed to get our shy nervous cat to fall in love with her by day 2! Thank you Marianne! We hope you’re available for our next vacation!

We were delighted with how relaxed our kitties were when we got home from our weekend away. Marianne is a cat lover who has a very loving manner with our cats who are quite elderly. Our wee girl needs medication and Marianne had no problem giving her this. I would recommend Marianne and will definitely be asking her to cat sit again.

As always Marianne did a fab job looking after Albie. Marianne is great at following instructions and I am so pleased that that she isn't even slightly phased by Albies whole prey diet! I will definitely continue using Marianne where necessary!

Marianne is a perfect cat sitter... She even picked up some litter for me when I ran out! She's a total gem and will send me pictures daily of my cat. My only complaint is that I get a bit jealous of all the affection she's getting from my cat while I'm not at home!!! I will always book with Marianne Wednesday and I both love her. Thanks again

Marianne is lovely and clearly bonded well with my cat Albie. She is flexible in terms of popping in to feed and play with Albie and more than happy to feed his raw food and whole prey which is great. We received updates and photos of her time with Albie which was fab too.

Marianne recently looked after my 15yr old cat for a week. She replied quickly to messages, sent daily updates while we were away and was generally lovely and kind. Great value and highly recommended.

Having 4 of a cat family With different personality quirks and needs I was worried about going away on holiday. Marianne came round to meet me and the cats and relieved my anxieties. She really understands cats and cat owners! The twice a day updates and photos kept me reassured that all cats were “present & correct”. I would have no hesitation in recommending or using Marianne’s cat sitting service again. The cats were slightly disappointed when we returned as their visits from Marianne ended. >^•^<

I can not recommended Marianne ENOUGH! She is a total pleasure. My cat loves her, she sends updates daily with photos which warms my heart! She has also helped with my pet snake on the side just to help out. Honestly she is a dream of cat sitter and is just an all round lovely human. She is my go-to. Thank you 😊.

Marianne was great as always; she was able to look after Teddy at relatively late notice and ensured she came to pick up the key in good time. Teddy loved his visits from Marianne and I was sent beautiful pictures of him looking relaxed and happy. Thank you!

Marianne did an excellent job, took time to find out our cat's particular needs and kept us updated as to how she was behaving. We came home to a happy relaxed cat who had enjoyed being in her own house. Many thanks.

Once again Marianne demonstrated impeccable care and attention whilst looking after Ollie and Oscar. With regular updates featuring photo evidence of two very happy looking boys it is quite clear they have been won over and thoroughly enjoyed their time with Marianne.

Friendly, professional and a true cat person, Marianne did a wonderful job of looking after our boys who took to her from the first visit. Communication throughout was excellent with regular updates and photos of two very chilled and content looking cats which was so reassuring. Seeing Oscar contentedly perched on Marianne’s lap, even after medication time, speaks volumes. We would thoroughly recommend Marianne as a cat sitter and would not hesitate to book her again.
