

Circular to All Entod Trade Distributors

Dear Business Partners,

Subject: Implementation of Maximum Retail Price (MRP) Revision effective 22nd September'2025

The GST rates on drugs have been revised downward to 5%, effective from 22.09.2025. As a result, the following aspects related to pricing are required to be implemented in the drug supply chain from this date onward.

1. Revision of Product MRPs and Form V Filing

- The downward revision in GST rate mandates a corresponding reduction in the "Maximum Retail Prices" to end patient. This change is effective from 22.09.2025 at all the levels in the supply chain
- As per National Pharmaceuticals Pricing Authority (NPPA) guidelines, revised price notifications under Form V to the schedule II to the DPCO 2013 are being filed and will be applicable effective 22.09.2025
- Trade margins, PTS, PTR, and ITC eligibility for existing stock remain unaffected at all levels in the supply chain

2. Statutory Requirement to Pass on Benefits of reduced MRP

- The benefit of reduced taxes is to be passed on to the end consumer and it is mandatory under Para 25 to the Drugs (Prices Control) Order, 2013.
- This benefit should be passed down to the final consumer through the Distributors and Retailers. It applies to even the stocks in their shelves/stores as the case may be with Distributors & Retailers
- Distributors and Retailers should display Form V or Supplementary Price List in a non-conspicuous and visible part of their premises so that new and reduced prices are visible to the stakeholders

Kindly refer Annexure below for the new price table of our product range for your update and records.

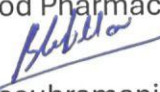

May we kindly request you once again

- To review the enclosed Form V, submitted to NPPA filed through its Integrated Database Management System (IPDMS), confirm the revised prices.
- To implement the revised MRPs with immediate effect and promptly communicate the same without delay to all Retailers and Wholesalers.
- To ensure that you, along with Retailers and Wholesalers, sell all existing and future stock strictly at the revised MRPs, thereby remaining fully compliance with NPPA's Office Memorandum dated Sep 12, 2025.
- To draw the attention of Retailers and Wholesalers to Para 24(4) to the DPCO 2013, which mandates that all Retailer and other Dealer/s must display the manufacturer's updated price list at a prominent place in the business premises for easy customer access and notice.

We thank you for your cooperation and look forward to your continued support!

Yours faithfully
