

THE PRICE OF GRASS SEED HAS DROPPED!

Fall is the best time to reseed your lawn, and what makes it even better is lower prices! After several years of grass seed being through the roof, the price has come down once again and we love to see it.

OUR SPECIALTY GRASS SEED BLENDS

Our grass seed blends are **NEVER** coated. Coated seed offers a small benefit of keeping the seed moist, but ultimately has little quality assurance. It provides nearly half the amount of coverage as uncoated seed. Uncoated grass seed gives you 100% of the desired quantity and allows for quality control.
