Gentle Hearts Block of the Month is finally here!

High tea celebrations were held The Quilted Rose earlier this week, as we marked the completion and first posting of our Gentle Hearts Block of the Month. Gentle Hearts features twelve individual embroidered hearts, each with unique rose designs. A soft collection of exquisite rose and tone-on-tone fabrics surround the embroidered blocks. This is followed by cream sashing's to allow the embroidered blocks to blossom individually. Finally Gentle hearts is framed with either a pink or blue delicate border of bows and lace.

We would like to thank all the ladies who are participating in our BOM and supporting our small family business. We have valued your patience and hope enjoy this journey with us. If you haven't received your invoice, please contact us.

Much love
