Special Assessment Fire Department

The Special Assessment Meetings for the Fire Department on Sunday June 14th and Monday June 15th have been canceled due to misinterpretation on the steps needed to comply with the law.

The Fire Board will review this situation, determine the best path forward, and bring that to our Board Meeting on June 17th, 2026

Social Media is not the best place to learn about the need for this special assessment, which would result in quicker response times during the busiest call periods and, when not on calls, the ability to keep up with the increasing reports now required by the government. There will be a loss of services for our community that will result from not moving forward.

Our Hall holds up to 100 people, on the 3rd Wednesday of the Month at 10:00 am. All are welcome! Meeting minutes are posted on our website secordtwp.com.

Best Regards,

Secord Township Board
