

Our hearts are breaking for those in LA & applaud our First Responders. I spoke with Elta MD and we will be donating Sunscreen and Burn Gel to the LAFD. We will match every donation through our nonprofit:  
[greenonedrive.com/contact-us](https://greenonedrive.com/contact-us) and you will receive a receipt with our TIN. I personally will be delivering canned goods and toiletries to shelters in LA next week. No man is an island and life is fragile so I am truly grateful for anything you can do.
