VNSN RADIO UNVEILS "BEVERLY HILLS LOUNGE CAFÉ" TO OFFER CURATED ALTERNATIVE TO SATURATED SOCIAL MEDIA PLATFORMS

BEVERLY HILLS, CA — Today, VNSN Radio formally announces the premiere afternoon schedule for its flagship broadcast, *Beverly Hills Lounge Café*, hosted by Editor-in-Chief and Director Victoria Napolitano. Broadcasting twice weekly on Tuesdays and Thursdays from 1:00 PM to 3:00 PM PST, the show offers a refined sanctuary for listeners, high-society patrons, and independent artists seeking depth over algorithmic trends.

As modern social platforms become hopelessly saturated with pay-to-play content, *Beverly Hills Lounge Café* returns to the art of curated broadcasting. The show spotlights international culture, high-fashion narrative design, orchestral soundscapes, and intimate conversations with exceptional creators who reject mass-market noise.

"Social media has become a crowded echo chamber where true artistry is lost to algorithms. Our airwaves are intentionally guarded. We do not dilute our broadcast for volume; we curate a sovereign destination for listeners and artists who value distinction."

— Victoria Napolitano, Host and Executive Producer

To preserve the integrity of the station and respect its global audience, the House of Victoria Napolitano enforces strict limits on commercial sponsorships and featured guest slots. By capping available broadcast time, the studio ensures its partners and artists receive maximum visibility, prestige, and room to breathe without audience fatigue.

Listeners and prospective cultural partners can access live broadcasts, archives, and patronage inquiries directly through the station portal at vnsnradio.com.
