

# About Orlando LetterBoard Community Inc.

Welcome to Orlando LetterBoard Community Inc

We are here to support spelling as a communication method for nonspeaking, minimally speaking and unreliable speaking individuals. Methods that we support include but are not limited to spelling or typing on any letter board, device, keyboard or computer.

Our mission is to provide engaging social, recreational, and educational opportunities for spellers to meet each other, create friendships, communicate with each other and experience the fun that Orlando has to offer us together. Additionally we provide support for families of spellers for resources and friendship. We advocate and provide information on how to start communicating through spelling.

We are building a following of spellers of all ages in the Orlando area. No matter where you are in your spelling journey, you are welcome to be a part of Orlando LetterBoard Community. We are a community of welcoming spellers and families that are inviting you to be a part of us when you are ready.

In 2025 we started SpellerFit, our fitness and well being initiative offering boot camps, strength training, yoga, a fitness lecture series and summer camp. We run small group classes with professional instruction to provide purposeful movement and support speller's brain/body disconnect. We offer a safe, supportive and cool space to workout with speller friends. SpellerFit expands our mission to provide more opportunities for spellers to pursue fitness and wellness, have fun and to make friends.

We are a 501(c)(3) NonProfit Organization in the State of Florida. Donations made to Orlando Letter Board Community (OLBC) assist in covering costs of our friend's outings so that our spellers and their families and their Communication Regulation Partners (CRPs) can go to our events for free or minimal cost.
