Benjamin's Hope seeks to welcome all peoples, all abilities, and all stories. We believe all people are beautifully created, and all people need hope. Through a Live, Learn, Play, Worship farmstead community, we pour our hearts into ensuring those with intellectual and developmental differences connect to their greater community and thrive. Benjamin Hope offers housing opportunities designed for adults with autism and other disabilities. The neighborhood offers a place where adults of varying abilities choose to live and cultivate community with one another.

Compassionate Heart Ministries is a welcoming and safe social environment for individuals with mild to moderate disabilities ages 14 to 45 to meet and make friends. The Compassionate Heart mission provides a place for youth and adults to develop friendships, relationships, and social opportunities. Many families with children having mild to moderate disabilities have found a home and a network of support at Compassionate Heart Ministries.

Corpus Christi School educates and prepares each child to contribute to their communities in meaningful and positive ways by nurturing all children with and without special needs in a safe, inclusive, and supportive environment through specialized instruction, allowing for individual differences and learning styles. The school welcomes all children, enriching their knowledge, nurturing their faith, and building their character in a Catholic Christian environment.
