**STOP 8: MARCH 28 PEACH BOWL**

**JOIN US FOR AN EXCITING NEW SEASON!!**

# Youth Leaders 9 Pin No Tap Tournament Format and Rules

## 2025-2026 Season

This tournament is set up and based on many different playing factors; we will list these in the rules for explanation. This is a youth tournament for scholarship monies to be determined after the end of all stops, with disbursements to SMART.

This tournament is usually held in the 5 centers of the Upstate Association, but we have decided to expand and reach out to other centers in the area, outside of the association for competition.

## 2025-2026 Season Rules/Regulations

\* Open to ALL Youth Bowlers

\* Payout Ratio is 1:6 Scholarships earned at each stop and paid at the end of the season

\* Cost per Event \$25.00

\* This tournament is set up in 4 divisions. Division I will bowl scratch with no handicap. Division II, Division III, and Division IV will be handicap divisions with handicap based on 90% of 220. Division IV will only be ran at events with at least 5 participants in that division. Should Division IV have less than 5 participants it will combine with Division III making that division contain bowlers with averages <=120.

Divisions	Average	Handicap
Division I	>=171	Scratch
Division II	121-170	90% of 220
Division III	101-120	90% of 220
Division IV	<=100	90% of 220

\* Entering average will be the higher of Previous Year Book Average or current league average with a minimum of 21 games. Divisions will be based on your Entering Average. Please make sure you **BRING A CURRENT LEAGUE STANDING SHEET**. Should a bowler not have a current standing sheet available at the event for average verification they will bowl in Division I. We will allow 24 hours to provide a current league sheet, for average verification and division placement. After 24 hours, scores are final. Once you have been placed in a division you may move up a division based on average, but you will not be allowed to bowl down a division. You must bowl at the higher division for the remainder of the season.

\* This is an accumulative scoring tournament. Overall Champion as well as Division Champions will be determined based on the following point system. Should points result in a tie it will default to total pins with the scratch division bowlers receiving their handicap pins at the same 90% of 220 that the other divisions receive.

### How Point System Works

\* Must Bowl 5 out of 8 Stops

\* Bowler Receives point value of the place the finish in for their division

\* EX: 1st Place receives 1 point; 2nd Place receives 2 points; etc.

Once a bowler competes in 5 events the total points are divided by the total number of stops bowled to create the bowlers point value for the season

\* The maximum score with handicap will be capped at 300.

\* No Smoking/Vaping

\* No Hitting or Kicking of Ball returns allowed

\* No showing of disrespect to any bowler or tournament official allowed

\* The use of profanity is strictly forbidden

\* Tournament Directors have the final say in all matters not covered above
