

Model Information For Students  
 MASSACHUSETTS ACADEMY OF BEAUTOLOGY

*Marlete Rocha-Tringale*

Dearest Student,

MAB is **not** in charge of providing students with models. The academy does its best at advertising on its social media platforms; however, this will not always guarantee you a participant. Therefore, we ask our students to do their own advertising as well. In the event that the student does not have sufficient models, a new date for the completion of the course will have to be scheduled within MAB's allocated hours and the students own time.

When booking a model for your course please do not forget to mention that they (the models) are required to make a payment of \$100 to the academy as well as fill out a model consent form that must be forwarded back to MAB for approval before they come in on the day of the live training.

*The following is a chart with information for you to provide your model with. This information must also be sent back to us. Models will have to pick from TWO (2) times. Please fill in the DATE & TIME slot.*

EYEBROWS	LIPS	EYELINER
