

## Wood Duck Court Bridge

The Wood Duck Court Bridge is a timber bridge located south of Sunriver in Oregon Water Wonderland community. The bridge, which is situated on a Local Access Road, currently serves as the primary access to residences on the island of Oregon Water Wonderland’s Unit 2 subdivision.

The timber structure is experiencing surface wear and checking in the deck. The existing timber crib walls are undermined and exhibiting splitting and decay. The metal bridge railing is substandard and in need of replacement.

- Project Justification: Bridge Sufficiency Rating – 13 out of 100
- Bridge Name: Wood Duck Court Bridge (#20783)
- Road Name: Wood Duck Court
- Functional Classification: Rural Local

### SCOPE OF WORK

- Removal of the existing structure
- Installation of a precast concrete culvert structure
- Paving of approaches
- Installation of culvert approach guardrail
