“Northeast Tennessee Llama Show”

We would like to invite you to the Northeast Tennessee Llama Show in White Pine, Tennessee. The facility at the Walters State Community College Expo Center in White Pine, Tennessee is located next to Interstate 81 with easy access from several major interstates: I-81, I-26, I-40, and I-75. The location is centrally located between three major llama community regions: Southeastern Region, Eastern Region, & Buckeye Region, and not far from most parts of the Central Region & Great Lakes Region. It is a perfect setting for exhibitors from all areas in the Eastern part of the United States to converge and exhibit their llamas. The stalling areas are plentiful and within 100 feet walking distance. Add to that a dose of good fun, great people, usually good weather, and of course “southern hospitality”. We would like to thank the sponsors, exhibitors, volunteers, and judge who make this event possible. Putting on a llama show is a difficult task so please be patient when we make a mistake and be sure to enjoy the show.
