Subject: SE Llama Assn

Good afternoon Mary Rose,

Please note that I have corrected the dates in our system for the SSLA 2023 conference. I am not sure how I did that but we have caught it in time and all is good.

Here is the new booking link that will work on the dates of March 10 -14, 2022 and any stay in between.

You must enter your arrival and departure dates to get the full availability of the dates you want to stay.

Not all rooms in the block or held for 4 nights.

<https://www.choicehotels.com/reservations/groups/KX67Q0>

Let me know if you know of any other names that may have booked already; I want to make sure they are linked to the group and get the group rates as long as not booked with a third party.

Thank you for your understanding.

We are looking forward to welcoming your return.

Starla Hayes
