## Best Results:

1. All areas should be covered with paint except the bottom. Do not paint the sushi plate feet.
2. Best results occur with 3 coats
3. A base coat of a light color is a good way to ensure the bowl is covered in color. White makes a great base color
4. Take a small amount of the need color by squeezing on paint card
5. Use the biggest brush possible to apply even coats of paint
6. One coat of black on top of other colors will be enough for line work
7. Let dry to the touch before applying next coat
