

# SUMMER CAMP | Code of Conduct

While every camper at Avonlee Preschool deserves the most rewarding and fulfilling experience, the Camp Directors, and Staff of Avonlee Preschool must expect each camper to abide by specific rules, regulations, and expectations of behavior. The following outlines how campers should act while at Avonlee Preschool and what disciplinary processes may incur should a camper not abide by the expectations given to them:

1. Campers are expected to accept other campers, counselors, staff, and all related to Avonlee Preschool. Negativity directed towards any individual will not be tolerated. This includes put-downs, teasing, excluding, joking, aggravating, etc.
2. Ethical or racially charged jokes, teasing, slurs, or put-downs are not permitted. Campers are expected to welcome diversity and to learn from the differences other campers may have.
3. Campers will respect the camp facilities and resources by following the appropriate clean-up guidelines after each activity set forth by the Camp Directors, and Staff.
4. Campers will refrain from touching others in harmful or inappropriate ways.
5. Fighting, whether verbally or physically, will not be tolerated.
6. Avonlee Preschool prohibits foul language of any kind. We are a fun environment that discourages negative language of all kinds.
7. Campers must follow directives from the Camp Directors, and Staff at all times. Failure to comply with directives will result in disciplinary measures.
8. Appropriate clothing and swimwear are required for participation in activities.
9. Campers must be attentive to all activity directions and safety rules.
10. Campers must never leave their group or counselor without permission.

## DISCIPLINARY PROCESS

We at Avonlee Preschool want each camper to have a great experience at camp. We understand that campers may have “off” days. However, overall good behavior is expected from every camper to ensure the safety and pleasure of all participants. The following is a guideline of how Camp Counselors will confront unwanted, negative behavior from any camper:

1. **Warning:** The camper will get a verbal warning of their inappropriate behavior.
2. **Restriction:** After a warning, if the behavior persists, the camper will sit out from activity for no more than 15 minutes.
3. **Reporting:** Should a camper persist in their behavior or escalate their behavior; the staff member will refer them to the Camp Director who may have the camper refrain from an entire activity.
4. **Dismissal:** If behavior proves too severe or intense, the Camp Director will request the parent/guardian to pick up the camper. If parent/ guardian cannot be reached, an emergency contact must assume the role. Should the behavior of the camper prove extreme, the camper may be asked not to return to camp the following day or may be revoked from camp *without* refund.
