

Lindgren Canna-Fused Hemp Drink Infusions

Lindgren Canna-Fused Hemp Drink Infusions are organically grown from hemp right here in Wisconsin. Lindgren Canna-Fused Drink Infusions are meant to enhance your experience by providing the additional therapeutic effects of CBD and to create beverages with an unexpected intoxicating and delicious new flavor profile for your drinks. Making the ordinary extraordinary everyday. Our infusions work great with your favorite Vodka, Gin, Whiskey, Bourbon, Rum, or use your imagination!

How It works

The longer Lindgren Canna-Fused is infused, the more potent and earthy the taste will become. A recommended minimum of four days of infusion is needed to pull a majority of the cannabinoids from the bud. Lindgren Canna-Fused can be steeped longer for a richer, earthier flavor depending on your preference.
