

2025 GOLFVIEW HOMES DISASTER READINESS CHECKLIST

This document will help the association prepare for severe weather such as tropical storms and hurricanes.

KNOW YOUR ZONE

Pinellas County has five evacuation zones, Golfview Homes buildings #1 & #2 are in Zone "B", buildings #3 & #4 are in Zone "C". The best evacuation route out of the Green Dolphin Park is to exit Green Dolphin Boulevard turning right or left onto South Pinellas and follow evacuation signs to higher ground east of the city.

NOTE: Meres tends to flood near the So. Pinellas intersection, best not to use that route.

Go to <http://www.pinellascounty.org/emergency> where you can monitor up to date information and sign-up for alerts.

Go to <https://weather.com/weather/> where you can monitor the latest weather forecast

Go to <https://www.nhc.noaa.gov/> where you can monitor the latest Hurricane information
