Gray Box Consulting 2020

IMPORTANT NOTE:

It is HIGHLY recommended that the end user of this kit remove the outer wrapping of the tourniquets! Remember, time is of the essence when addressing a massive hemorrhage.

DISCLAIMER:

You, the end user of this GBC IFAK are responsible for seeking proper training and licensure for the use of the included contents. If you fail to do so and perform a procedure that is outside of your scope of practice or training you are solely responsible for any and all legal consequences.

GBC (Gray Box Consulting) is in no way promoting out of scope use of ANY adjunct and has no way of verifying the license or level of training obtained by the purchaser.
