**WEBSITE: [dblvoc.org](http://dblvoc.org)**

**A Non Profit Corporation**

**CLASSES START SEPT. 16th 2025**

**ELECTRICAL THEORY**

D.B.L. Vocational Center has formed to introduce disadvantaged young adults, ages 18 – 35 to a NO COST AIR CONDITIONING / HEATING Training program. This training can serve as a springboard to the rewards and self-empowerment found in skilled trades.

It is D.B.L.'s mission to provide tangible skills that are demanded in today's work-force. To those students that are willing, they will come to understand the rewards and respect that a selective trade can bring to their lives. Our main requirements will be willingness, hard work, and honest effort.

**CLASS BEGINS SEPT. 16th 2025 from 5 - 7 PM ON TUES & THURS**

**Tax Deductible Contributions are now being accepted**
