By Commissioner Marecki

WHEREAS, the State of Michigan (State) through its Department of Environment, Great Lakes, and Energy (EGLE) has determined that reducing the solid waste disposal to landfills in Michigan and increasing the State's recycling rate is a public purpose; and

WHEREAS, Public Acts 244 to 250 of the Michigan Public Acts of 2022 were enacted to address the reduction of solid waste disposal to Michigan landfills and to amend Act 451 of the Michigan Public Acts of 1994 (Act 451) which addresses all of Michigan's Solid Waste requirements; and

WHEREAS, Act 451 also requires that each county contact the adjacent counties to determine if such counties would like to form a new regional entity pursuant to state law and that such entity will be a separate legal corporation that would oversee and implement a new MMP; and

WHEREAS, the Charter County of Wayne (County) did receive a notice from the State on December 20, 2023 indicating that pursuant to Act 451, the County did have 180 days from January 8, 2024 to determine if the County wanted to create a new MMP Committee or form a collaboration with its adjacent counties; and

WHEREAS, the Chief Executive Officer (CEO) of the County and the County's Department of Public Services, Environmental Services Division (ESD), has received notice from Oakland, Macomb, Monroe, and Washtenaw Counties indicating that they do not want to form a collaborative organization; and

WHEREAS, ESD is the County division that is responsible for the oversight of the current Wayne County Solid Waste Management Plan and Ordinance and administrative duties revolving around the County's landfills; and

WHEREAS, the County must identify a Designated Planning Agency (DPA) to oversee the creation of a MMP and the MMP Committee along with the name of an individual that will oversee the DPA and MMP Committee; and

WHEREAS, the CEO of the County is responsible for overseeing administrative functions and the Wayne County Commission is responsible for the legislative functions of the County; and
