CALL TO COUNCIL

Councilperson Paiz mentioned the article in the recent edition of the Insider submitted by the City Manager saying that it was her understanding that there has been little to no contact with him in his absence yet obviously, someone is communicating with him evidenced by this article. She then said she assumed he was speaking with an employee

and she would be interested in knowing who that is and would like to know if it is possible to get a copy of his military orders.

Councilperson Sawicki stated she shares Councilperson Paiz's concerns and that she would also like to know how he is communicating. Next she said she had the opportunity to speak with Mr. Calus regarding the BuyNothing page on Facebook and she would like to see this information made public to all residents through the newsletter. She then wished all a happy new year.

Councilperson Williams offered her deep sympathy to the family of George McMullen on his passing. She then mentioned the excessive speeding on Woodside and would like to see this problem addressed as there are many small children in the area.

Councilperson Toussant also offered his condolences to the family of George McMullen.

Councilperson Lyons wanted to bring awareness to mental health issues during this difficult time. She shared that CARE of southeast Michigan has resources for anyone suffering with issues including seasonal depression syndrome and urged people to reach out. She then said that first responders do a great job with mental health issues while treating and transporting residents.

Councilperson Paiz spoke about George McMullen saying he was a councilman in Grosse Pointe Woods and always participated with the Harper Woods community as well and she offered her condolences to his family. She then mentioned that GPAAS may be holding a virtual educational discussion next month.

Councilperson Costantino said she was saddened by the passing of George McMullen as they have been friends for decades. She then thanked those who have supported her during the last few weeks which involved a car accident with her parents and the passing of her nephew. She also thanked those who supported her regardless of the negative newspaper article about her.

Mayor Kindle stated she was sorry and sent her condolences to Councilperson Costantino urging her to continue to hold up and to hold her family up as well. She then commented on Mr. McMullen, sharing that he was always present at fundraisers and community events and always supported Harper Woods. She said he was always supportive of her and she is glad he is finally resting. She mentioned that Vicky, who was a beacon of light in the school district, also passed away. She said it has been one of the worst years regarding the loss of so many friends and acquaintances and she hopes everyone can get a vaccine soon and end this pandemic. She shared then that Nancy Courtney will not be our representative for the DAAA organization and we will need a new person to step up. She thanked her for her service and support of all seniors. She wished everyone a blessed and

happy new year and offered her prayers for a much better year ahead.

RESOLUTION ADOPTED

CALL TO AUDIENCE

Nolan Turner spoke out that while he is hearing about hard working employees there has been no mention of Court employees who have also worked through the pandemic. He said that he understands the raises approved tonight but the Court has recently lost an employee due to not having enough in their budget. The City Manager responded that the Court is a separate employer and the City cannot make changes to the Judge's budget though he will be happy to work with Judge Coleman in the future to make adjustments for future increases.

CALL TO COUNCIL

Councilperson Williams clarified that her no votes on wages is not against any of the employees who are doing a great job but rather due to the presentation of the resolutions and her concerns about budget issues. She then shared that she attended a zoom meeting on Dr. Martin Luther King day hosted by Councilperson Lyons and thanked her for putting this together.

Councilperson Sawicki stated her congratulations to the new President and Vice President and shared her hopes that more money for COVID would be forthcoming from this administration.

Councilperson Paiz also shared her congratulations and applauded the first woman in a major office and a woman of color in this office. She then mentioned Mr. Turner's concerns with the Court budget and asked if budget approval is a formality or does the Judge have input. She then questioned why the acting City Manager doubts Mr. Rheker's April return.

Councilperson Sawicki mentioned the allusions to Eastland Center developments and that though this can't yet be shared she is eager to hear of it.

Councilperson Toussant stated that it was his understanding that the City Manager would be eligible for his full pay while on military duty. He next asked how many employees are on administrative leave at this time. The City Manger responded that there were 7 through 2020 and 3 now in 2021.

Councilperson Costantino said there used to be goal setting sessions at the beginning of each year and while there hasn't been any in several years she would like to see this practice return so everyone can be on the same page. She next mentioned that the lawsuit she filed regarding election fraud has been again taken up by Judge Kenny and there is potentially reason to audit the entire state. She further stated that she has received her NAACP 2021 membership and she will be retained as a member because exercising her

constitutional rights was not a valid reason to suspend her membership.

Councilperson Lyons said she would like to see goal setting and strategic planning for the Council. She then gave an overview of her “envisioning community dreams” meeting she hosted on Dr. Martin Luther King day. Next, she asked that residents be mindful of their health and to utilize the GPW/HW healthy communities programs. She shared that Senator Adam Hollier will have Cynthia Douglas as a guest on his upcoming podcast. She then said the NEDC is hosting a “protect your credit” workshop on January 21 at 6:30 p.m. Finally, she stated that though all were fond of Judge Palmer it would be appreciated if Judge Coleman is referenced by her name in the future instead of as the “new judge”.

RESOLUTION ADOPTED UNANIMOUSLY

CALL TO AUDIENCE

Ms. Rutledge asked if she could read a resolution that was passed at a recent Grosse Pointe Democratic Club meeting regarding the censure of a Harper Woods Councilmember.

Mr. Calus asked about Eastland Center and if there is a redevelopment plan in the works. He then asked for additional clarification regarding the replacement of water meters throughout the city. Next he commented that he can't believe the Patricia Slater investigation hasn't been released yet and finally he reported on the boards that have been developed within the NEDC and his position with communications and his plans to share upcoming events.

Ms. Bates commended the Public Works department for keeping the streets cleared of snow and that they do a very good job. She then asked what is going on with the

development of Eastland Center. (The acting City Manager commented that the details on this project are confidential at this time, but would hopefully be able to discuss soon.)

CALL TO COUNCIL

Councilwoman Sawicki commented on the appointment of Andrea Williams to the Detroit Area Agency on Aging as the City's representative after Ms. Courtney's term ends later this year.

Councilwoman Costantino stated that in her defense of the Grosse Pointe Dems resolution read this evening she has already explained what this issue was all about and that she acted within her constitutional rights. She further explained that she feels that this is partisan politics and could be opening a can of worms and a potential liability to the City.

Councilwoman Paiz stated that she doesn't care for Council being threatened for thinking or acting on what they believe is their job or having to answer to the community on this matter. She further stated that they will do what is appropriate and according to law with the city attorney keeping them in place and will continue to act on their conscience and in the city's best interest. Next she commented on a Zoom presentation that is scheduled for February 10 with the Grosse Pointe Animal Adoption Society (GPAAS) discussing topics such as being a good pet owner, life issues and diagnoses for a pet. She then asked about Zoom meetings and the closed captioning process for those with hearing impairments stating that she understands that there is a transcript feature within Zoom and encouraged all to use the feature. Next she shared that Council meetings will soon be on YouTube for the community to tune in to and thanked the Mayor for her involvement with this and also to the acting City Manager as well. She commented on the news article in the C&G paper entitled "Harper Woods Leaders Share New Year's Resolutions" where the acting City Manager shared many positive projects and plans for this year.

Councilwoman Lyons commented on an opportunity through Senate District 2 for U of M impact students to be paired with businesses to get strategy tips and coping with COVID in order for the businesses to continue to stay strong and vital. She encouraged all to shop local and visit restaurants and businesses in Harper Woods. She then shared that the ice rink is now open in Johnston Park and encouraged everyone to get their skates out and participate in getting out and getting healthy. Lastly she asked about holding strategic planning type sessions to discuss the things Council would like to see for the future of our community.

Councilwoman Williams questioned the Charter Amendment committee and where that is on the issue of the election of Mayor Pro tem since there will be an election this year.

Councilman Toussant asked about being Mayor Pro tem and how that position is chosen. (Councilwoman Paiz shared the chapter from the Charter that addresses this and what procedure is followed if the Mayor is absent or is removed from office.)

Mayor Kindle shared that the Council meetings will be on YouTube beginning with tonight's meeting and a link will be added to the website for everyone to check it out. She announced that former Councilmember Tom Jenny's son left for the naval academy and wished him well and asked that everyone keep him in their prayers. Then she commented that the committee for hiring police officers will be in place prior to the next meeting. And further explained that this committee is being formed to assist with recruiting candidates for our public safety department. She also asked if more could be done with those residents that do not shovel their walkways and driveways. She also mentioned that WCCCD is attempting to be a COVID testing site in conjunction with the Wayne County Health Department and possibly a vaccination site in the future.

CALL TO AUDIENCE

Rhonda Williams a new resident on Hollywood, asked several questions regarding the ordinances concerning violators of the snow and trash ordinances. She said that the DPW stated these violations are handled through the Public Safety department and rather than call them she said that she feels the Public Safety Department is already overworked and she maintains that the DPW should handle this and that there should be more resources used.

CALL TO COUNCIL

Councilperson Toussant congratulated the Public Safety Dept. for their assistance and cooperation during the snow emergency.

Councilperson Sawicki thanked the DPW for the great job they have done with snow removal and then reminded everyone to clear their walkways without too much exertion to make it safe for pedestrians.

Councilperson Paiz shared she was selected as the voting delegate at SEMCOG. She mentioned a Kaiser K9 fundraiser coming up in the spring. She then said following the discussion at the last meeting regarding censure she found that the City does have an ethics ordinance in place and Councilperson Costantino did not violate this ordinance. She mentioned she would like to see the ordinance updated. She said now the meetings are on Youtube and she is thankful that residents who couldn't attend at 5:00 p.m. can now participate.

Councilperson Williams thanked the DPW for snow removal saying that it was a phenomenal job as always. She then stated that if residents have issues they can contact

City Offices, City Manager, Public Safety and Council members as everyone is quick to respond. She stated that we are a small community so our Public Safety department is very accessible and responsive even for minor situations.

Councilperson Costantino thanked all the City staff saying the employees really care and always do the best possible job. She mentioned that she understands the concerns of Ms. Williams on Hollywood and urged her to call the non-emergency number for her concerns. She shared that the City did have a code enforcement person in the past and said maybe this could be revisited. She reminded residents to reserve March 23 at 7:00 for a virtual Public Safety meeting about cyber security and safety.

Councilperson Lyons echoed Ms. Costantino and invited all to attend the Public Safety meeting. She mentioned that she will be hosting virtual meetings next month on returning to learning and vaccine distribution and the next phases. She then asked when the next ordinance meeting is scheduled and that she wanted to make sure the Public Safety Commission is followed up as well. She stated she thought Safebuilt was responsible for code enforcement and can assist with ordinances.

Councilperson Toussant said he is excited about the workshop and panel discussions and that he is looking forward to this event.

Ms. Courtney, the cities representative to the Detroit Area Agency on Aging, explained that they serve the five Grosse Pointes, Hamtramck, Highland Park and Harper Woods. They provide meals on wheels, or if you contact the Helm they can provide meals to go as well. She shared that they have partnered with WSU for distant learning videos on a number of topics including diabetes care, fall prevention and many more topics as well as other in person classes and information can be obtained through the website, www.detroitseiorsolution.org.

The Mayor thanked the DPW for the job they do for which she is thankful and proud. She shared that she has been asked to prepare a letter of support for the Harper Woods School District and Ascension for opening a health center at the High School that will address health issues that include mental health during Covid. She stated she is glad to be able to partner with them on this. She announced there will be a soul food dinner held on February 19, prepared by the CCI, saying they provided a great meal at Thanksgiving and she is looking forward to again providing meals for several of the City's employees.

CALL TO AUDIENCE

Rhonda Williams questioned the city's policies on evictions and what effect vacant homes have on the city, stating proactive measures should be in place. She also asked if volunteers could be utilized for code enforcement purposes throughout the city.

Nancy Courtney provided an update of the upcoming events through The Helm and benefits of becoming a member.

Larry Hakim offered transportation to anyone scheduled to be vaccinated at the WCCCD site on Thursday.

David Calus thanked all who participated and coordinated the vaccination program. He then commented that even though Beaconsfield was reduced from three to two lanes, there are cars that drive in the parking lane and it is concerning.

CALL TO COUNCIL

Judge Coleman stated that the comments Attorney DeWaele made regarding evictions was thorough and that she had nothing further to add other than court staff are recommending that anyone going through this can contact Lakeside Legal for help.

Councilmember Williams thanked everyone involved in getting the vaccination program to our community.

Councilmember Paiz shared that Harper Woods residents can call tomorrow to get an appointment for the vaccine and that they will be administered on Thursday on the WCCCD campus. She also asked if City Manager's return date is still April 23. She then

asked if he has been in contact with staff or Council.

Councilmember Sawicki shared her sympathy with those that may go through the eviction process, but also feels that the concerns about vacant homes is premature as most likely once the homes are vacated, there will be new tenants occupying the homes.

Councilmember Lyons commented that March is Women's History month and it is also Reading month. She also responded to the code enforcement comment stating that the NEDC groups and the other neighborhood groups are always looking for volunteers and there are many members that also help residents clean up their properties. She also suggested that the City reach out to Grosse Pointe Park as they have recently formed a diversity council and we might benefit from their input. She questioned whether the City has any updates regarding the Parkcrest Inn and if there were any updates to the charter revision committee.

Councilmember Toussant mentioned that he had shared the information that the City is seeking public safety officers and the feedback he received was that many aren't interested due to the requirement of having to also be a firefighter.

Councilmember Costantino reminded everyone about the Cybersecurity workshop that is scheduled for March 23 on Zoom.

Mayor Kindle said that an Ordinance committee meeting will be scheduled in the near future. She then thanked everyone who assisted in getting the vaccine program up and running and those that volunteered to help on Thursday.

The regular City Council meeting held via Zoom video and phone conference program was called to order by Mayor Valerie Kindle at 5:00 p.m. with a moment of silent prayer, followed by the Pledge of Allegiance to the Flag.

ROLL CALL

PRESENT: Mayor Valerie Kindle, Mayor Pro tem Cheryl A. Costantino, Councilperson(s) Ernestine Lyons, Veronica Paiz, Vivian Sawicki, Ivery Toussant, Jr. and Regina Williams. (All Councilmembers indicated they are attending the meeting virtually in Harper Woods, MI)

ABSENT: None.

OTHERS PRESENT: Acting City Manager John Szymanski, City Attorney Sharon DeWaele and City Clerk Leslie M. Frank.

PRESENTATION

Representative Brenda Lawrence was present to update Council and residents on various legislative issues and topics and to answer questions. She spoke about the passage of the House Rescue Act which includes stimulus checks for COVID relief and gave vaccination information and announced that approximately 6000 vaccines will be administered at Ford Field. She addressed the need for schools to reopen with better ventilation and vaccinated teachers and shared that direct aid will be provided to school districts. She shared that this aid will also include loans for businesses, women and people of color and that the City will get a share. She spoke on gun control, the immigration bill and the George Floyd Community Justice Policing Act which, in part, will change the culture of law enforcement with specific training to build integrity and trust, improve transparency and will work toward ending racial and religious profiling.

PRESENTATION

Brittni Kellom was present to share what the initiative of the Independent Citizens

Redistricting Commission is. She explained that upon the completion of the 2020 Census, Michigan will draft and enact new district maps, drawing new congressional and state legislative district boundaries. She then answered questions.

CALL TO AUDIENCE

Ms. Courtney, the DAAA representative, spoke about a proposal for a 'good, old-fashioned party line' for seniors' who are homebound and feeling isolated. This is currently being developed at WSU and orchestrated by the Healthier Black Elders Center.

Mr. Hakim volunteered his services to help collect addresses for sidewalk repair. He commented that the City needs to stop pampering residents who can afford repairs to their homes including driveway approaches and sidewalks and, further, that there are a number of houses and garages in disrepair, some of which are on Lancaster. He said that though houses are being tagged, months go by and they are still in disrepair. He mentioned that there are many unleashed dogs on the soccer field near Tyrone school and there are no longer any signs posted prohibiting this. Finally, he questioned if Lowes or Home depot can be fined for not repairing their roads at Eastland.

Mr. Calus mentioned that the Parkcrest Inn hasn't been brought up in quite some time or put on the agenda for discussion. He then stated that he thought he was part of the ordinance committee due to his participation with the development of the dog friendly park at Salter and said there is a need for the committee to meet soon. He stated that the alleys on Kelly are in horrible condition and look very trashy. Next, he mentioned that he hopes the administration takes his comments regarding the single lane on Beaconsfield seriously. He also reminded Council of his sidewalk issue with DTE and asked if the ride-along program in the public safety department is back yet. Lastly, he mentioned the cybersecurity workshop to be held on March 23 and asked when residents will get an Eastland update.

CALL TO COUNCIL

Councilperson Sawicki wondered when the City would learn anything about the Slater case saying there has been no news. (The acting City Manager stated that the Wayne County prosecutor is still holding this matter and we have not been given any new information.) She mentioned that she thought there was no on street parking allowed anywhere on

Beaconsfield. She then said she was looking forward to the Redevelopment Ready Community plan from McKenna and said the 2nd vaccination for those that participated at the WCCCD will be next week.

Councilperson Toussant shared the information he got at an MML workshop he recently attended including the resources available to communities for road repairs, the Headlee Override and road bond issues.

Councilperson Lyons stated she is frustrated with the community not cleaning up and shared that the NEDC group will be organizing a clean-up on April 17, May 15 and May 22. She encouraged everyone to get involved. Next, she announced the MML CapCon event and the women's history month events at the Library. Lastly, she spoke if any did a follow-up with the committee in Grosse Pointe Park and their successful search for Public Safety officers.

Councilperson Paiz asked if CDBG funding could be used for the parking lot behind the NEDC which she feels is dangerous, badly lit and in need of a security camera. She then mentioned that the CDC tracks vaccination side effects on their website and suggested that anyone could report them there. She again thanked the Mayor for pulling the vaccine event together saying it was especially well done considering the short notice given and also it was great to see the community work together. She mentioned she recently spoke to the director of the Helm and was given a tour of the facility which she found very nice with social distancing, online class areas and lots of space. She shared some of the upcoming events.

Councilperson Costantino reminded all about the cybersecurity workshop scheduled for March 23.

Councilperson Toussant mentioned an update to the PSO's "fulfill the dream" flyer and that he recently had the pleasure of joining the mayor delivering flowers to Park Place.

Councilperson Williams thanked Representative Lawrence saying it is important to understand what is going on and what she is working on. She then said she is looking forward to the MML CapCon starting tomorrow. Lastly, she mentioned she was waiting for a report from the Charter Committee.

Mayor Kindle shared that through the DAAA, seventy chromebooks were given to Harper Woods residents with instructions on how to use them.

CALL TO AUDIENCE

Mr. Bob Gray asked if traffic will increase with the opening of the new Tim Horton's.

Ms. Donna Miller thanked Councilpersons Paiz, Sawicki and Lyons for responding to her email concerning leaf burning on her street. She said the ordinance should be addressed to include other types of burning and only allow propane heaters as they don't give off smoke.

Mr. Will Smith thanked all who worked to get the basketball courts up and said he is looking forward to this and it is positive for the community. He then said he found it disturbing and unfair to categorize the City Manager as leaving his job when he is under government orders especially as the attorney advised against this. He said shame on those who didn't respect the attorney's advise on this issue.

Ms. Nancy Courtney gave a DAAA update and mentioned the medicare classes scheduled this week by Zoom or phone.

Ms. Mary Paglia thanked Mayor Kindle for the vaccine clinic and said she worked both clinic events and it was a great turnout. She then mentioned there were comments on Facebook regarding the City not being transparent in the Slater case. She asked that someone comment on this as the case that was heard in district court recently had nothing to do with the Slater case and that the County Prosecutor has not provided anything new on this matter.

CALL TO COUNCIL

Councilperson Costantino said that while attending a MML workshop she learned that COVID funds can be used to recruit officers. She then mentioned the problems at the Parkcrest Inn and asked what is being done with this matter. (Chief Smith responded that there are some calls regarding narcotics and he advised that they will continue to monitor this and report back.)

Councilperson Sawicki stated she is also concerned about the Parkcrest Inn and questioned how long we should continue to monitor this. She then said she served on Council with former Councilperson Velardo and he was an honorable member. She said he served on the Dad's Club, Little League, the Lion's Club and twenty years on City Council. She encouraged residents to step up to the kind of service of Mr. Velardo and others like him and stay involved to make our community a better place.

Councilperson Williams said that the traffic calming devices around the schools are found to be a nuisance to some residents but that the safety of the children should be the number one priority. She then said she would like to see the City assist more residents with their sidewalk replacement especially since this can be due to lifting trees and such issues.

Councilperson Toussant mentioned his confusion with the vote to table or not table the motion earlier.

Councilperson Lyons thanked the library for partnering with her for women's history month and reading month. She then questioned what is the process to apply for CDBG grant money. She then commented about the Insider being funded by Public Act 359 and further that she did not recall seeing political propaganda in this newsletter before, especially in an election year.

Mayor Kindle stated that the article in the Insider didn't have anything to do with politics but rather as Mayor these are the things she is currently working on in the City. She apologized if this was offensive to anyone but that was not at all her intent.

Councilperson Paiz mentioned she attended an MML webinar and that the water shut off moratorium has ended and the shut offs were only for vacant homes and also evictions have been extended until the end of June. She informed all of an upcoming K9 fundraiser at Redeemer Church and that a plush toy replica of Kaiser will be available for a \$50.00 donation. She then spoke about the vaccine clinic saying that C & G newspaper was there and it was great to see firefighters representing Public Safety. She also mentioned Ms. Miller's concerns about the ordinance with regard to leaf burning and thought fire pits should be addressed as well. She then spoke about the City Manager issue saying since we can't mention him in meetings or in private, how can there be discussion regarding this employee or his performance? How can it be addressed that he is working with certain employees but not with this Council? (The City Attorney responded stating that she did not write the law that protects military personnel, but it is to protect employees from being discriminated against because of their service and the City runs a risk discussing this in open forum. Also, there needs to be caution of placing any demands on him during his active duty. There is also a risk if the reason for termination is due to his absence for a year or that he didn't communicate during this time.)

Councilperson Williams shared that the MML workshop on cyber security was great and she suggested looking into other workshops on this subject. She then mentioned a rat problem has increased in the City and should be addressed. (The DPW director said this can be helped by educating residents to pick up after pets, use garbage cans with tight fitting lids etc.)

Mayor Kindle thanked our firefighters for their assistance with the vaccinations. She further stated that several older ladies requested their dose be administered by one firefighter in particular. She said that Wayne County Health Department would like to have another clinic though there are not set dates yet. She thanked all who assisted in the event and shared that there were many kudos on how the City handled it and that Director Smith will be giving special commendations to all the firefighters at a later date.

Mr. Calus said he has been expressing his concerns about Safebuilt for 2 years and still is concerned about their invoices and their code enforcement. He mentioned he has been misled by the city manager in the past that the code enforcement and the ordinance department being the same and they are not. There is also concern that they are not open on Fridays. He then referenced a home that was condemned one day and 7 days later, without permits or inspections, is now considered habitable.

PUBLIC HEARING

Councilperson Williams asked how long the City has been requesting these mills and was informed that 2012 was the first year.

Councilperson Sawicki said she would like to see the City cut the assessment by several mills to the minimum needed, especially if we receive money for pandemic relief as the residents need some relief.

Councilperson Toussant stated he recently toured the city hall facility and would like to see some of the funds collected with these extra mills put toward improving police and fire facilities, especially the restrooms. This and other improvements might help to attract more officers.

Councilperson Sawicki mentioned that she had attended an MML meeting earlier today and in reference to this she asked if any federal or state money will come to the City to train Public Safety officers in mental health or societal issues.

Councilperson Costantino suggested due to short staffing the City could possibly hire a Social Worker to then be qualified as a public safety officer instead of training officers in social work as a means to assist our officers. She then said she would also like to see a reduction in mills for our residents since all have been hit hard by COVID-19.

NO: None.

RESOLUTION ADOPTED UNANIMOUSLY

CALL TO AUDIENCE

Mr. Calus said that he commends the action of acting City Manager John Szymanski in Joe Rheker's absence. He then offered to do code enforcement since he has continually brought up his concerns regarding Safebuilt. Next he commented on social media saying the post he wrote on Facebook was intended for a closed group and he mentioned he is aware that the Slater matter is a touchy subject in district court.

CALL TO COUNCIL

Councilperson Sawicki said that there have been complaints about outdoor burning causing smoke to drift into neighbors windows and while she enjoys occasional fire pit burning she has forwarded information to the City and that we can create ordinances to restrict outdoor burning pits.

Councilperson Paiz spoke about the second vaccination clinic held recently, thanking all the participants and volunteers. She also thanked C & G News for an article revolving around the event saying it was great publicity and another great story that reported on the food bank with volunteer Shonda Davis and the Mayor. Next she gave a reminder about the May 15 K-9 fundraiser.

Councilperson Williams asked with regard to pandemic relief if the City has a specific use for funds once received and was told the use must be COVID related. She then stated that at the last meeting she brought up the rat issue and has since received a letter from the DPW and saw the related Insider article. She said that she already knows this information

as do many other residents and the City needs to do more. She said she has followed all the suggestions and there is still a rat problem. Next she said she is happy to hear about the RRC program and the possibility of a staff member to help our City look better. She mentioned that she has brought this issue up a number of times in the past and she would like to see the Charter Commission get moving. Finally, she stated the City has changed considerably in the last 50 years and the Charter needs an update and she then offered her assistance on the Commission.

Councilperson Costantino shared that home values in Harper Woods are going up according to the updates she receives from real estate groups. She said that many good things are going on in the City and that Harper Woods is rising up and blossoming.

Councilperson Lyons echoed Councilperson Williams' comments about cleaning up our City and that she would like to see a smaller event for Earth Day which encourages residents to clean up their own properties and their neighboring properties. She stated it is important to be an advocate for our planet and to focus on sustainability and suggested powering down all electricity for even an hour in an effort to promote this as well. She said she'd like to see a more cohesive effort to encourage new residents to have more civic pride including knowing the ordinance rules and keeping up their property, suggesting more information on the website.

Councilperson Toussant mentioned that because it is likely that most persons in attendance have been vaccinated that perhaps the meetings should be opened more.

Mayor Kindle stated that while civic pride and earth day are well and good, until we have at least a 40% vaccination rate we need to continue with the path we're on and not holding any City sponsored group events as we cannot compel employees or anyone else to vaccinate and as for Earth day we all need to do our part without the need for a special City event. She said further that we are all in this together and while still under COVID restrictions this should not stop anyone from helping out in their neighborhood. She suggested a shredding day or hazardous waste drop off site to encourage residents to do the right thing for our global climate. She next mentioned she has heard complaints regarding Home Depot including long lines and little employee service which is taking money out of our community since contractors are now patronizing other stores. She suggested the possibility of reaching out to their corporate offices. She then thanked all who participated in the vaccination event and said she hoped to get a testing site here as well in the near future. Finally, she said she may have information regarding summer jobs for ages 14 to 24 to share at the next meeting.

Councilperson Costantino asked if we could have an evening vaccination clinic for those that work during the day.

THE COSTS TO CONTINUE THE MAINTENANCE
OF POLICE AND FIRE PROTECTION

MOTION by Lyons, SUPPORTED by Paiz:

to open the Public Hearing on the levying of a 20 mill assessment to defray the costs to continue the maintenance of police and fire protection.

MOTION CARRIED UNANIMOUSLY

PUBLIC HEARING

Councilwoman Sawicki asked if there will be any Headlee rollback for these mills. (The acting City Manager said that the only rollback will be on the operating, refuse and library mills and residents will see a slight reduction in their taxes.)

Councilwoman Williams asked for a brief explanation of the 20 mill levy and how it may affect our tax base taxpayers. (The acting City Manager stated that these mills are necessary to continue to operate our police department, and our fire department at the current service levels and that this is a continuation of the levy, as in past years.)

Councilwoman Costantino asked what can be done to reduce these mills in the future without sacrificing service levels.

CM 05-65-21 CLOSE PUBLIC HEARING - 20 MILL LEVY TO DEFRAY
THE COSTS TO CONTINUE THE MAINTENANCE

ADOPT RESOLUTION - OPPOSING
ELECTION LAW CHANGES PENDING IN
THE MICHIGAN LEGISLATURE

RESOLUTION by Sawicki, SUPPORTED by Costantino:
BE IT RESOLVED to adopt the Resolution Opposing Election Law Changes Pending in the Michigan Legislature with changes to Paragraph 9 to reflect the modified language, "Harper Woods City Council opposes any change to election law that would restrict legally registered voters from exercising their right to cast a ballot in a free and fair election. (Attachment 1)

ROLL CALL VOTE

YES: Paiz, Sawicki, Toussant, Williams, Kindle, Costantino and Lyons.
NO: None.

RESOLUTION ADOPTED UNANIMOUSLY

CALL TO AUDIENCE

Mr. Calus asked if there was a way to control when a tenant is evicted so the rubbish companies can pick up their trash and it isn't left out for days at a time. He then commented on his understanding that the City is not using rat poison in the sewers. He suggested that the YouTube meetings show a grid view and not just a view of the person speaking so that Council's reactions can be seen. Lastly he asked for clarification on an amendment to the Charter and a revision and if there were any specific amendments that are being considered. He also commented that due to the number of candidates running this year, it might be wise to wait to see how the election turns out before holding a committee meeting.

Mr. Schenburn commented on airbnb's in the community and how they should be charged a tax. He then shared that he has had to cleanup in his area following the guests leaving these sites. He then asked if the speed bumps could be placed on his street to slow down drivers and possibly a stop sign at Kenosha and Landsdowne.

Mr. Van Lopes, a representative from Wayne County Executive Evans' office shared that he and others are listening to concerns from citizens and that they are available for

support. He then added that the COVID 19 vaccines are now available for anyone over 16 as well as masks and room filtration kits.

CALL TO COUNCIL

Councilwoman Sawicki offered the history of how and why the Charter Committee was developed and shared the difference between a Charter revision and an amendment. She then provided the procedure required for a complete revision and the extremely high cost that would result. She then mentioned that it was she who called the County Executive office since they had not posted updated COVID 19 information on their site. She then shared current statistics of the virus, including deaths and new cases. She also asked Mr. Van Lopes if the City should take more action to restrict people from gathering and to remind everyone to take this more seriously until we reach herd immunity or when 80% of our residents are vaccinated.

Councilwoman Costantino asked Mr. Van Lopes if an evening vaccination event could be held in an effort to get more people vaccinated that aren't available during the day. She then asked if the filtration kits are being offered to schools. Also that a discussion needs to be had at the next Ordinance meeting regarding the Airbnb's as she is in agreement that these need to be taxed and that specific information about the rules of our community should be posted for anyone who stays in one.

Councilwoman Sawicki suggested that the City Attorney research and prepare a draft ordinance regarding the Airbnb's for an upcoming meeting.

Councilwoman Paiz commented that during a recent webinar hosted by the MML, she learned that HB722 will be seeking to eliminate municipalities' ability to regulate short term vacation rentals and that this should be kept in mind when creating an ordinance. She then commented on the plan for re-opening businesses and entertainment venues and even lifting the mask order as more people are vaccinated in the state. She asked Mr. Van Lopes if there was any consideration to vaccinate shut-ins in their homes. (He stated that it is already being done.) She shared that she and Councilman Toussant will be hosting a virtual Memorial Day event and she will share details soon. Lastly she announced the pancake breakfast to support the K-9 program through GPAAS will be held on May 15 from 8 am until 11 am. There will be a stuffed animal likeness of Kaiser that will be offered for a \$50.00 donation.

Councilwoman Williams thanked the public for bringing up issues that she posted and spoke of at the last meeting and also to those that were seeking more information about rat control. She then thanked Councilwoman Sawicki for publicly clarifying the difference between amendments to and revision of the City's Charter. She announced that City Hall

has water filters for faucets available to residents that were provided by the Michigan Department of Health and Human Services. She then commented about noise issues around the community and asked for clarification about the city's noise ordinance.

Councilman Toussant spoke of his participation in the Council Advanced Core Program hosted by the MML and shared that the speakers were quite good, especially on the topic of inclusion and diversity. Lastly he mentioned that he worked with the Public Safety Director on a new flyer to assist in recruiting police officers.

Councilwoman Lyons thanked all who participated in the cleanup event she sponsored. She then offered that May is Mental Awareness Month and that a virtual workshop has been scheduled for May 14 via Zoom about mental health issues and also ways to stay fit with advice from experts. Then she suggested that with picnic season coming the noise ordinance needs to be enforced to keep loud music at a minimum and she agreed that the Airbnb issued needs to be addressed. Lastly, she shared that she would like to see a public safety commission or a civilian oversight committee formed.

Councilwoman Costantino announced that the Law Enforcement Task Force will be meeting on May 6 at Danbury Park at 7pm. She also mentioned that a household identification project is underway by the Eagle Scouts and they will be out painting addresses on curbs.

Mayor Kindle advised that the tax rolls are available in City Hall for anyone who is interested to see the exact amount their taxes will be after the levying of the 20 mills. She commented that she has seen many residents, formerly of Detroit, have brought the large rubbish bins to their homes for pickup by our trash hauler. This needs to be addressed as our hauler will not empty them. She announced that anyone homebound needing a vaccination can get one by calling 313-939-2126 and requesting an appointment. Later in the month walk-in vaccines will be available at WCCCD Monday through Friday and possibly Saturday. She then shared that through SEMCOG a 16 week program has been developed for summer jobs for our youth and she will provide more information as it comes. With May being Mental Awareness month, she also shared that the Easter Seals has a site to help determine if you or someone you know needs assistance with mental health. Our well being is so important now with continued separation from loved ones and a lack of interaction with people due to COVID 19. She invited anyone interested in applying to be a part of the Beautification Commission to do so. We want to highlight the beautiful homes within the city again this year. Lastly she thanked everyone for all that they do and that even though we may not always agree, we are all here for the betterment of the community. Also that she appreciates all of everyone's differences and input shared and that we are all here to serve the community, it's a team effort.

RESOLUTION OF THE HARPER WOODS CITY COUNCIL OPPOSING ELECTION LAW CHANGES PENDING IN THE MICHIGAN LEGISLATURE

WHEREAS, the right to vote is a fundamental right of every American Citizen and the foundation of a vibrant democracy, and

WHEREAS, the barriers to voting should be reduced so that every eligible voter is able to cast their vote and have it counted.

WHEREAS, more than 5.5 million citizens voted in the November 3, 2020 election for president, which was the most votes ever, and the highest percentage of voting age residents to cast a ballot in 60 years, and

WHEREAS, post-election audits of the ballots in Michigan confirmed that the November 2020 election results were accurate, and

WHEREAS, over 60 lawsuits were filed both in Michigan and around the country alleging voter fraud and no election fraud or other irregularities were proven in any of those cases, and

WHEREAS, despite the fact that there was no evidence of wide spread election fraud in Michigan, the Michigan legislature is currently considering a 39-bill package of election law changes, and

WHEREAS, the proposed bills would make it more difficult for voters to cast absentee ballots by limiting the availability of ballot drop boxes, shortening the time to return an absentee ballot, prohibiting city clerks from paying for postage on absentee ballot return envelopes, and requiring citizens to provide a copy of their ID when requesting an absentee ballots, and

WHEREAS, Secretary of State Jocelyn Benson has stated that the package of bills introduced by the Republican legislators "harms our election system or restricts Michigan citizens' hard fought freedom to vote." (Detroit Free Press, April 21, 2021).

NOW THEREFORE BE IT RESOLVED that the Harper Woods City Council opposes any change to election law that would restrict legally registered voters from exercising their right to cast a ballot in a free and fair election, and

IT IS FURTHER RESOLVED that a copy of this resolution is to be sent to State Representative Tenisha Yancey and State Senator Adam Hollier.

CALL TO AUDIENCE

Mr. Calus expressed his concern with the CDBG repair project stating that he has not heard from anyone regarding his application and subsequent approval. He then commented on the need for an Ordinance Committee meeting being scheduled, the virtual Memorial Day ceremony that is being planned by Councilmembers Paiz and Toussant, and his thanks to those that participated in the community cleanup that was organized by Councilwoman Lyons. Lastly he thanked the Judge for making those sentenced with community service do the service here in Harper Woods.

CALL TO COUNCIL

Councilwoman Paiz announced that at the K-9 Fundraiser/Pancake Breakfast was well received, 125 breakfasts served and approximately \$600 raised. She then reminded everyone about the virtual Memorial Day that is being planned for May 31 at 10:30 via Zoom and asked that anyone interested can send her pictures of their Veteran family members that have passed for a tribute she is preparing.

Councilwoman Sawicki extended her thanks to Ms. Lombardi for her excellent work for the community over the years.

Councilwoman Costantino shared her concerns with AirBnB's and the need to regulate them in our community.

Councilwoman Williams asked if the Juneteenth celebration would still be held this year as it is an outdoor event. (The Mayor said that WCCCD will be hosting it this year)

Councilwoman Lyons commented about the community cleanups that have been organized recently and announced the next one will be on May 22 beginning at 8:30 am. She then thanked the experts who were involved and all those that participated in her recent health and fitness forum, and that it was well received. Next she mentioned that a group of Harper Woods alumni that organized the BLM protest last year have developed a newsletter called The Compass and that the content is about different issues and the articles are inspiring and well written. She then mentioned that vaccinations for shut ins has begun and the walking club of Salter Park meets again on May 29 at 10am.

Councilwoman Paiz mentioned that testimony will be heard tomorrow regarding HB4722, which deals with short term rental properties, and she is sad that our State Representative is sponsoring this bill which could take local control away.

Mayor Kindle announced that WCCCD will be administering vaccines daily, 8 am to 3 pm on Monday, 9 am to 3 pm on Tuesday, Thursday and Friday and from noon to 7 pm on

Wednesday. Also that we are in the second week of administering vaccines to those that are homebound. Next she mentioned that the Wreath Ceremony will still take place at Johnston Park on Memorial Day, but there will be no additional services. She spoke of the American Family plan and how it will support families, single parents and working people caring for their loved ones in several aspects including childcare, education and paid leave.

CALL TO AUDIENCE

Corrine Martin of GPAAS spoke about the can and bottle drive fundraiser held at Brownell School. She said they overwhelmingly received two to three hundred bags of cans and only one student and parent came to take them to Kroger resulting in many garbage bags in front of the GPAAS building. She sent out heartfelt kudos to Mayor Kindle for picking up the bags along with D.P.W. on Saturday night and donating this to the Lions Club as well.

CALL TO COUNCIL

Councilperson Williams extended her condolences to Councilperson Lyons and her family. She next mentioned she was looking forward to the Juneteenth event and was saddened she was unable to attend the Memorial Day ceremony.

Councilperson Toussant also extended condolences to the Lyons family and asked to be informed on the service plans. He then thanked Councilperson Paiz for the Memorial Day ceremony which has inspired him to seek out more veterans for next year and also thanked her for allowing him to act as co-host.

Councilperson Sawicki offered her condolences to Councilperson Lyons. She then said that during a recent interview for planning commission candidates, it was brought up that having garbage bags tied to the fence on the overpass is not effective and isn't appealing, and that perhaps a more permanent receptacle would be better. Also she said that doggy bag dispensers at Salter Park should be revisited. She next asked for an update on the Parkcrest Hotel and if action should be taken and also for an update on Tim Horton's. (The acting City Manager responded that calls on the Parkcrest are down 50% and while there is some narcotic activity there is less serious crime. He then shared that we may see activity at Tim Horton's in September or October.)

Councilperson Paiz thanked Councilperson Toussant for his help with the Memorial Day ceremony. Her thanks were extended to Reverend Dawson, Shirley Cotton who sang the anthem and the Scout Master of Scout Troop 273 for leading the pledge. She then thanked Representative Hollier, Commissioner Tim Killeen, and Daniel Palmer who spoke about a Harper Woods resident who died in Vietnam.

Mayor Kindle began by extending her condolences to Councilperson Lyons and her family. She continued by saying that she appreciates her attendance at this meeting during this difficult time and commended her dedication. She next said that the Memorial Day ceremony was fantastic and gave kudos to Councilpersons Paiz and Toussant. She then shared that Wayne County Community College District will be hosting the Juneteenth celebration on June 19 at their Harper Woods campus in conjunction with Eastpointe, rain or shine. She concluded with a Beaconsfield update mentioning a pre construction meeting this week.

RESOLUTION ADOPTED

CALL TO AUDIENCE

Mr. Smith expressed his disappointment in the decision made tonight and remarked that this was a not well thought out scheme and suggested that the Mayor and Councilman Toussant should feel shame, and further that the decision was hurtful and for personal reasons, not with the public in mind.

Mr. Calus expressed his disappointment also and agreed with Mr. Smith's sentiments. He then stated that he has in the past had personal issues with Mr. Rheker and some community issues as well, however, the decisions made tonight were personal and they do not belong here. He then stated that in November things will change.

CALL TO COUNCIL

Councilwoman Williams stated she makes informed decisions to the best of her ability and that she doesn't just go with the flow and that she feels that there was a lack of information prior to this vote and she is embarrassed by decision made. She stated that the public should take a good look at the candidates this November.

Councilwoman Sawicki said that she says a prayer prior to each meeting so that she does the very best for the community and she believes that she has.

Councilwoman Costantino stated that there are no words to describe this tonight and that there is a potential legal exposure that has been brought onto the taxpayers with this decision. She commented that he was a change agent that cleaned up several issues, even though she didn't agree with everything he did. Lastly, she thanked Mr. Rheker for his service to the country.

Councilwoman Lyons stated that she was embarrassed by her colleagues and this reflects poorly on all of them. She commented that while the Mayor publicly thanked the previous Mayor for his assistance in the new developments, she felt that if Mr. Rheker had been here during this last year, he would have been very instrumental in making these developments happen, with all of his connections as well. She followed up with this will being so much negativity to the community and that a change is needed. She then thanked Mr. Rheker for his service to the community and our country.

RESOLUTION ADOPTED

CALL TO AUDIENCE

Ms. Lori Boyd, a 24 year resident of Elkhart asked how she can get speed bumps on her street stating that she has submitted petitions for this to the police chief.

Ms. Rebecca Anderson said she received an email to attend the meeting and said that she attended a class where the Mayor copied her work and both were asked to leave the class and she wanted residents to know.

Mr. James Dennis asked what is the status of DTE since in the last few years he has lost

power 13 times. He said we pay for service to the community and the excuses of wind, trees etc. should have been addressed. (The acting City Manager responded that we have been in conversation with DTE and that in many instances it is the trees that are causing the outages and many of these trees are located in backyards and private property. DTE is making an effort to reach out to the community in response to the outages.

Mr. Gerald Ervin stated his power has also been out several times and it was due to outdated transformers. Next he said speeding is a problem on his street and he is concerned with the children. He then said infrastructure of the DTE grid needs to be fixed and the prices of DTE are going up and nothing is getting better.

Mr. Calus said that the last meeting was not officially adjourned then the meeting came back on and was then adjourned and comments weren't allowed nor were the minutes on the website. He asked if the City would be giving any official word on the Slater case especially since the officers involved are back. Then he said he was happy about the baseball camp and thanked DPW for the Beaconsfield project and keeping all informed. He said he is also glad for the investors at Eastland then mentioned the flood forms and clean up kits and asked if residents will receive funds from FEMA.

CALL TO COUNCIL

Councilperson Costantino asked if an Ordinance Committee meeting could be set up soon.

Councilperson Sawicki suggested a community meeting to address DTE issues with residents so they can be informed of steps to fix problems. She then said that MML is promoting the foundation, Servemicity, and she thought it was a great initiative for planning, access to money, service to the community and more. She addressed Mr. Calus's comments on the flood forms saying it is to inform the City of the extent of damage not for FEMA to give direct funds to residents. (The acting City Manager stated the City gave the information to the County and they are working directly with FEMA and 43 cities were affected.) She said she noticed that GLWA provided claim forms to other communities. (The acting City Manager was told that Grosse Pointe Woods had sewage and flood water so the damage is different.

Councilperson Paiz thanked Brenda Lawrence for her attention to Harper Woods and the news media following the recent floods. She commented that our state and senate representatives should have been more involved as well. She next stated that she does not take her voting on any matters lightly, especially regarding the City Manager's contract and she believes Councilperson Lyons social media comments might be libelous.

Councilperson Toussant spoke about Eastland and how the developers plan to create water retention ponds saying that this will alleviate some of the impervious land which causes the City to pay a high fee for Milk River. He then thanked acting City Manager Szymanski for getting the City back into the Torrey Road pumping station or flooding may have been worse and he also thanked the DPW for a large pot hole repair.

Councilperson Lyons stated she is entitled to her opinion and her use of social media to share her feelings. She mentioned the NUMEN basketball event saying it was a great event and it is good that the City is having these camps for the community. She said a resident has shared their concerns with her regarding the burning of debris and leaves creating excessive smoke. She then asked what is the plan for replacing the City Manager and if we are planning to pay severance, especially since the City has opened itself to a potential lawsuit. Next she said the City should give the residents more information when there are flooding events and inform them about our infrastructure. Lastly she thanked representative Lawrence and representative Hollier for reaching out to the community.

Acting City Manager Szymanski stated he never planned on being the permanent City Manager and felt that he is doing a good job in this temporary position and that many talented people will want the job and bring new vision to Harper Woods.

Mayor Kindle thanked Officer Pauley for his heroic actions that saved a life and wanted him to know that the City recognizes his bravery and his service to our public. She stated that DTE has been contacted and that the City has demanded answers about the recent power outages and we expect a response. She also asked them to provide more information to residents and a potentially prepare a presentation for the public in the near future. She further stated the DPW deserves kudos for going above and beyond to aid residents with flooding problems and worked to get things quickly back to normal. She shared that she saw a group of children attempting to go to the library for an activity which was canceled due to flooding and that she wished there was an alternate site available for the kids, especially since they are home for the summer and need activities. She then said that due to the expense of going through MML for the employment of a City Manager, we will only use them to post the advertisement for the position on their website as well as on our own and we will have something very soon. She said next that the basketball event held was a great program with many people involved and that Mr. Smith will bring the same type of enthusiasm and participation with the baseball event.

CALL TO AUDIENCE

Mr. Calus shared his concern with the Marijuana Ordinance and that the ordinance committee hasn't met. He also commented about the drivers on Beaconsfield that are disobeying the signs and causing disruption in the construction area. He suggested that the police issue tickets. He also asked about the live scanner feeds and why Harper Woods no longer has the ability to send out the feed. Lastly he thanked the Planning Commissioners for their efforts and hard work with the Eastland Project.

Mr. Smith spoke of the recent Baseball camp that was sponsored by the City, the school district and NUMEN. He shared that it was well attended, successful and that it will be back next year, even better.

CALL TO COUNCIL

Councilwoman Costantino commented on the COAM agreement and that when it was first proposed several years ago the City was in financial distress and now our finances are looking better, but asked if this can be afforded. (The acting City Manager stated that this agreement was more of a housekeeping issue and the city is in a position to fund this.)

Councilwoman Williams commented about the summer baseball camp and suggested that with more advertising, more kids would sign up. She then offered condolences to Mr. Calus on the passing of his father.

Councilwoman Lyons also commented on the baseball camp saying that it was a success and that it is beneficial to the kids in the community and offered her thanks for everyone involved and that she is looking forward to next year. She then asked about the power outages as of late in the community and that residents are concerned as well and curious why it is happening so often. Lastly she offered her condolences to Mr. Calus.

Councilwoman Sawicki offered her condolences to Mr. Calus and echoed his comments about the traffic on Beaconsfield. She stated that drivers have been moving the signs and barricades to get through the construction. She suggested that the street may need to be closed to deter this. She spoke of the explanation from DTE that the outages are caused by residents not allowing DTE to cut their trees that are in the way of the power lines and offered that the residents could be fined in order to gain compliance. She then asked if DTE could provide us with a generator since ours is currently not working. She then asked about getting an update about the upgrades at Salter Park. Lastly she thanked the volunteers for thier cleanup efforts on Kelly Road and that they will be having a last

cleanup this weekend and all are welcome to join in and help.

Mayor Kindle commented that she is troubled about the lack of cohesiveness within the City Council members and the issues that are being spoke of on social media. The council shouldn't be tearing each other apart, and that everyone should do what is needed for their political gain, but we need to be kind to one another as this doesn't look good to the public. The residents deserve better and that we are all here as servants of the City and the City can't operate with everyone not getting along.

MOTION CARRIED UNANIMOUSLY

CALL TO AUDIENCE

Ms. Wilson shared her concerns about the continuous litter, rats, and threats from her neighbors and that she can't have family or friends over due to these concerns. She commented that she has reported this to the police department and hasn't seen any results.

Mr. Krass commented on the crime in his neighborhood. He offered a suggestion from an episode of "Caught in Providence" that utilizes cameras to take photos of license plates and issue tickets in an effort to stop speeders and other types of vehicular crime. Lastly he commented that the current acting City Manager should remain in that position as he lives in Harper Woods and has a vested interest in the community that the previous City Manager didn't.

Mr. Binder commented that the City did a great job handling the COVID vaccinations and that he had recommended that the news media do a story on the Mayor for all her efforts. He then commented about the crime in the community and that the Director needs to do a better job and the officers should notice the ordinance violators and address them while they are out patrolling.

Ms. Kafkas asked when the City would bring the recycling program back.

Mr. Van Pouker asked about installing a bike lane on Beaconsfield. He then commented that the former City Manager did a good job and should be brought back. Lastly he shared

a letter he received from SAFEbuilt regarding high grass.

Mr. Cadotte shared his concerns with quality of life and that it is not being met due to the noise of loud radios from cars and house parties. He also commented that houses are now being used as short term rentals and loud parties are being held with those renting not caring about the community and following the ordinances.

Mr. Jarvis shared that he is a candidate for City Council and that he has heard the negative comments about the police and he disagrees, it is the management of the city that is the problem, including the Council, the former and new Mayor as well as the former City Manager and the current one. He also asked what the plan is to address the library basement flood so that it doesn't happen again. Lastly he commented that he is currently running to serve and not to be served and he will serve this community.

Mr. Calus stated that he has asked for transparency from the City and that it is not happening. He continued by asking why the swearing in for a new officer earlier this summer was done with a photo op at the park and the same was not done for a recently hired officer. Also, why Officer Pauley hasn't been publicly recognized for his heroic actions saving a man caught in a vehicle on the freeway. He commented that the residents have not been told that the officers who were terminated last year were recently brought back and that Grosse Pointe Woods has pulled Harper Woods from their running card. With that happening and the development at Eastland happening, how would we respond to a large fire there, and that we should have a ladder truck. He further thanked two council members for sharing additional information regarding the PA33 issue with residents. Kudos were given to the Superintendent of Public Works and the great job he does and that he is very involved and works hard. Lastly he asked when the contractors would return to Beaconsfield to restore driveway approaches.

Mr. Ervin commented that he is running for City Council and that he had an opportunity to talk with his neighbors about how they feel about the current City Council and from his conversations, he decided to run to represent their concerns. He then stated that the City Council needs to work together in order to accomplish what is needed and respond to the issues brought up. With regard to the Eastland Project he asked what the owners plan to do for the community and that he wants to see them giving back and that this could be addressed in contracts with the owner and developers.

CALL TO COUNCIL

Councilwoman Costantino responded to Ms. Wilson and suggested that she contact the landlord with her concerns and that they could possibly evict them. She agreed that the police department has been spread thin and that the City is not receiving any interest in filling positions. She mentioned the crime prevention group that meets at the NEDC on

Kelly road and that could address the crime concerns with them.

Councilman Toussant shared that he reached out to the developers of Eastland regarding hiring residents for this project.

Councilwoman Lyons asked about the search for a new City Manager. She said that she like to have all of Council review the applicants. Lastly she asked when an Ordinance Committee meeting would be scheduled.

Councilwoman Paiz responded to residents' concerns regarding the library flooding, bike lanes, and the recycling program. She also commented that she is working with the MML to address the issue with PA33. With regard to a question she was recently asked about the former City Manager planning to outsource the DPW and the Recreation, she stated that was true and he did plan to do that. She then commented on the development at Eastland and that during the Planning Commission meeting jobs were addressed and that the fees for the Milk River drain will be reduced due to the detention ponds that the developers plan to install and that would be a great benefit for the tax payers. Also they plan to put in a wide sidewalk from Beaconsfield to Kelly for people to walk and ride.

Councilwoman Sawicki congratulated Anna Jochim and her Girl Scout troop for their efforts on the walking trail at Salter Park. She shared where the appropriate placement of candidate signs are according to the ordinance and commented about the use of cameras to ticket drivers is illegal in Michigan. She stated that there is a need to educate the residents about the ordinances, including the noise ordinance. The noise ordinance can only be enforced if a complaint is made and that the complainant must show up in court to testify. Additionally she commented on the recycling program and that Harper Woods was once known for the large volume of recycling that we did.

Councilwoman Williams responded to Ms. Wilson saying that she is pleased that this has been brought to their attention and that no resident should have to put up with this type of neighbor and that she should continue to speak with the Director. She followed up with the need to have more community involvement, attend the Ordinance committee meetings, volunteer with the crime reduction task force. To be involved means that change can happen. She then commented on the shortage of police officer applicants and her agreement about having a plan to address the library basement flooding. She then shared that she believes that a large amount of residents do care about the community they live in and those that don't follow the ordinance are merely uniformed about them. She then shared that one of the Grosse Pointe community's shares their crime information on their website and thought we should too. (The Harper Woods website recently added a crime dashboard.)

Mayor Kindle commented to Ms. Wilson that she too didn't receive the letter she sent to

all of the Council. She shared the issue with PA33 and addressed concerns stating that we are nowhere near laying off employees and that we are in a much better financial position than we have been in for several years. There is a plan and a plan B if necessary to address the police/fire millage. The need to work together is very important right now and she suggested that residents work to resolve issues with their neighbors if possible. Quality of life should not be ignored and that all residents need to be comfortable in their own homes. Lastly she mentioned the resolution regarding redistricting that was prepared similarly to that of our neighboring communities. She also stressed the importance of being in a similar district to that of the Grosse Pointe communities and part of Detroit as we share many services and collaborate with them, inclusive of the radio system, mutual aid and service contracts.

RESOLUTION ADOPTED

CALL TO AUDIENCE

Mr. Dick commented about his respect for the current City Council and administration as well as the former Mayor and Judge. He then expressed concern about noise violations saying it is a real problem.

Mr. Williams asked at what point are the plans for a commission for charter revision.

Mr. Robert Good stated that there is trash and an overflowing dumpster at the Eastwood Kelly gas station which blows all over when it's windy. He also mentioned that sidewalks are hard to navigate due to overgrown trees and bushes.

Mr. Cadotte said that short term rentals are a problem and the Ordinance Committee should move forward to prohibit them. He then asked about the process to replace lead water lines as mandated by the State. Next he said taxes are high in Harper Woods which hurt home values and he is anxious to see if taxes from Eastland help to alleviate taxes on homeowners.

Mr. Gerald Ervin mentioned the Kelly Rd. traffic light is not functioning at the cross walk and street lights are out. He also said the Charter revision needs to be addressed.

Public Safety Director Smith said there will be a crime reduction workshop overview on October 7 and he would like to form a committee to oversee this workshop.

CALL TO COUNCIL

Councilperson Williams stated that she has brought up the need for the charter revision commission several times and nothing has been done up to this point.

Councilperson Sawicki explained the difference between ordinances and the charter. She then shared that she received information regarding narcan training and suicide prevention to be held at WCCCD on September 30 at 7:00 p.m.

Councilperson Paiz mentioned that the MML website outlines a process for Charter amendment/revision. She next said that many communities are having difficulty with officer recruitment and that Senate Bill 483 will be addressing this issue. An analysis should be done to determine the factors that are causing recruitment issues. She said that she has heard that classrooms in Harper Woods School district are very overcrowded and explained that the City and the School District are separate entities and this issue should be addressed to the school superintendent and school board. She commented that the school resource officer is back on road duty. She then said she has heard of a fire/ambulance combination being discussed and while she has always supported the fire department, the City does not have the money for purchases and CARES money is for Covid purposes not salaries etc. She stated that the City has contracted with MedStar and they are the ones to address any issues and they handle the billing of those that use the ambulance service.

Councilperson Lyons stated that there is an MML convention next week and many members plan on attending. She next said that the Beautiful Neighborhood group has become a 501c3 and she hopes they will continue their clean up efforts. She then said that she felt the comment made by acting City Manager Szymanski implying immaturity about her previous motion was not fair or appropriate.

Councilperson Toussant expressed his thanks to the neighborhood picnic attendees.

Councilperson Costantino announced that there will be an October 7 workshop for fire safety week which is open to 40 people in our Fire Department. She then mentioned the committee should have been working on the charter revision for 2 years and that they have dropped the ball on this issue. She said further there is a number of ridiculous things in the charter that could be addressed for example, the clarification of electing the Mayor Pro tem and redefining public safety. She then commented that the City needs to find a way to reward commission members and encourage volunteers in their efforts. She stated that she felt the acting City Manager's comments were unnecessary and biased towards some Council members.

Mayor Kindle stated that a City Manager is accountable to all Council members and that includes the former City Manager as well who circumvented both the Charter and Council with the creation of the NEDC group and noted that many other groups have participated in clean-up efforts. She said further that it is time to put aside the past and that all residents want what is best for Harper Woods and we should move on from the former City manager who does not live in this community.

CM 09-140-21

NO: Lyons, Sawicki and Toussant.

RESOLUTION ADOPTED

CALL TO AUDIENCE

Mr. Jenny said the Council hired a self promoter and did not listen to the public.

Mr. Jarvis said the candidates were an impressive group. He then said that visions of Harper Woods were discussed by these candidates and that his vision of Harper Woods is we need to stop riding the coattails of other communities. He said Mr. Mays would have been the better choice because he knows how to separate his personal life and his work and that he is a man of integrity and he should have been chosen since it is his desire to be a City Manager. He said Harper Woods needs to stand on its own and Ms. Owens will be moving through here on to something bigger. He stated his vision is for the City to have at least \$5 million in reserve and Grosse Pointe should be calling and copying Harper Woods. He then said Ms. Owens must make sure that she benefits our residents and what works for Eastpointe may not work for Harper Woods.

A resident stated that Mr. Mays has the gravitas for the City Manager position and that the Council should state in the agreement with Ms. Owens that Harper Woods comes first.

A resident said they were disappointed in the choice made.

CALL TO COUNCIL

Councilperson Costantino said if one looks at the resumes, the overall picture would show that Ms. Owens is the best choice at this time because she will be able to update our master plan, our recreation plan and other things without any learning curve. She said she

is organized and the right choice for right now.

Councilperson Williams said she understands the concerns and was also on the fence but had to do what was best for Harper Woods. She said she didn't think Mr. Mays had enough experience and had not done enough research prior to tonight.

Councilperson Sawicki stated there is no need to justify her vote.

Councilperson Paiz questioned the no votes and asked for an explanation of their idea of a learning curve.

MOTION CARRIED UNANIMOUSLY

CALL TO AUDIENCE

Mr. Krass read an excerpt of a Supreme Court law from 1964 with regard to public comment and then asked if there was a reason why Mr. Szymanski isn't made the permanent City Manager.

Mr. Dick thanked Mayor Kindle for addressing the PA 33 issue in the recent issue of the Insider. He also asked that the Sunoco station at Kelly and Eastwood be given a violation, he recently saw them blowing their garbage onto the neighboring properties and in the street.

Ms. Kafkas asked for information regarding the Eastland development and if the money that the City will likely receive from this development would bring back the recycling program. She then commented on the bin at Beacon Elementary that collects paper is overfull and needs to be picked up. She then inquired if there was a list of snow removal companies that the City recommends for homeowners.

Mr. Calus commented on the parking lot repair at 20010 Kelly road saying it is long overdue, his driveway that needs attention following the Beaconsfield resurface project, and his concerns about a possible misunderstanding with a motion that failed at the last City Council meeting regarding the City Manager position. He also commented about the Charter amendments and the Code of Ethics as it pertains to the City Manager.

He then mentioned that a workshop is going to be held October 7 for Fire Safety.

Mr. Selburn stated his disappointment that the Mayor commented on a political issue in a taxpayer paid newsletter, the Insider. He then commented on the PA33 issue and said he felt that the 20 mills for the Police and Fire is just a shell game by the City and it is unfortunate that the City didn't see the potential rise in population sooner in an effort to get in front of this.

Mr. McBride commented on seeing rats in his neighborhood and that a Dodge Charger continually speeds down his block.

Mr. Schenburn commented about an Airbnb on Roscommon that is being rented out for parties and they are a nuisance. He suggested cameras be placed on these short term rental properties. He then commented about the home he recently sold where upgrades were made and no permits were pulled, he went on to say that SAFEbuilt isn't doing their job and the City needs to let them go and hire a full time building inspector and staff.

A resident on Lennon commented about the new water meters and that he had a high bill at one point of \$600 and hasn't since and feels he was overcharged mistakenly.

CALL TO COUNCIL

Councilwoman Costantino mentioned her solutions for keeping rats away, including picking up after dogs, not putting out bird feed, picking up brush and checking for holes under porches and decks where they live and putting in traps. She then commented on the Fire Safety workshop planned for October 7.

Councilwoman Lyons also commented on the Fire Safety workshop scheduled for October 7. She then gave an overview of the workshops that were provided by MML at their recent conference.

Councilwoman Paiz shared that GPAAS will be having a drive thru spaghetti dinner fundraiser on October 21 at the Amvets. She then commented that the Mayor, the acting City Manager and the Public Safety Director went to Lansing to advocate for the population adjustment for PA33. She also attended the MML conference where she was a moderator on a diversity panel. With regard to the complaint about the Sunoco gas station she asked if something more can be done to address this issue as it has come up many times in the past. In response to a resident, she commented that the City did address the population threshold issue with regard to PA33 last year and never received a response from our representatives.

Councilwoman Sawicki shared that the reason the City does not provide a listing of preferred snow removal companies is that if a homeowner is dissatisfied with the company on the list or there are legal issues, it could cause the City to be held liable for the recommendation. She also spoke of the rat issues residents are having and suggested that if rat bait is purchased, that it be pet friendly so as not to harm pets.

Councilwoman Williams commented that a listing of companies sounded like a good idea to be posted somewhere. She then commented about recent inquiries about the usage of the CCI building on Kelly that belongs to the school district, saying that the usage is up to the school district and the City has nothing to do with it.

Councilman Toussant shared that he thought the matter of the CCI building has been addressed by the school district.

Mayor Kindle commented about PA33 stating that even if the matter fails in Lansing, the City has a Plan B and that the City will continue obtaining the necessary mills to keep the departments running.

PUBLIC HEARING

Tim Conder of Northpoint explained the details of the redevelopment project and answered questions.

Mr. Williams shared his concerns about diesel fumes and the potential for hazardous material spills and asked if there was a plan in place to remediate these issues.

Mr. Krass also shared his concerns about diesel trucks idling in the lots and their fumes that can cause cancer.

Councilwoman Paiz remarked that the questions and concerns being expressed have been addressed at the Planning Commission meetings prior to these hearings tonight.

Mr. Dick asked what the length of time the tax abatement will be.

Mr. Hakim shared that as a planning commissioner, the issues being raised were addressed by Northpoint at Planning Commission meetings and that the process needs to move forward.

Mr. Buscemi, a Planning Commissioner, commented that this is a great development and it will help pick up the City. He further stated that he didn't want to see it fall apart at this point over issues already addressed.

Mr. McBride thanked Mr. Conder for his presentation and commented that the investors and developers are bringing significant revenue and improvements to the City and is confident that if any issues do arise, that he trusts our City officials will do the right thing for the community.

Mr. Schenburn asked if the developers were required to hire a percentage of Harper Woods residents for the project.

Councilwoman Williams suggested that if anyone had additional questions of the developer they could be asked after the meeting also.

Councilwoman Costantino opined that these developers are professional and not their first project and that they have responded to the concerns raised at the Planning Commission meeting and also at a City Council meeting. She further stated that this will be a great improvement to the City.

Councilwoman Paiz shared the history of the previous owner of the mall site and how it was left to erode away without any improvements and that the new owners paid the back taxes and utilities. She then commented that they have bent over backwards to appease the City on this project.

Councilman Toussant commented how the developers changed the design of the buildings and the appearance of them when they were asked to do so.

Councilwoman Sawicki asked when the next Planning Commission meeting will be held to review the site plans (The Planning Commission meeting has been scheduled for November 3, at 7:00 p.m.)

CALL TO AUDIENCE

Mr. Hakim thanked the developers for their attendance at this meeting. He also mentioned that all of the Planning Commission members have completed the Citizen Planner course offered through the MSU extension program and they all take their jobs as members of this commission very seriously. He then commented about the flooding that took place in June and that while he was able to claim some damages with his insurance company for a basement backup, he is unable to purchase flood insurance due to Harper Woods not being in a flood zone. He then followed this with his understanding that the City hasn't met all of FEMA's requirements to allow Harper Woods to declare as a Flood Plain area and asked for this to be looked into.

A resident on Lennon asked why the City chose to cancel the recycling program.

Mr. Schenburn commented on the short term rentals on his block and shared what Ferndale does to monitor these rentals. He then asked what could be done about the rental hall on Kelly as it is becoming a problem with noise and ordinance violations. He suggested that instead of speed bumps as a traffic slowing device that we move to traffic humps instead as Detroit has. Lastly he opined that SAFEbuilt is not doing their job as he is aware that the house across from him has been making improvements and hasn't pulled any permits.

Mr. Krass complained about cars speeding down his street and he shared an incident where a child was almost hit near his home. He then stated that the National Guard will come in order to get this under control.

Mr. Calus stated that Northpoint has a good reputation and he thanked them for accommodating the community with their redevelopment project.

Mr. Dick commented about the trash and noise issues in his neighborhood and how he and

his neighbors try to work together to curb these issues and he thanked the police department for their help with this as well. Lastly he thanked the DPW superintendent for his efforts and dedication to the community.

CALL TO COUNCIL

Councilwoman Costantino remarked that the recently held Fire Safety workshop was a success and that all those that participated had a good time and learned a lot. She then shared some upcoming events including the Budget adoption on November 1, the Beautification Awards on November 15, the Planning Commission meeting on November 3, the Tree Lighting on November 17 and the Ordinance Committee meeting scheduled for December 6.

Councilman Toussant mentioned that the parking lot behind the Kelly Rd building is just about complete and looks great so far. He said that the sessions during the fire safety workshop were great and that he is currently working with the Judge and the High School to educate students about the Court system. Lastly he shared that while he is excited about the redevelopment, he will certainly miss the stores and services that are within the mall.

Councilwoman Lyons thanked the DPW superintendent for his dedication and hard work, even during his own time. She also commented on the Fire Safety workshops, saying that the 'stop the bleed' session was informative. She then suggested that residents write to their Representatives to ask that more be done to require companies to use more recycled content in their products, so the need to recycle returns.

Councilwoman Williams asked if there was a coalition of any type between the City and the School District. She then shared that even though we may not agree with the audience or one another, it doesn't mean that we should not listen and that we need to be respectful when we provide answers as well.

Councilwoman Sawicki reminded everyone that November 2 is election day and to get out and vote. She also shared that the reason the school and city do not share committees is that it would involve having too much power within the two entities.

Councilwoman Paiz commented about the upcoming K9 fundraiser that GPAAS is sponsoring on November 21 with a drive-thru spaghetti dinner at the Amvets. She then stated that GPAAS raises about \$10,000 a year that provides a lot of resources for our K9 unit. She then commented about the concerns raised about SAFEbuilt and shared a court case out of the City of Troy with regard to their building department.

Mayor Kindle thanked Northpoint for their overview of the project and that she is looking forward to the development especially where taxes are concerned, as this development will raise property taxes for everyone. She further said that it was a great experience working with them and she can't wait to see the results. She then commented that speeding is definitely an issue and that it needs to be addressed. She will work with the Director to find solutions to this. She apologized for missing the Fire Safety workshops as she was attending a meeting to discuss the development at Poupard school. Lastly she invited everyone to attend the Lion's Club Pasta Dinner on November 6 at the Amvets from 5pm to 10pm.

PUBLIC HEARING

The acting City Manager gave an overview of the budget and its contents including each fund and their balances.

Mr. Cadotte said he was concerned about property taxes for 2022 because the rate of inflation is high and they will probably go up 5%. Taxes already high and with the millage it may be a hardship for some. He asked if the City will receive any money from the ARPA plan and said that high taxes are causing property values to remain low.

CALL TO AUDIENCE

Mr. Cadotte said that DTE is again charging Harper Woods residents a transitional recovery mechanism (TRM) fee. He said they are underwriting the cost of DTE taking over Detroit public lighting and we should complain to the MPSC because citizens shouldn't have to pay for this and we should protest.

Ms. Campbell asked who requested that the holiday decorations at the City sign be taken down and that it was disrespectful to the Tabron's who were responsible for putting them up.

Ms. Tabron said that she was disappointed that the decorations were taken down and that they should have been returned to them. She stated she has been volunteering since they moved here and that she and her husband take pride in the community.

Mr. Calus said that there are several Facebook pages that showed the decorations being put up, and that several city officials are on those pages, so the City shouldn't say they didn't know who put the decorations up, they should have known and asked to have them removed or returned. He said that the volunteers have been putting up decorations for years and that they are also candidates who are not well liked. He said in all his years of voting he has not seen hatred like this before.

A resident stated that when he moved here in 2005, the City was a dream and he was amazed how clean it was. He has always loved this community and his motto for volunteering is "just do it" and he does not see the point of punishing someone who just wants to do just that.

Mr. Williams asked about the charter commission. He said he hasn't heard anything about this commission planning to meet.

CALL TO COUNCIL

Councilperson Williams mentioned it is election day tomorrow and that the League of Woman Voters recently held a forum that all the Council and Mayor candidates were present. The video of this can be found on Youtube and she suggested that everyone watch it before voting.

Councilperson Paiz shared that the GPAAS fundraiser raised \$3,500 in donations. She said that Mr. Calus mentioned that Councilwoman Lyons was part of the group that decorated and wondered why she did not seek out direction from the City. She mentioned that in regards to the Charter Commission she is friends with a Dearborn Councilmember who mentioned to her that they are also looking to rewrite their charter and plan to elect commission members for this. She will keep us updated as they go through the process.

Councilperson Lyons stated that DPW was informed last year about the decorations so they were just done again this year. She said that she must be seen as the rebel here, and that she didn't understand the role of the Beautification Commission's and stated that they do not get along with the NEDC beautiful neighborhoods group. She then reminded all to vote and said it has been an honor to serve on Council.

Councilperson Toussant spoke about a field trip on November 18 that will give Harper Woods students an opportunity to attend court and this should be a good experience. He then said it should be a good Halloween this year with good weather. He mentioned the League of Womans voter forum and said the the NAACP also hosted a forum. He then said he has learned the Charter is important but that Unions supercede some of the charter and he said we should develop a business plan as well.

Councilperson Costantino said that people have been planting and decorating the City signs for years. She said that she has served on the Beautification Commission and this has not been a problem until recently. She said she feels that this issue is political and we should stop beating down our volunteers but treat them with respect. Next she shared that the Beautification Awards will be presented on November 15 and the Ordinance Commission will meet on December 6. Lastly she stated the election was tomorrow.

Councilperson Paiz asked the City Attorney's opinion regarding possible liability with volunteer groups.

Mayor Kindle said that all the volunteers have to do is follow proper procedures and that

we have rules to follow and this is what happens when the rules are not followed, letting people's feelings be hurt. She said she is sorry people are upset. She then said she is happy the election is tomorrow and that all of the nastiness, craziness, rudeness etc. will end and that a house divided is a house that fails. She shared that the Lions Club pasta dinner is on November 6 and we should support this group. She said that the City will look into the TRM fee on the DTE billing again with the MPSC. She mentioned that a group of people under the police chaplain patrolled the community for Halloween and offered traffic assistance so trick or treaters could be safe. She lastly said the Trunk or Treat event at Salter Park was great for a number of families.

CALL TO AUDIENCE

Mr. Hakim asked if there was any followup to FEMA and the flood plain for flood insurance. He then offered to pay for the first 1000 dog baggies if the City will put up dog waste stations at Salter Park.

Ms. Montgomery questioned parking permits saying that several cars that are parking in front of her house do not have permits.

Mr. Rochelle said that Harper Woods is a great place to live but is lax on code enforcement especially with parking permits and that leaf pick up is hindered when cars are parked on the street. Ordinances that are mentioned in the Insider as reminders to residents are not even followed nor are the homeowners ticketed. He questioned what good an ordinance is if not followed. He said many people don't cut their lawns and asked what happened to the car that drove through the community and issued warnings. He said further that speeding is an issue and speed bumps are necessary and garbage cans without lids cause rat issues.

Mr. Cadotte said the TRM fee from DTE is supported by the MPSC which is a bail out for Detroit, placing the burden on Harper Woods and other communities. He mentioned that lead service lines have been in the news lately and that Harper Woods needs to identify and replace these lines and that passing out water filters may not be enough. He asked if the City could install backflow preventers with the cost to home and business owners.

Mr. Derra asked about a recycling program saying he takes his recyclables to St. Clair Shores.

CALL TO COUNCIL

Councilperson Costantino said Harper Woods should have a 5 year tech plan and even though the City did convert to LED for cost saving we should convert to solar energy to operate our building. She then announced the Tree Lighting November 17 at 6:30 p.m. Next she said that during COVID we were softer on ordinance enforcement but now it is time to crack down on violators. She then said the next Ordinance Committee meeting will be on December 6, at 6:00 p.m. and she wished all a happy Thanksgiving.

Councilperson Toussant pointed out that the Police are also short staffed and can't see all overnight parking violations.

Mayor Pro tem Sawicki wished all a happy Thanksgiving. She spoke of several items at Eastland that would be great to have like the large stone garbage containers. She mentioned that she has shared information regarding doggy waste stations with the City Manager. Next, she shared an incident where she observed a black Charger with a young person hanging out the window racing through the City and doing donuts in front of her home. She was unable to get the license plate as it was obscured. Lastly, she stated how much she loves Harper Woods and those who disrespect the community must be stopped.

Councilperson Paiz said she liked that one of the candidates was present and still showing interest in the Community. She then gave an overview of the recycling program and why it ended. She commented about doggy waste stations and thanked Mr. Hakim for volunteering to donate. Next she commented on a bill regarding short term rentals and how it can effect our community. In regard to code enforcement she suggested that the ordinances that are most often violated could be printed on water bills or maybe a mass mailing of these ordinances could be done. Lastly she said that prior to the last meeting she was unhappy to see a resident yelling at the City Clerk and she feels that as an elected official she can stand to be yelled at, however the acting City Manager, City Attorney and Clerk should be off limits and shouldn't be yelled at and she would like to see a Police Officer at meetings.

Councilperson Williams stated she is in agreement with residents tonight especially regarding FEMA and requirements for obtaining flood insurance. She commented about using City funds to fix sidewalks when a City tree causes a problem and she mentioned the Infrastructure bill which will give cities funds to replace lead lines in the community. She spoke about the speed bumps we have in Harper Woods, which allow snow plows to go over them and then saying that we need more to stop speeders especially in the dark early morning hours. She said prior to COVID there were frequent police patrols and she would like to see that again and she agrees that more code enforcement is needed. Lastly, she said it appears that when she sees City employees out, they are working hard to keep the City up.

Mayor Kindle stated she is grateful for the support she received and she will be enforcing the codes and ordinances, making sure everyone follows the rules or they can leave the City. She further said that we all moved here because we liked the community, enjoyed the peace and upkeep and those who don't follow the rules should be ticketed. She said all should be on notice now and that she is proud of our city and we all have a responsibility to put Harper Woods back on track and keep it beautiful. She then mentioned that of concern to her is the issue of parking on the grass and why anyone would do this as she finds it unacceptable. She urged residents to call the City and report this and other violations. Lastly, she announced that on November 17 McDonalds will be giving away turkeys from 9:00 a.m. until they run out.

CALL TO AUDIENCE

Mr. Hakim commented that since there wasn't a quorum at the Ordinance Committee earlier today, will it be rescheduled.

CALL TO COUNCIL

Councilwoman Williams asked for an update regarding the flood plan information from FEMA that was raised at a previous meeting. She then mentioned her attendance at a meeting for new and local businesses and suggested that the City get involved to help out these local businesses.

Councilman Toussant asked about the FEMA flood insurance and stated that his homeowner policy includes water/sewer backups and asked if this was something different.

Councilwoman Sawicki shared that she is grateful that we have resumed our meetings on Zoom as the cases of COVID are on the rise and shared her recent experience with her husband who contracted it. She then commented that people need to take this seriously and get vaccinated.

Councilman Jenny thanked those who participated and those involved with the dinner for 10, and further that it's a great thing to do, so maybe another one can be scheduled after the first of the year or in between the holidays.

Councilwoman Paiz said that she was disappointed that the Ordinance meeting had to be cancelled due to a lack of a quorum and suggested that when this meeting is rescheduled that the committee could look into a revision of the animal ordinance to address pets that are left outside in the cold weather. She then commented on the vacancy that will take place next summer as the current Harper Woods representative is unable to continue on the Grosse Pointe Library Board of Trustees and asked for a volunteer for this position.

Councilwoman Costantino apologized for her absence at the Ordinance meeting and asked that it be rescheduled for later this month. She then commented on the vacancies that are on various boards and committees and said she would like to see new people volunteer.

Mayor Kindle expressed that it is the intent of the City to continue to educate ordinance violators and that they will be held accountable for violations such as parking on the grass, putting out their rubbish too early and not bringing in their cans after it is picked up, having RV's, boats and commercial vehicles in driveways. Lastly she commented on a new business she visited, The Taco Bar on Kelly and said that the food was great.

Councilwoman Sawicki asked if anything has been done about providing the waste bags for the dog friendly park and then asked if the annual calendar will contain ordinance information for the residents.

Councilwoman Williams also suggested that a new committee for the Charter be created soon to address possible updates.

CITY COUNCIL MEETING CHANGES - 2022

MOTION by Costantino, SUPPORTED by Williams:

To approve the changes to the City Council meeting dates as listed for 2022; January 3 to January 5, 2022 for the New Year Holiday; January 17 to January 19, 2022 for the observance of Martin Luther King, Jr; February 21 to February 23, 2022 for the observance of President's Day and September 5 to September 7, 2022 in observance of Labor Day, and further that the City will meet on June 13, July 11 and August 6, 2022, the second Mondays only of the summer months.

MOTION CARRIED UNANIMOUSLY

CALL TO AUDIENCE

Ms. Lyons commented about a letter written by the acting City Manager in the recent edition of The Insider and that she took offense as it was more accusatory than congratulatory in its tone. She advised that the acting City Manager should remain neutral on local city politics.

Director Smith introduced our newest officer, Larence McClendon and shared some of his background.

CALL TO COUNCIL

Councilwoman Paiz commented on HB 5351 that passed in the House stating that this

bill will offer personal property tax breaks for small businesses. Further she explained that while this helps small businesses, it also means less revenue for local cities. Lastly she wished everyone happy holidays.

Councilman Jenny wished everyone a merry Christmas and a happy New Year and then thanked Marybeth for all her hard work on the last drive to help the underprivileged in our area.

Councilwoman Williams wished everyone happy holidays and cautioned everyone to be safe out there, especially with the Omicron strain of the COVID virus.

Councilwoman Sawicki wished everyone a merry Christmas and happy New Year and then shared the recent COVID statistics and the need for everyone to get vaccinated. She also reminded everyone to wear a mask, wash hands frequently, social distance and be safe.

Councilman Toussant wished everyone happy holidays and said that he has enjoyed being a part of City Council so far and is looking forward to a prosperous 2022 and to get more things accomplished.

Councilwoman Costantino wished everyone a merry Christmas and happy New Year and asked when the Ordinance meeting will be scheduled.

Mayor Kindle commented about ordinance violators and that notices will be placed on future water bills reminding everyone about the ordinances that are most violated. She further commented that we all must be prideful of our community and keep it clean by doing our part and following the ordinances. Lastly she wished everyone a merry Christmas and happy New Year and Season's Greetings to those that don't say merry Christmas.

CALL TO AUDIENCE

Ms. Drozd of the League of Women Voters introduced herself and commented that she will be observing our meetings. She then inquired if the transcripts that accompany the City Council Zoom meetings could be available when the meetings are uploaded to YouTube.

Mr. and Mrs. Austin inquired about speed bumps on their street and also asked if they could meet with City Officials and the Assessor to discuss an issue they are having with their mortgage and title companies with regard to their taxes.

Mr. Maniaci commented that he would like to assist in instituting a Business Association in Harper Woods, as a means to collaborate with the current businesses and future businesses.

Mr. Lopes, Wayne County Ombudsman, mentioned the assistance that Wayne County offers, including rental assistance for back and future rent payments, utility payment assistance and relocation services. His contact information is klopes@waynecounty.com for anyone in need of these services.

Ms. McRae commented on the dogs on Anita street and the conditions that they allegedly were in asking if the ordinance committee would address living condition concerns for pets.

Ms. Martin of GPAAS commented on the living condition of the dogs, stating that much misinformation was put onto social media and not all facts were mentioned. The animals were not being abused and the owners were not in violation of any local or state laws.

CALL TO COUNCIL

Councilwoman Paiz read a statement regarding the issue with the dogs and their owners on Anita street mentioning several items, including the agreement the City has with GPAAS

and their authorization to provide assistance on such matters and further that the Detroit Dog Rescue (DDR) did not appear to want to work with the police department or GPAAS and only sought removal of the dogs. She further commented that she was upset that DDR advised many to 'jam' the phone lines of the dispatch center in Harper Woods and demand the police department do something about the living conditions of the dogs, thwarting the ability for residents to call in any emergencies. Finally she commented that there was significant reckless activity on social media sites where posters were suggesting 'blowing up GPAAS and the Police Department' and that she has not taken this situation lightly and that it has hurt a lot of people.

Deputy Chief Stager also commented on the animal's living conditions, stating that this was grossly exaggerated, and that the dogs had areas of dry ground, food and shelter. There were no violations of city ordinances or state law and the situation was closely monitored.

Councilwoman Williams commented that she liked the idea of a business association and that she would like to see this happen here.

Councilman Jenny thanked the Police Department for all they do and the Public Works department for their efforts to remove the snow after a recent storm.

Councilman Toussant said that he is glad that the dog issue was resolved and that he is looking forward to a prosperous new year.

Councilwoman Costantino said that she supports Mr. Maniaci and instituting a business association. She then mentioned that the Ordinance Committee meeting has been scheduled for January 18 at 7pm.

Councilwoman Sawicki commented on the dog issue and stated that she was appalled that posters on social media suggested tying up phones lines at City Hall and GPAAS and noted that the animals weren't being abused. Next she mentioned that if all of the stores are closed at Eastland, then the signs should be removed. She then asked when the demolition would begin and lastly shared the COVID stats for Harper Woods.

Mayor Kindle commented about the end of Eastland Mall and shared that many items from the mall have been retained for historical purposes and that the stores that are still open will close for good on January 15. Once the stores are closed, the asbestos abatement will begin and the demolition will take place in February. She then commented on Council appointments to various committees and that it is her intent to revisit these appointments and perhaps give newer members a chance to be on these committees. Lastly she commented on the speed bumps around the City stating that during snow removal, several were lost and that we need to come up with alternatives to slow down speeders.

CALL TO AUDIENCE

Mr. Jarvis asked about the status of hiring a new City Manager.

Mr. Hakim wished Director Smith good luck as he retires.

CALL TO COUNCIL

Councilwoman Williams commented about the recent Martin Luther King Jr. holiday and shared that as a teacher she has her students do research on his life and accomplishments as a means to keep his history alive. She then read a quote of his.

Councilman Jenny thanked Director Smith for his years of service and wished him well. He also thanked the Public Works Director for his initiative to address the lead pipes in the community and for all the hard work his staff does.

Councilman Toussant asked if there was a replacement for the Director of Public Safety position.

Councilwoman Costantino gave an overview of the Ordinance Committee meeting that was recently held and mentioned that the next one would likely be the beginning of March. The topic that will be discussed is the ordinance that involves animals/pets. Lastly she commented about the CDBG monies that the Helm has requested be given to them for our senior services.

Councilwoman Paiz commented that she has been researching ordinances regarding animals/pets and that she intends to work with the City Attorney to prepare an updated draft ordinance for the City Council. She then commented about the City's website being down and explained the issue. Lastly she commented that perhaps the reason we are lacking in qualified candidates for the City Manager position is due to the lack of interest in public service.

Mayor Pro tem Sawicki asked about the renovations in City Hall and if they were completed. She then spoke of the various committees that members of City Council are appointed to and encouraged those that have been on a committee for some time to offer their spot to the newer elected members.

Councilwoman Paiz announced to everyone that Wayne County has provided us with vouchers for disposing of hazardous waste items and they can be picked up at City Hall.

Mayor Kindle thanked everyone for their hard work, and extended appreciation all around. She then wished Mayor Pro tem Sawicki a Happy Birthday.

CALL TO AUDIENCE

Mr. Hakim asked about the Poupard school property and if, once built, will residents be given the opportunity to choose which school district their children will attend. He then congratulated Director Hammerle. Lastly he commented on the conversations on FaceBook regarding homes that have unshoveled walks and stated that those that haven't shoveled are the same as those that don't cut their lawns. Something needs to be done to fix this issue.

Mr. Williams commented about the presentation from Medstar and asked several questions.

CALL TO COUNCIL

Councilwoman Costantino inquired if the next Ordinance Committee meeting has been scheduled and complimented the DPW for their snow removal efforts during the last storm.

Councilwoman Williams shared the rodent issue she and her neighbors are still facing and that the City needs to get this under control especially with the Beaconsfield resurfacing project and the Eastland project.

Councilman Toussant about Great Lakes Pest Control and their possible involvement with the rodent issue.

Councilman Jenny congratulated Director Hammerle and also thanked the DPW for their snow removal, especially since they were also working on several water main breaks in the cold weather during the same time.

Councilwoman Sawicki asked if there would be a public event when Eastland is razed. She then congratulated Director Hammerle and shared that she knows this will be a tough job as so many people are reckless in their disregard to the traffic laws. She further commented about several instances of drivers running lights and stop signs. She and the good members of this community stand behind the department for the job they do. She then shared the recent COVID numbers asking if a memorial would be appropriate for those that lost their lives in this pandemic. Lastly she asked when the Council will be given their new assignments for boards/committees.

Councilwoman Paiz welcomed Director Hammerle and said that she is glad that he is stepping up, knowing he has support from the officers and from the community. She then gave an update on her work so far with the animal ordinance.

Councilwoman Williams congratulated Director Hammerle and asked if anyone was doing anything specific for Black History month.

Mayor Kindle announced that she is in the process of creating a resolution to honor Black History month, even though it isn't just for the month of February and not just for black people, but for all as our American History. She commented on the emailed surveyed that have been sent out by Ms. King with regard to qualifications for our Boards and Commissions and reminded everyone to complete them soon. Lastly she congratulated Director Hammerle and continued by saying that they will make a difference in the city with regard to drivers that speed and disobey traffic signs and also implementing a no-nonsense policy for residents that don't shovel their walks and/or cut their lawns.

RESOLUTION ADOPTED

CALL TO AUDIENCE

Ms. Kane congratulated Shavonne Lau for her appointment, saying that she worked with her previously at the Recreation office and that Shavonne had many great ideas.

Mr. Hakim questioned the need to hold the City Council meetings via zoom if the pandemic is reaching its end, saying it doesn't make sense and they should be held in person. He also mentioned that the path at Salter park needs to be shoveled, only the parking lot was cleaned of snow.

Mr. Jarvis inquired the status of the City Manager search and the appointments to the subcommittees.

Ms. Tabron congratulated Ms. Lau and Mr. Lindley on their appointments and stating that she is looking forward to discussing ideas with Ms. Lau for recreational programming.

CALL TO COUNCIL

Councilwoman Paiz gave an update on the dog ordinance that she has been working on with the attorney.

Councilman Jenny congratulated Ms. Lau and Mr. Lindley and offered his help by way of Grosse Pointe Park to the Recreation department as he has in the past.

Councilwoman Williams congratulated the new employees and stated that we are going in the right direction with the adoption of the Black History month resolution. Lastly she commented on the City of Royal Oak and their display honoring Black History.

Councilman Toussant welcomed the new employees.

Mayor Pro tem Sawicki shared the current COVID statistics and stated how she is quite distressed over the number of deaths in Harper Woods (76 in total) and expressed the need to be vaccinated. Lastly she commented about a letter that she received from American Water Resources of Michigan and asked if it was a legit company or possibly a scam.

CALL TO AUDIENCE

Mr. Krass shared a recent incident with a truck speeding on his block and the proper procedure for appointing officers and promoting them to higher ranks. Lastly he asked when the City will have the monthly water readings as was promised and said get it fixed or go back to the old way of quarterly billing.

Ms. Champion of the Library Board commented about the services that the Library offers, saying it is so much more than just books and that the residents of the community can't be served when the library basement is unusable. She then asked what is the status of the necessary repairs as it has taken so long for it to be remedied.

Mr. Hakim commented about his basement flooding and that he is unsure how all of our sewer systems work, especially since he flooded and his neighbor didn't. He gave thanks to the Mayor and Council and others who worked toward the new development at the Eastland site and that he is very excited to see it underway. Lastly he recommended that additional garbage containers be placed at Salter Park in the dog-friendly park area.

Ms. Drozd asked if Harper Woods asked about recycling and if Harper Woods participated in a hazardous waste day.

Mr. Schenburn commented about the condition of Beaconsfield near Roscommon and asked that it be looked into. He then shared his suggestion about installing speed humps as Detroit does, since the speed bumps that were on our streets have been displaced due to the snow plowing.

Mr. Calus shared an incident of a speeding driver and stated that our City could realize a lot of revenue if these speeders were ticketed. He then mentioned his lack of responses when he emails. Lastly he asked when the estimated water bills will end as it is difficult for many residents to budget properly when they have only one actual bill and the others are estimates.

Mr. Cadotte opined that the 10% late fees on the monthly water bills is too extreme. Residents once were charged the 10% late fee per quarter, now it is 10% per month and he said that it doesn't speak well to the moral character of the City.

A resident on Damman asked abt her water meter and if it had been upgraded. She also stated that she was glad that Harper Woods didn't get hit as hard as the Grosse Pointe's with last years' flooding, however she would like to learn more about our sewer system as her basement had flooded.

Mr. Krass asked if on-street overnight parking permissions were still given over the phone by the police department. (Public Safety Director Hammerle stated that they are no longer allowing residents to call in temporary overnight parking and residents need to request a permit, unless it is an emergency situation.)

CALL TO COUNCIL

Councilwoman Costantino shared her concerns about the trash on the I-94 ramps into Harper Woods saying they make our community look bad.

Mayor Pro tem Sawicki remarked about the many programs the library offers and suggested that their website offer more specific information about them. Next, she commented that she shares the opinion of a resident regarding the penalty on a late water bill and suggested it be reduced. Lastly, while recognizing that she is unsure of what can be done, she implored that something be done about the speeders in the City, as they are extremely dangerous.

Councilwoman Paiz attended a MML Zoom event with regard to new Michigan legislation, including a Veteran's exemption bill, a bill to allow some municipalities to use certain funds to pay down pension costs, a bill regarding non-profit organizations and drone use for deliveries. Next she commented about the new redistricting maps, some of which are being challenged in many communities, stating that, to her, the boundaries don't make a lot of sense, especially our Senate district which runs through three counties and all the way up past Algonac.

Councilman Jenny shared that the Amvets will be having a craft show event on March 26.

Councilwoman Williams stated that she is so glad to be back face-to-face with the community as she feels that there is more interaction with the residents when in person. She then shared that she agrees that more significant consequences need to take place for those that disrespect our community and violate the rules. Lastly she commented that we must be sure to have answers for the community when questions are asked at City Council meetings, specifically questions regarding Medstar.

Mayor Kindle expressed her delight in seeing the demolition beginning at the Eastland site, saying that progress is being made. She then remarked about several items, including the Harper Woods Business Association that is being headed up by Mr. Maniaci, speed bumps, electric car charging stations and that subcommittee appointees will be interviewed in the very near future. Lastly she shared her City Council appointees to the subcommittees.

CALL TO AUDIENCE

Ms. Honto commented about The Helm, stating that she is working there three days a week, and that their brochure lists all of the services and events that are available to residents. She also commented that fees are charged for many of the services and events and can be costly.

Mr. Hakim shared that he read an article in the Grosse Pointe News regarding an ordinance that has passed in Grosse Pointe Shores that limits lawn watering as a means to save resources and suggested that perhaps Harper Woods should do the same. He is also very upset that communities are having to pay the water charges for Highland Park

since they aren't paying. He would like to see City Council look into this. (The Mayor suggested that he contact our representatives to address this matter.)

Ms. Roberts-Noseda commented on the lack of ordinance enforcement in her neighborhood and stated that residents aren't keeping up their properties and would like to see something done.

Ms. Davis shared that there are resources to help Harper Woods residents pay their DTE bills. Contact www.HarperWoodshelpinghands.com for more information. She also commented about the food program available here with food items donated by Trader Joes for those that are in need.

Mr. Schenburn commented about money that is available from the State for pump stations and asked if Harper Woods was getting any of these funds. He also commented about the City of Detroit having speed 'humps' not 'bumps' and the speeders. Lastly he commented about the school system that needs to be better and that the school board isn't listening to residents' concerns.

Mr. Jarvis thanked the Mayor for keeping her campaign promises and asked that the Council members step it up and continue to come together. He also thanked Mr. Szymanski for his hard work and acknowledged he's doing a great job. Next he asked when a city manager will be hired.

CALL TO COUNCIL

Councilwoman Williams spoke of the grant for improvements to the parks saying that she is hopeful the improvements will be completed by summer. She also asked about the water filters.

Councilman Jenny asked if any event is planned for Mr. Bobak, now that he has retired.

Councilwoman Paiz announced that an upcoming fundraiser for the K-9 program is being developed that will be at the GPAAS site and more information will be forthcoming.

Mayor Pro tem Sawicki shared a concern about community members not upholding the standards that are expected of them and that she has been made aware that threats have been made to DPW employees in the course of their jobs and she supports all of the departments and the good work they are doing to keep up our neighborhoods. She then asked if correspondence could be sent to our representatives and the State with our concerns of having to pay for Highland Parks water and that we do not support having to do so.

Councilman Toussant commented about his attendance at the MML conference saying that he spoke with the Romulus Mayor who also has worked with Northpointe and said that their distribution project has been a great development for Romulus. Lastly he commended both Mayor Kindle and Councilwoman Paiz who were given certificates of recognition for their attendance at workshops and other training events through the Elected Officials Academy.

Councilwoman Costantino mentioned the MML Conference and her attendance at the Emergency Management workshop and further that she found the conference to be a great place to network and seek out a potential city manager for Harper Woods. She also discussed the future of electrification and the housing shortage due to losing landlords to airbnb's. Lastly she spoke of a business initiative in Traverse City that allows small businesses and non-profits to buy into a cooperative and that it works well because the business owners have a vested interest in it being a successful venture for everyone.

Mayor Kindle announced that the Lion's Pancake Breakfast will be palm Sunday and tickets are \$10. It will be a drive-through event if the COVID numbers rise. Lastly she wished the videographer, Bob Gray a Happy Birthday.

Mr. Sturton asked about the potential cannabis businesses in the City.

Mr. Cadotte commented that loud music being played at backyard parties is a nuisance and asked that something be done about this before the warm weather arrives.

Mr. Schenburn suggested that anyone concerned about the water in Highland Park should contact Senator Debbie Stabenow and share your concerns. Lastly he asked if we still auction off out-of-service police vehicles or does the City sell them.

CALL TO COUNCIL

Councilwoman Williams suggested that in order to ticket someone for a loud party, a resident has to file a complaint with the police department and that we do have a noise ordinance in place. She then said that she heard that the Wayne County Sheriff would be helping the City with enforcement and asked if that was correct. Lastly she asked if ARPA money could be used to help residents with lifting sidewalk repairs.

Councilwoman Paiz announced the Earth Day cleanup event will be this Saturday from 9-11:30 beginning at City Hall for anyone interested in assisting.

Councilwoman Sawicki commented about the water fees of Highland Park and stated that GLWA provides the cities with the rates and we are obligated to pay them, and further that the State compelled GLWA to relieve Highland Park from having to pay due to being overcharged.

Councilwoman Costantino announced that the law enforcement task force will be meeting this week.

Mayor Kindle updated everyone on the Eastland project, saying that it is moving forward and will likely have a groundbreaking event in late June or July. Lastly she shared that a new business on Kelly Road, The Taco Bar will be having a Cinco de Mayo event on May 5 and encouraged everyone to check them out as the food is wonderful.

RESOLUTION ADOPTED

CALL TO AUDIENCE

A resident commented about cars parking on street overnight and stated she would like

to see a more aggressive approach to keep the cars off the street in accordance with the city's ordinance.

Mr. Hakim asked if there was an ordinance that governs how many cars each household can have. He then pointed out that because there are so many cars at each home that they park in their driveways across the sidewalk and this inhibits people walking. He then questioned the \$12,000 that was donated to Mr. Smith for a baseball camp through the school district and asked if the City received an accounting of the money spent. (The money was given to the school district and it is still being utilized.)

Mr. Jarvis commented on a driver who speeds up and down the streets and asked that this be a priority in getting him caught. (Director Hammerle commented that this particular driver was caught on Sunday. He further commented that Wayne County Sheriff's department is organizing a traffic blitz to help combat the issue of speeding cars in the community.)

Mr. Schenburn commented that he agrees with a more aggressive approach to keeping cars off the street. He would also like to see an ordinance that addresses homeowners that live outside the country that are not taking care of their rental properties. Lastly he shared an incident at Salter park where someone urinated in the open because the restrooms were closed and asked if the city knows who these groups are in our parks.

Mr. Vanpouker again requested consideration for a bike path on Beaconsfield or perhaps Share the Road signs for bike riders. He also suggested that a police bike patrol could be reinstated on warm, sunny days.

Mr. Maniaci shared his proposal and plan to establish a Harper Woods business association and gave an update to the progress he has made in this endeavor.

A Manchester street resident asked for additional patrols in her area due to the Allard avenue construction as there is considerable more traffic on her street and cars being on the street overnight without permits.

Ms. Honto shared an incident in her neighborhood and commented how quickly the police department responded. She also asked if something could be done about the fireworks at Poupard during the upcoming July 4 holiday.

CALL TO COUNCIL

Councilwoman Williams commented about concerns of cars being in driveways without the proper licensing and knows that these vehicles have been ticketed in the past. She then

commented that she agrees that a bike lane would be dangerous due to the narrow lanes on Beaconsfield. Lastly she wished everyone a happy Mother's Day.

Councilman Jenny announced the appointments to the various committees that were approved tonight.

Councilwoman Paiz commented on several issues that were brought up tonight, including her agreement that 'Share the Road' signs could be helpful if there aren't any legalities involved, the walking path that Northpointe is planning, and the fact that parks are open to the public and park go-ers do not have to state where they are from. She also commented on vehicles parking on street overnight and those that are unplatd, suggesting more penalty for non-compliance. Lastly she announced the GPAAS K-9 fundraising pancake breakfast on May 14 at Holy Redeemer church.

Councilman Toussant shared that the Earth day cleanup went fairly well, however he said he was disappointed that many residents and businesses aren't cleaning up their own trash. He shared that he attended a lunch and learn session at Redeemer church on plant life that was very informative and also the recent NAACP annual gala at Huntington Place.

Mayor Kindle said that she was grateful for everyone's efforts on the Earth Day Cleanup, especially for cleaning up the inordinate amount of trash at Vernier and I-94. She then said that she would like to see the Ordinance committee address rentals and that there needs to be more compliance and stiffer violations for non-compliance. She announced that the Taco Bar on Kelly road is having a Cinco De Mayo event from 11-9 on May 5. Lastly she thanked our police department and the officers saying how much she appreciates all of them.

RESOLUTION ADOPTED

CALL TO AUDIENCE

Ms. Sappore inquired about having the large garbage bins similar to Grosse Pointe Woods as a means to deter rodents and stated that she would be glad to pay more for these bins. She also asked who handles the code enforcement.

Mr. Schenburn spoke about the process of the code enforcement for tall grass, stating that many residents ignore the high grass until they are tagged and their back yards are usually ignored. He opined that the City should ticket repeat offenders after one courtesy tag.

Ms. Droze asked if the City is considering putting the water fees collected into an escrow account, similar to other communities, as a response to communities having to pay for Highland Parks' share of water.

CALL TO COUNCIL

Councilmember Costantino announced that the crime reduction task force will be meeting on June 2.

Councilmember Toussant announced that he attended several events, including a pancake breakfast fundraiser for the Harper Woods K-9 program at Redeemer Church, the plant exchange at Salter Park, the Cinco De Mayo event at the Taco Bar on Kelly, and the Lakeshore Optimist club breakfast where Luke Pauley was recognized for his heroism on the job. He then shared that the summer baseball program will begin soon and also pickleball. Lastly he announced that a flea market/craft market will be held on September 25 at Redeemer church.

Councilmember Sawicki commented about the rise in COVID numbers and advised everyone to take all necessary precautions to prevent the spread. She also mentioned hearing of residents that are going around the community acting as code enforcement and advised them they should only be reporting addresses of violators to the City as they are potentially putting themselves in harms way. She announced that the City will be holding a Memorial Day service on Monday, May 30 at 10:15 in Johnston Park. Lastly she asked if the Kelly Road building is available for groups or individuals to rent. (The Mayor stated that it has not been rented out before and that it is only used for City offices and City business.)

Councilmember Paiz commented that \$2600 was raised at the recent K-9 fundraiser. She then commented about the large garbage containers saying that these might be a hindrance to those with physical disabilities, and if it were to be considered, it could be discussed during budget sessions.

Councilmember Jenny expressed that he is pleased to see the contracts are being extended as it will save the City money and he commended the work that went into getting this accomplished.

Councilmember Williams commented on the rodent issue that has been brought up at several meetings and inquired whether the Great Lakes Pest Control has been contacted about trapping them. She shared that she also attended the Lakeshore Optimist Club's Respect the Law program and explained that Officer Pauley received a commendation for pulling an injured person from a car on fire on I-94.

Mayor Kindle apologized for being late to the meeting today. She then spoke of the food pantry that is currently housed within the Kelly Road building and said that it is for providing food for residents in need. And further that the building is used as office space for her and the community development department.

CALL TO AUDIENCE

Ms. Miller shared her concerns about the state of the community, sidewalks that are in disrepair, houses in disrepair, tall grass, garbage cans left out and more, further stating that it's embarrassing and she would like to see more enforcement of the ordinances.

Mr. Van Pouker mentioned the Beaconsfield project that was approved tonight and asked Council to reconsider a bike lane. He then commented on the Insider newspaper and that several events printed don't list their locations or times. Lastly he asked if there was a distracted driving ordinance in Harper Woods.

Mr. Krass suggested that water customers that have an upgraded meter be allowed to have actual water reads each month and those that do not remain on the estimated bill plan. He then asked why more speeding vehicles aren't being pulled over and ticketed by our police officers.

Mr. Schenburn commented that the high grass at many homes is ridiculous and that more tickets should be issued. He then commented on a report of a voicemail that was left with the school district regarding school traffic on Anita at Triumph middle school. Lastly, he mentioned that the event halls on Kelly road are becoming more of an issue with parking and trouble with patrons. He then asked if they have a liquor license.

Mr. Smith concurred with the previous residents' comments and their frustration with speeding cars and then pointed out that it is the job of City leaders to do a better job with this. He then clarified the comments made by Mr. Schenburn and stated his understanding of the incident. His concern is that this matter wasn't handled in a timely fashion, between the initial report and the Nixle message that was recently released. He implored the Council to do better.

Mr. Lemanski commented that the fence ordinance needs to be revisited as the fencing job he is attempting at his home is being halted due to an issue with his neighbor.

CALL TO COUNCIL

Councilmember Toussant commented about the request for a bike lane and thought a discussion was had about placing signage along Beaconsfield reminding drivers to be aware of bike riders. He would like to see that instead of the lane.

Councilmember Sawicki remarked that the Nixle alert regarding the parking incident on Anita mentioned that this matter was turned over to the MSP and that due diligence was done. She mentioned that she had an opportunity to walk at Salter Park and noted that the new walk way is extraordinarily wide, and that young people in cars might attempt to drive on it.

Councilmember Williams shared that she appreciates when members of the community come to meetings, as it serves the Council an awareness of any concerns the public might have. She then said that with the issue of parking on Anita, it should be handled by the

School district, and that the school and the City are two separate entities. She then stated she hadn't seen many orange tags for ordinance violations and police presence on the streets in the recent past, but has seen an uptick and she is pleased. She also shared that she is still concerned that there are many sidewalks that need to be repaired and would like to see this happen. Lastly she asked when the Charter Committee would be meeting.

Councilmember Paiz remarked that she was of the understanding that the assessment prepared by Winbourne Consulting would include the Police Department, but it only mentioned the Fire Department.

Mayor Kindle said that she takes offense to the comments about her not doing her job. She has been in negotiations with Detroit Police, Michigan State Police and Wayne County to assist our officers in slowing down speeding drivers. She also stated that the comment about her failing is also offensive as the parking issue on Anita was handled timely and thoroughly. Lastly she announced the Juneteenth Celebration will be held on June 19 at the WCCCD campus from 1:00 pm until 4:00 pm.

MOTION CARRIED

CALL TO AUDIENCE

Mr. Hakim commented that the Planning Commission meetings are open to the public and encouraged City Council to attend to gain information about projects going on in the City. He also asked about the status of a new City manager. Lastly he asked if Park staff check on parties that are held during the weekends at Salter Park.

Ms. Montgomery stated that while she was happy to see Wayne County Sheriffs out enforcing the speed limit, the speeders returned after they left. She also commented that there are too many basketball nets in the streets and BBQ grills in front yards.

A resident on Lancaster shared his concerns regarding the house at 20903 Lancaster, stating that it is dangerous and has been condemned. He also asked what is being done at 20950 Lancaster following a house fire.

A resident on Woodland commented that fireworks are going off after 10pm and asked about the ordinance. She then commented that her neighbors have wood piles and they don't pick up after their dog.

Mr. Sova commented that an investor bought his neighbors home and turned it into an AirBnB and he is concerned that his property values are going to be affected.

Ms. Porter asked what she can do to have DTE come back to pick up the tree trunks they left behind. She also commented that she hasn't been able to drink the water from her tap as it tastes bad.

Ms. Shipman shared her concerns about neighbors on her block who aren't cutting their grass and not keeping up their properties and also that there are too many adult group

homes with residents roaming around and there are small children nearby.

Ms. Sappore commented that she would like to have the large trash cans provided by GFL, and that she feels disregarded as many residents have brought up issues with garbage cans and rats and the Council isn't listening to them.

Mr. Schenburn commented about several things including kids playing basketball in the streets, a landlord/tenant issue that his neighbor is experiencing and the issues with AirBnB's.

Ms. Mitchell commented about the issues she has with her neighbors putting their garbage out too early, not bringing in their bins timely and having loud out of control parties with fireworks.

Mr. Crawford opined that Council is seeming to be dismissive to the residents that are bringing up issues they are having and that it is the responsibility of City Council to take care of any public health and safety concerns of the community.

Mr. Smith thanked the acting City Manager for the basketball improvement projects at Johnston and Salter Park. He also stated that if the City isn't going to hire a City Manager, then why not offer the acting City Manager the permanent position. Lastly he commented that the police officers should be enforcing the garbage can and high grass ordinance violators.

CALL TO COUNCIL

Councilwoman Williams remarked that as Council lives in the community, that the residents' concerns are their concerns. She then commented on several issues that have been brought up tonight, including lead in drinking water, fireworks being controlled by the State and not local ordinances any longer, kids playing basketball in the streets and other ordinance violations. She suggested that more information about ordinances be put into the newsletter. She then asked when Allard would be finished.

Councilman Jenny agreed with residents' concerns about fireworks and garbage on his street and said it needs to be addressed.

Councilwoman Paiz provided information about HB 4722, with regard to short term rental properties stating that the State is aiming to take control of this and allow all short-term rentals, keeping it out of the local city's hands. She then commented about the cost St. Clair Shores pays for the large garbage cans from GFL and lastly she thanked the Police

and Fire departments for their efforts during the domestic violence incident and said that they are more deserving of respect than they receive.

Councilwoman Sawicki also thanked the Police and Fire departments for their hard work every day as it is getting harder to do their jobs. She then shared her vote to accept the contract with GFL without the purchase of large garbage cans was due to the purchase of those cans being a possible burden to those on a fixed income. In response to the concerns brought up tonight about ordinance violations, she commented that personal responsibility needs to be promoted in the City and those without this are bringing the neighborhoods down. Lastly she mentioned that having basketball nets set up in the street is a violation of the Uniform Traffic Code and a Police Officer can ticket them.

Councilman Toussant thanked the acting City Manager and the Mayor for their efforts to acquire Wayne County assistance to slow down the speeders in the City. He then encouraged everyone to keep their garbage in containers with lids to keep out rodents. Lastly he shared that pickleball continues on Wednesdays and Saturdays 9-11am and 1-3pm.

Councilwoman Costantino thanked everyone that shared their concerns tonight and thanked those that continue to keep up their homes. She suggested that residents contact their legislators to voice their concerns with fireworks. She asked when the next ordinance committee meeting would be scheduled and that at the recent Library board meeting, bids for the library renovations were accepted and work should begin soon. She then announced that the library would be having Tea on the Lawn, August 5 from 1-3pm and that the next meeting of the Crime Prevention group will be Tuesday at 6:30 at Salter Park.

Mayor Kindle thanked the Police and Fire departments along with MSP and our neighboring communities for their efforts during the recent horrific domestic incident. She then said to keep being kind and loving to all as it appears that people are having mental breakdowns and they are going off the edge. She encouraged everyone to keep first responders and health providers in their thoughts and prayers. She then responded to a residents' concerns about being dismissive, stating that all of Council cares and that they are all here to serve the community and are moving forward as best as we can. Many things are out of our hands and beyond our control. Employees of the City are working more than their jobs entail them to do as most departments are understaffed and many things have been put on the backburner, including subcommittee meetings due to this reason as well. Lastly she commented about two of the members of the Charter Review subcommittee one being a member of Council and her spouse, stating that there were no other volunteers for this subcommittee and she feels that it is not a conflict.

CITY OF HARPER WOODS
SPECIAL JOINT MEETING OF CITY COUNCIL
PLANNING COMMISSION AND
BOARD OF ZONING APPEALS
JULY 25, 2022

MEETING MINUTES

The SPECIAL meeting of the City Council, Planning Commission and Board of Zoning Appeals was called to order by Mayor Valerie Kindle at 6:00 p.m.

ROLL CALL

PRESENT: Mayor Valerie Kindle, Mayor Pro tem Vivian Sawicki, Councilpersons Veronica Paiz, Ivery Toussant, Jr. and Regina Williams - Planning Commissioners Gregory Vargo, Larry Hakim, David A. Kien, Kevin Koresky, Lauren Mercer and Frank Serraiocco - Zoning Board of Appeals Members Serafin Buscemi, Richard Pesegna and Alyssa Walker.

ABSENT:

OTHERS PRESENT: Economic and Community Development Director Ty Hinton, Economic and Community Development Deputy Director Stephen Lindley, Planning Consultant Paul Urbiel and City Clerk Leslie M. Frank.

MASTER PLAN PRESENTATION

Stephen Lindley gave an overview of the purpose of this meeting, which is moving forward with Harper Woods becoming a RRC Community and continuing through the process. The value of the joint meeting is to have input from all of the partners involved in this process and in the process of updating the Master Plan.

Planning Consultant Paul Urbiel then provided the purpose of the Master Plan, the overview of the next year and what it will entail and what everyone's responsibilities will be as we go through the update. He went on to explain that the Master Plan is the communities' vision for the future of the City and also that this plan needs to be updated every five years. It helps to facilitate change and create positive momentum and acts as a guide for City staff to make relevant decisions based on the contents of the Plan, especially for planning, development and zoning matters. He then shared that there will be several round table discussions, focus group discussions and certainly participation

from the community as well as the Commissioners. He tasked the Commissioners to be ambassadors to the community in getting them involved and maintain their interest in the process.

A resident asked about the future development of the Poupard school.

A resident asked about the development at Eastland and if there will be housing units on that site.

REDEVELOPMENT READY COMMUNITIES UPDATE

Stephen Lindley then shared the steps of the RRC process and noted the items that have been achieved thus far and stated the purpose of becoming an RRC community. He indicated that there are best practices that are outlined in the RRC process and those that the City is currently working on, including the zoning ordinance update.

Councilmember Sawicki asked about the current stock of buildings in Harper Woods that can't be utilized as multi-use and asked if there is a market for this type of development.

Commissioner Serraiocco stated that the sooner Harper Woods becomes RRC, the better. He then asked if there are financial benefits to becoming RRC, like grants and such.

Several residents asked for an update regarding the Eastland redevelopment.

ZONING ORDINANCE

Stephen Lindley commented that updating the zoning ordinance is definitely part of the updating of the Master Plan and that providing an updated zoning ordinance is one of the best practices discussed. The current ordinance is very outdated and not easy to find information and it needs to be easier to navigate for future developers. It will also include updates for parking accessibilities, green infrastructure, solar panels and the like.

CALL TO AUDIENCE

Mr. Cadotte indicated that something needs to be done about the loud music and loud

parties that continue as they are a detriment to the health, peace and well being of the community.

Mr. Kangas asked for an update with the Tim Horton's project.

Ms. Whitman asked for help with DTE to have the tree branches removed from her property following their tree trimming campaign. She then commented on a practice of the City of Warren's where the building inspectors go through the entire community during one week of the year to issue tickets to ordinance violators. She mentioned that it is not her job to police the community.

Ms. Matthews commented that the fire hydrants on her block look dilapidated and would like someone to look into checking them out. She then commented that her neighbors' garbage is out of control and many homes should be ticketed. She asked if the crack sealing program could be brought back to fill in the many cracks on her block. Lastly, she shared her concern over the types of trees that are being planted in the circle of the cul-de-sac in her neighborhood.

Mr. Schenburn complimented the fire department for the great job they did putting out a fire in the opposite side of his duplex. He then asked for an update on the Beaconsfield project and shared his concern that school will be open during the construction and could cause traffic issues.

CALL TO COUNCIL

Councilwoman Williams commented about how nice Salter park looks. She also congratulated Councilwoman Paiz on her winning the State Representative race and wished her luck in November. Lastly she asked if the Charter subcommittee meeting has been rescheduled.

Councilwoman Paiz commended her opponent, Councilwoman Williams, for her run at State Representative. Next she asked how long the Citizenlab software would take to be up and running and stated she was excited that Harper Woods would be the first in Michigan to take advantage of this. Lastly she agreed that the basketball courts look very nice.

Councilwoman Sawicki commented about the continuing issue of speeding cars and cars that are parked on the street overnight and that they should be ticketed.

Councilman Toussant congratulated Councilwoman Paiz and reminded everyone that pickleball is still happening on Wednesdays from 9-11 am and Saturdays from 9-11 am

and 1-3 pm.

Councilwoman Costantino commented about her attendance at the Lavender Tea that was put on by the Harper Woods Library saying that it was a nice event with a great turnout. She then mentioned that the library has a spice club and invited everyone to check it out.

Mayor Kindle shared her thanks to the Police Department for hosting the National Night Out, and that it was a great turnout. She then announced that some changes were being made to the "Helping Hands" food pantry she is part of and assured those that are currently receiving food will not have any interruptions as the changes are being made.

CALL TO AUDIENCE

Ms. Honto announced that Redeemer Church on Vernier will be holding a Blood Drive on September 23 from 1-7pm and encouraged everyone to donate.

Mr. Serrano asked for clarification of the amount on the check register.

Mr. Lapastora shared his concern about speeding cars on his block and also the garbage that gets left behind from Taco Bell and Glen's party store and asked what could be done about it.

A resident on Hawthorne also spoke of the speeding cars on his block and cars that don't stop at the stop signs.

Mr. Schenburn commented that there are still people playing basketball in the streets and that they place the hoop on the City's right of way and asked that someone address this issue. He then suggested that the field at Beacon Elementary be turned into a parking lot to ease the traffic during school drop off and pick up times.

CALL TO COUNCIL

Councilwoman Williams asked what plans are being discussed to curb speeding cars. She then commended the Police and Fire departments for their response to the recent homicide incident and that they put their lives on the line every day. Lastly, she asked if the Charter committee will be meeting soon.

Councilman Jenny mentioned that the Amvets will be hosting a short ceremony on September 11 at noon to honor those that lost their lives during the attacks on the World Trade Center 21 years ago.

Councilwoman Paiz also thanked the Police and Fire Departments for the two homicide incidents they recently responded to in such a short period of time. She then commented that she appreciates the mental health services that are provided to all personnel following these types of incidents. Lastly she commented about a resident that had lost power and it was out in excess of 90 hours.

Councilwoman Sawicki shared her thoughts on how the police are tasked with the 'ugly' business of providing safety to the residents, especially the homicide incidents, and that it is frustrating to hear that some residents want to blame the police for not writing enough tickets. Lastly she commented about cameras being placed on busses as a means to capture speeding and other traffic violations.

Councilman Toussant complimented many things in the City, including the basketball courts and the inclusion of water fountains which you don't see very often anymore, the repaving of Beaconsfield that will be starting soon, and the upgrade in the city offices, further stating that the little 'facelifts' help boost morale in the community.

Councilwoman Costantino inquired when the Ordinance Committee would be meeting.

Mayor Kindle commented about the delays that have been experienced with several projects and that much is due to the increase in petroleum costs and the shortage of help. She then stated that she is thankful for the construction that is happening at Eastland and

the soon to start project at Tim Horton's.

CALL TO AUDIENCE

Ms. Maniaci asked if the Danbury Lane project can be postponed as she feels that there are still too many issues that need to be addressed with the residents.

A resident commented on the video on CNN that she saw and the comments that were reported to have been made by Councilmember Costantino.

Cat Costantino commented that the claims against her mom are false and that her comments were taken out of context. She reminded everyone that her mom has been serving on the City Council for the last 27 years and has done a lot of good for the community.

Mr. Cadotte mentioned that the City of Grosse Pointe recently updated their master plan and in it they have banned short term rental properties and asked that the City do something similar. Lastly he commented that there still seem to be too much loud bass music that goes on until late into the evening, disturbing everyone's peace. (City Attorney DeWaele stated that their master plan could be challenged in court and the only way to get any action on this, is to write to our representatives in Lansing.)

Mr. Wagner commented on the video on CNN that he saw and the comments that were reported to have been made by Councilmember Costantino.

Mr. Hakim commented on the video on CNN that he saw and the comments that were reported to have been made by Councilmember Costantino.

Ms. Kane commented on the video on CNN that she saw and the comments that were reported to have been made by Councilmember Costantino.

A resident on Arthur commented on the video on CNN that she saw and the comments that were reported to have been made by Councilmember Costantino.

Mr. McBride from Eastwood commented about the speeding vehicles on his street and asked what is being done about it.

Ms. Kalogerakos commented on the video on CNN that she saw and the comments that were reported to have been made by Councilmember Costantino.

Mr. Schenburn stated that something must be done about high grass, his neighbors generally wait to cut their grass until they get tagged. He further stated that he would like to see violators be ticketed if they are to be tagged a second time in a season. Lastly he spoke of kids using portable nets in the street to play basketball and that they should be stopped.

Mr. Jarvis commented on the video on CNN that he saw and the comments that were reported to have been made by Councilmember Costantino.

Mr. McClain asked if an additional watch can be placed on Danbury Park as he has noticed a lot of activity there after the park closes.

Mr. Kalogerakos commented on the video on CNN that he saw and the comments that were reported to have been made by Councilmember Costantino.

Interim City Manager Szymanski read the statement that the City placed on the website with regard to election integrity.

CALL TO COUNCIL

Councilwoman Costantino spoke on the comments made by everyone tonight and gave an accounting of what transpired with the video made by CNN of her with regard to elections.

Councilman Toussant shared that he is glad to see the road behind McDonalds has been repaired. He then mentioned that the pickleball courts have been painted and he shared that he attended the 9-11 ceremony with several other members of City Council.

Councilwoman Paiz commented on the CNN video and the statements that were reportedly made by Councilwoman Costantino.

Councilman Jenny thanked everyone that showed up tonight, instead of sitting on social media, to make their voices be heard. He then mentioned that while he is also saddened

to hear that the Beaconsfield project won't be going forward this fall, but feels that the City will get a better product by waiting for the spring.

Councilwoman Williams commented on the CNN video and the statements that were reportedly made by Councilwoman Costantino.

Mayor Kindle commented on the CNN video and the statements that were reportedly made by Councilwoman Costantino. She also commented about the speeding issue, stating that she has worked tirelessly seeking out help from neighboring entities, including MI State Police, Wayne County Sheriffs and Detroit Police to curb the speeders in Harper Woods. It is not only an issue in Harper Woods. Lastly she invited everyone to the Lions Annual Pasta dinner at the Amvets on Saturday, September 24 from 4-7 pm.

CALL TO AUDIENCE

Ms. Boyd asked about having a speed bump put on Elkhart and Riad to curb the speeders on her block.

A resident of Elkhart also expressed concern about the speeders on this block, citing many accidents happen at this corner.

Mr. Williams commented that a person in the audience at the last City Council meeting made disparaging comments toward people of color and he was concerned that the person wasn't escorted out of the meeting. (City Council was not made aware of any comments made by any member of the public).

Mr. Maniaci informed everyone about the upcoming kickoff to the Harper Woods Business Association meeting at They Say on October 11, 2022 from 4-6:30 pm.

Mr. Schenburn commended the police department for issuing tickets to violators during school drop off and pick up. He then commented that all rental and vacant homes should be inspected more often. Lastly he mentioned that there are still many homes with tall grass that need to be ticketed.

Mr. Wagner also expressed his concerns about speeders and that the aforementioned speed bumps and/or humps are a good way to slow them down.

CALL TO COUNCIL

Councilwoman Williams said she appreciated her husband standing up about the disparaging comments that were allegedly made at the last meeting, and that just because it wasn't heard by everyone, doesn't mean it wasn't said. She further stated that we all live in a very diverse community and everyone should remain respectful at all times. She then spoke of her participation in the City Manager search subcommittee and that she felt that the committee did a good job vetting the candidates, but stated she understood how other members of Council thought this decision was made rather quickly.

Councilwoman Paiz stated that she is not unsupportive of the candidates, just the process as it is confusing to her. She then mentioned that Detroit doesn't have stop signs at their border on Moross and placing them on the Harper Woods border could be helpful.

Councilman Toussant shared his attendance at the Lions Club pasta dinner saying it was successful and well supported. He then commented on the RRC training and that Mr. Lindley has been doing a great job getting everyone educated through this process. Lastly he commented about his participation in the City Manager search subcommittee and that he kept in mind the type of person that would work well and also the chemistry between the current employees and a new person when making his decision.

Councilwoman Costantino also shared her attendance at the Lions Club pasta dinner and announced the Creatives Art Fair scheduled for this Saturday at Salter Park where the new mural would be unveiled. She also commented that in her opinion speed bumps/humps do work as they certainly cause her to slow down. Lastly she opined that she is looking forward to having a new City Manager and possibly a deputy and that she appreciates all of the hard work Mr. Szymanski has done so far and that it might be a good idea to have both candidates to cover all of the things that need attention. She also stated that Mr. Szymanski is probably the best finance director the City has ever had.

Mayor Kindle shared that she is not oblivious to everyone's concerns tonight about the hiring of a City Manager and a Deputy City Manager and apologized to the candidates for possibly putting the cart before the horse. During the interview process many things were taken into consideration, including salaries that were requested by some of the candidates, which were too high and ultimately it was decided that the two candidates before you would bring different elements to the community that would truly have helped moving this City forward. We definitely need more people to apply for these jobs because many of the employees are working very hard doing more and more and have been doing the best they can for the entire community.

MOTION CARRIED UNANIMOUSLY

PUBLIC HEARING

Mr. Dick asked if this item is in conjunction with the gas station redevelopment.

Councilmember Sawicki commented that it appears that building 3 can only be accessed from Beaconsfield and she thought that Beaconsfield wouldn't have truck traffic.

A representative from Northpointe explained the ingress and egress for all three buildings and the trucks will not be using Beaconsfield.

Councilmember Costantino asked if there would be an access road available for ambulances to get to the Chandler Park football field.

Mr. Lindley commented that the existing gate at the football field will be removed for the retention ponds, but that a new access road would be created for this purpose.

Councilmember Costantino asked that the purpose of this lot split be explained by the Northpointe Representative so that the audience can understand what they are trying to accomplish by splitting the lot into three parcels.

Mr. Lindley stated that the new platform Citizenlab will have all of the information about the Northpointe project (and others) for all of the residents to view.

Councilmember Williams asked if the road from Kelly through the Eastland center would be used for construction.

CALL TO AUDIENCE

Mr. Dick commented that his hopes are that the gas station doesn't open another Subway inside. He further shared his sadness at the passing of Bill Snyder and offered condolences to his family.

Ms. Toutant thanked everyone for their condolences and support following the passing of Bill Snyder.

Mr. Cadotte said that he too is grieved to hear of Bill's passing. He then commented that the PA system at the high school is quite loud during the events there and suggested that the sound be lowered so it is not heard throughout the neighborhood. He then mentioned that there is a picnic table at Balfour and Fleetwood on the City's right of way and asked if it should even be allowed there. Lastly he suggested that the City use the PAY system as Detroit does to avoid foreclosures.

Mr. Werling asked how a lawsuit can be discussed in a closed session and then asked when the taxpayers would know what the settlement will cost them.

Mr. Schenburn asked if the district court is part of the City. (The acting City Manager said that the court is state run and the City is only the funding agent.) He then stated that he has heard the court is sitting on many tickets and they are not being addressed. He further commented that he understands that in order for Safebuilt to issue a ticket, they must have the driver license of the person to whom the ticket is to be issued. He then commented that there were some cement repairs done near his home that he felt was unnecessary and that other areas were in more need of the repair.

CALL TO COUNCIL

Councilmember Costantino asked if the court offices were short staffed and asked if that was the reason things aren't being taken care of quickly as she has also heard that they are months behind. She then announced the tree lighting ceremony will be held on November 16.

Councilmember Toussant commented on the SEMCOG meeting he attended. He then shared his concern with the city's engineers and that he is not happy that the projects have been delayed and he feels that perhaps we have outgrown them and need to search other vendors.

Councilmember Sawicki asked when the SB I-94 ramp will be reopened.

Councilmember Paiz announced the K-9 fundraiser pasta dinner will be held on October 20 at the Amvets from 5 to 7pm. She also shared her sadness at Bill's passing and said that the City has lost a lot of knowledge as he knew so much about the City. She thanked Heather Toutant for leadership and dedication and asked if there were plans to memorialize him in the future.

Councilmember Jenny shared that Bill was a friend and a mentor to him and he will surely be missed. He was always very helpful to him and always reached out to offer help to our neighboring communities whenever he could.

Councilmember Williams offered condolences to Bill's family and mentioned that his family was so moved to see all of the DPW equipment parked outside of the funeral home. She then mentioned a news brief she saw about water testing in another community and asked when our water was last tested. She then said that she is pleased to see we are applying for the TAP grant as that is something she has always hoped for in our community for residents that have issues with City trees uprooting their sidewalks. Lastly she stated that she is looking forward to the MML conference to communicate with other communities' councilmembers.

Mayor Kindle also spoke of the loss of Bill Snyder and that Heather lost not only her boss and mentor, but her mom as well. She offered her deepest condolences to her too. She then commented that it is her intent to have the Wayne County Sheriffs, DPD and MSP assisting us once again with speeding vehicles. She implored everyone to slow down as it is unsafe for all of our children. Lastly she recognized the Tabron's for all of their community service, including their running for the Harper Woods school board of trustees.

CALL TO AUDIENCE

Ms. Mercer announced the second Master Plan workshop will be held on November 29 from 6-8 pm at the WCCC University auditorium and encouraged everyone to attend and to share opinions and ideas about future housing, infrastructure, parks and economic development.

Mr. Serrano encouraged men to put down their razors and grow a beard to raise awareness of important men's health issues during the month of November.

Chief Hammerle commented that many officers will be growing beards in support of men's health month and also each officer will be donating \$50.00 to be given to a family in need during this month.

Mr. Schenburn commented that while Northpoint may have agreed to not using Beaconsfield for large trucks, it appears that the gravel haulers are. He then mentioned there are still many homes with tall grass and lastly he mentioned that he is aware of a vacant home that he shared with SAFEbuilt, and they have said it is not vacant. What can be done about this.

CALL TO COUNCIL

Councilmember Costantino announced the Tree Lighting will be on November 16, 2022 at 6:30 and encouraged everyone to come. Also, happy Veteran's day and thanks to all those that have served.

Councilmember Sawicki commented on the Master Plan workshop and encouraged more residents to get involved as the master plan will determine how the City moves forward and the more people involved, the better, making their voices heard about the development, infrastructure and housing in our community. Lastly she mentioned that Northpoint is hosting a yard and lawn cleanup on November 12 for residents in need.

Councilmember Williams provided an update on her attendance at a recent MML conference saying this was her first time attending and it was a good experience. She also said that she met people from many communities all over Michigan of different sizes and different types of government. Next, she encouraged everyone to get out and vote tomorrow and good luck to those who are running. Lastly she commented on Veteran's Day and that it is near and dear to her as a special day for those who gave their service to the country.

Councilmember Jenny thanked the DPW for their efforts with leaf pickup. He thanked all Veterans, wished a happy Veteran's day to everyone and encouraged all to get out and vote tomorrow.

Councilmember Paiz also encouraged everyone to vote tomorrow and to be aware of your voting districts as some have changed due to redistricting. Lastly she commented about the City Clerk saying that she runs safe and fair elections and does a good job.

Mayor Kindle thanked the acting Finance Director and the City Clerk for their many years of service to the City (21 years and 27 years respectively). She also said that volunteers are being sought for the yard/lawn cleanup this Saturday along with those volunteers from Northpoint. She then mentioned her attendance at the MML conference and stated that this isn't just a "get away" for Council, it is a great learning and networking experience, with many workshops and resources. Lastly she thanked all those that served our country and their families who sacrificed so much, and that we should all continue to lift them up and support them as they were willing to serve and sacrifice for us.

CALL TO AUDIENCE

Mr. Cadotte asked for clarification on the Milk River millage and if it would be 12 mills permanently. He also asked what was happening with the vacant Poupard building.

Mr. Koski asked if the police department could address the drivers that frequently disregard the stop sign at Severn and Tyrone, saying it could be dangerous as there are many walkers and school children in the area. Also, he asked if Arthur street is slated to be repaired as it is in disrepair.

Mr. Schenburn commented on code enforcement saying that not enough is being done with regard to violators of the tall grass ordinance, cars being parked on grass, travel

trailers in driveways, and the like. He also asked what the amount will be on his taxes with the additional 12 mills.

Ms. Kane thanked Councilmember Paiz for all of her hard work and also she thanked the building department for the good job they did recently for her.

CALL TO COUNCIL

Councilman Jenny thanked Councilwoman Paiz for all her hard work these last years on City Council. He also commented on the tree lighting event and thanked the public works and recreation departments for making it a success.

Councilwoman Paiz shared that while so many officers get a bad rap in the media, she found that the SRT team, with their leadership and training, performed professionally in the recent tragic incidents and she was glad to see them recognized. She then commented on the redevelopment potential of Poupard elementary.

Councilwoman Sawicki wished everyone a happy Thanksgiving. She then stated she shared Councilwoman Paiz's comments about the SRT team and offered that it is great that these officers work so well together for their communities and ours. Further, she commented that the need for mental health assistance is as important as the intervention of our officers to keep people safe. Lastly she offered congratulations to Councilwoman Paiz.

Councilman Toussant shared the Master Plan workshop that is scheduled for November 29 from 6-8 pm at the Mary Ellen Stempfle center at Wayne County Community College District. He further commented how important it is for everyone to get involved as it allows an opportunity for all residents to have input on the future of Harper Woods.

Councilwoman Costantino thanked the public works and recreation departments for making the tree lighting successful, and also congratulated the SRT team for their hard work, stating she is very proud of their efforts. She then shared information about a workshop she attended at the MML regarding the housing shortage.

Mayor Kindle gave thanks to all those that volunteered to help clean up leaves and garbage at 32 residences that were in need, including Northpoint, Nu Appearance, Adamo and the Public Works department, saying they all did a great job and it was a great opportunity to make a senior smile. She then congratulated the winners of the Beautification awards. Lastly she opined that she would like to see more homeowners participate in keeping up their homes and also the City needs more volunteers on the boards and commissions.

CALL TO AUDIENCE

Mr. Hakim asked the status of the search for City Manager and also about the vacancies on various boards and committees.

Mr. Schenburn commented that there are still properties on his block that aren't kept up and the ordinances aren't being enforced. He also wished everyone a merry Christmas and a safe New Year.

Mr. Cadotte suggested that the city does as Canada does, which is to require property owners be residents of the country, and to not allow out of country, absent landlords. He then mentioned that the picnic table is still on city property at Balfour and Lancaster. Lastly he wished everyone a merry Christmas and a happy New Year.

CALL TO COUNCIL

All of the councilmembers wished everyone a merry Christmas and a safe New Year.

Councilmember Costantino commented that the court is so backed up and would like to see a solution to this soon. Then, she opined that there is garbage everywhere that isn't being picked up and it looks terrible, the ordinances need to be enforced.

Councilmember Toussant shared that he attended a lunch that was recently prepared by the students of the CCI extension of the Harper Woods School district for employees of the City saying that it was great food and a great experience. Lastly, he mentioned that he had an opportunity to see the library basement and its progress when he attended the recent board meeting where Mr. Sosnowski was honored for his many years of service as a trustee to the Library board.

Councilmember Sawicki remarked that the deadline to apply for the vacant City Council seat is approaching (December 28, 2023 at 4:00 pm) and encouraged those interested to apply. Lastly she mentioned that if the court is not operating as it should be, complaints should be taken to the State of Michigan.

Councilmember Jenny mentioned that a snowstorm has been predicted this week and for drivers to be safe and to keep the streets clear for snow equipment.

Councilmember Williams stated that the vacancy information is on the website if anyone is interested in applying.

Mayor Kindle thanked everyone involved with putting on the employee lunch at the CCI building and that it gave everyone an opportunity to see what is happening within the school district. The students were happy to help, respectful and made great food. She further thanked those involved in making senior baskets and helping to get them delivered. Lastly she reminded everyone that these holidays are to be spent enjoying family and friends and that we should take an opportunity to check on our older neighbors as some of them may not be able to see their families and are alone.

A resident opined that a proposed use for the Poupard site could be a micro greens facility in order to be a self-sustaining community. She further commented on ordinance violators, too much government control and smart controlled utilities and appliances.

State Representative Paiz congratulated Councilmember LaPratt and shared that she misses being involved with the City Council. Lastly she shared how grateful she was to have Lt. Governor Gilchrist perform her swearing in recently and reminded everyone to call on her if she can assist in any way.

Ms. Kane congratulated Councilmember LaPratt and further stated that she felt all the candidates that stepped up were qualified and that she was happy to hear the comments made about each of them by the Council.

Ms. Mercer thanked the Council for the opportunity and further commented that she would certainly remain a committed citizen to Harper Woods.

Ms. Lyons thanked the Council for the opportunity and stated that she appreciated all of the feedback she received.

CALL TO COUNCIL

Councilmember LaPratt thanked everyone for their support and that she hopes to see Ms.

Lyons and Ms. Mercer at future meetings.

Councilmember Williams stated that she supports all members of the community and with her math and science degrees, she doesn't believe everything she reads on the internet as many theories can be just that. She then shared that the applicants tonight were a good group to choose from and that Ms. Lyons showed a lot of courage coming back out to seek reappointment. Lastly she reminded everyone to be respectful of others.

Councilmember Jenny congratulated Councilmember LaPratt.

Councilmember Sawicki congratulated Councilmember LaPratt and said thanks to Lauren and Ernestine for stepping up tonight. She then announced the Ordinance committee would be meeting on Thursday night at 6:00 p.m.

Councilmember Toussant opined that tonight's decision was a tough one as all candidates were qualified.

Councilmember Costantino congratulated Councilmember LaPratt and said that she has great respect for Lauren and Ernestine for all of their volunteer efforts in the community.

Mayor Kindle acknowledged that she is thankful for Representative Paiz and is looking forward to all that she can continue to do for Harper Woods. Lastly she commented on being able to form relationships, especially with those in politics and hopefully our community can remain on the right track, moving forward and seeking ways to lower taxes for the residents.

CALL TO AUDIENCE

Ms. Drozd asked where she could view the subcommittee minutes.

Mr. Van commented about city owned trees that need trimming and that recently a large tree branch fell onto his vehicle. Lastly he asked if there is any liability of having a water fountain at the parks, due to COVID.

Mr. Koski commented about the trash that is being left behind by students from Tyrone Elementary and also he requested more police presence to stop violators that fail to stop at stop signs at Severn and Tyrone.

Mr. Maniaci announced the Harper Woods Business Association would be meeting on February 21 from 4pm to 6pm at They Say.

CALL TO COUNCIL

Councilmember Williams shared that she is glad to see the Charter Review subcommittee

is finally meeting. She then reminded everyone that February is Black History Month and shared that several schools are doing activities to support this.

Councilmember LaPratt shared that she attended the Beautification Commission meeting where activities for Earth Day were discussed, and that there is currently open seats on this commission. She then announced that State Representative Paiz would be hosting time for residents to share their concerns with her at the Library.

Councilmember Sawicki commented about the sad event that happened in Tennessee where officers were found guilty of beating a man to death. She then asked how the Police department trains in these situations and asked more about de-escalation of use of force techniques. She then commented about the actual reads on water meters that the residents will now have and how pleased she was to learn this and also she learned the prescription take-back boxes aren't being used in conjunction with Beaumont any longer however the City could request their hospital administration to reinstitute this. Lastly she asked what KIA car owners can do to protect their vehicles from being stolen.

Councilmember Toussant commented that he isn't in favor of having the prescription take back boxes at City Hall as a matter of privacy.

Councilmember Costantino announced that the Charter Review subcommittee will be meeting this week as well as the Cannabis subcommittee. The Ordinance committee meeting will likely be scheduled for sometime in March.

Mayor Kindle announced that a Goal Setting session will be held on March 13 at 6:00p.m. Next she shared that she met with the Girl Scouts at Mason Elementary and they would be making an appearance at an upcoming meeting to lead everyone in the Pledge of Allegiance. She stated that they are looking to earn their Democracy badges and that she feels that we need to involve our young people and they need to see how important our democracy is and that voting is the most influential part of it, and that without our votes, decisions are made without our input. She then shared that the Wayne County Executive will be in attendance at an upcoming meeting to talk about foreclosure. Lastly she commented on the tragic incident in Tennessee saying that she knows our officers aren't taught this way and certainly are not oppressors in our community.

CALL TO AUDIENCE

Ms. Martin shared her frustration regarding a recent incident involving a court case where she learned that court matters were still being heard on Zoom. She further opined that a person cannot be held accountable from home and not in front of the judge in person.

Mr. Cadotte commented about a recent ordinance enacted in the City of Grosse Pointe regarding registration of vacant homes. (City Attorney DeWaele stated that we have a similar ordinance and ours is stronger and more effective.)

Mr. Hakim commented about a home on his street that had steel plates installed on doors and windows and that he understood this was illegal and asked that someone take a look at this. Lastly he commented that a Planning Commissioner, a member of the Ordinance Committee and the City Attorney should be in attendance at the Cannabis Subcommittee meetings.

CALL TO COUNCIL

Councilmember Toussant extended his condolences to the families of the MSU students whose lives were taken tragically. He shared that he attended vigils for both students. He also shared his attendance at the Harper Woods Business Association meeting held recently and that he is pleased that this has been ongoing and supported. He also commented on a program through the Harper Woods School district to assist students with a college and career path.

Councilmember Jenny shared his sadness with the tragic killing of students at MSU and encouraged everyone to hug their kids.

Councilmember LaPratt shared some upcoming events that the Beautification Commission is sponsoring, including an Earth Day cleanup on April 22 and the perennial plant exchange on May 20 at Salter Park. She then shared how angry she was to hear about the senseless deaths of students at MSU and stated that everyone should contact their representatives to demand change regarding guns. She offered her condolences and said

that she also attended services for the victims.

Councilmember Williams also offered her heartfelt sympathies and condolences to the families of the MSU students.

Mayor Kindle remarked that this is a very trying time for all of us, as these young people's lives were taken from us in such a devastating and tragic way. She further remarked that the celebration of life for Arielle Anderson had a tremendous turnout, which is a testimony to her life and what her future had held for her. She then thanked the public safety officers for their support during the services and also thanked the Governor and Lt. Governor for attending her celebration of life service. We, as a society, need to do better, and we need to contact our legislators and demand change. Lastly she encouraged everyone to support the small businesses in Harper Woods.
