The City of Harper Woods requires an **Biennial Fire Inspection** of all non-residential structures.

The inspection will cover fire safety as well as property maintenance.

The cost is **\$200.00** and is due with the application.

Once received, the fire inspector will visit your building and perform the inspection.

If you have any violations you will be notified. You are required to correct all violations and obtain a re-inspection.

Multiple disapprovals will result in re-inspection fees
