REZONING APPLICATION INSTRUCTIONS

Pre-Application Process - not required but recommended

Developers are encouraged to meet with City staff prior to any extensive design and submission of an application. No design or engineering work is required for these meetings, but developers should bring enough information to enable the participants to productively discuss any proposed development. Pre-application conferences will give the City and the developer an opportunity to discover and discuss issues and problems that may arise later in the review process. Identification of issues of concern and proposed methods of resolving them should help to expedite the review. These conferences will make the entire review process more efficient and should reduce cost to both the City and developers as part of a better-coordinated review.

An appointment for a pre-application conference can be scheduled by calling the Building Department at 313-343-2526. While a pre-application conference is not required, it is highly recommended. Where a pre-application conference does not occur, the developer is encouraged to be familiar with all City requirements and to submit a complete and fully documented application.

Only complete applications will be processed. A complete application includes the following list of items pertaining to the requested Rezoning:

1. 16 full-sized, folded copies and 1 ledger-sized copy of a scaled, legible illustration with the required details.
2. A separate detailed written statement fully explaining your request.
3. Legal description of the property.
4. All appropriate signatures and authorizations.
5. The fee as listed.

Incomplete applications will be returned to the applicant.

The Planning Commission generally meets the fourth Wednesday of each month. Applications must be received within 20 days prior to the meeting.

Rezoning petitions are heard in front of the Planning Commission and then the City Council. It is the applicant's responsibility to provide revised drawings and other required information for the City Council meetings. Please note that applications may be delayed if submitted on the last filing day or if significant issues have not been resolved in a timely manner.
