15th ANNUAL SESSION  
NOVEMBER 15-16, 2024

## CONFERENCE GUIDEBOOK

# A WORD OF WELCOME:

## THE DIRECTOR OF THE ASU SCHOOL OF POLITICS & GLOBAL STUDIES

Dear Delegates,

It is with great pleasure I welcome you to ASU's Annual Model UN Conference!

Our world is now characterized by an unprecedented circulation of people, technology, goods, capital, and ideas. It is also facing a myriad of issues ranging from armed conflict to global warming, and from pandemics to massive demographic transformations. All these issues necessitate active cooperation among states and non-state actors that often have divergent interests and priorities. Diplomacy is the art of finding common ground among all these actors to achieve outcomes that will serve many. This conference will introduce you to the complexity as well as promises of seeking cooperation at a global scale. Please take full advantage of this opportunity that will broaden your vision and provide you with wonderful career paths. You will gain great confidence and develop your curiosity as you interact with your peers and practice public speaking, negotiations, and policymaking.

On a personal note, I myself am an alumnus of this illustrious tradition providing a unique experience to students learning about the fascinating world of diplomacy. Many years ago, in 2000, I led a delegation of students from Istanbul, Turkey to attend a Model UN Conference in Athens, Greece. Our delegation was representing Serbia in the aftermath of the NATO intervention in Kosovo. That was a great learning experience. In spring 2022, I co-organized the first ever Model UN Conference in Iraq,

which was attended by students with diverse backgrounds from all corners of this beautiful but deeply fissured country. As a lifelong fan of Model UN, I know that the experiences and connections you will have here will be precious for you for many years.

Finally, Arizona is at the crossroads of many cultures and civilizational influences. Phoenix is a cosmopolitan city with ever expanding global cultural, financial, business, and political connections. It is a truly great location for having a Model UN. Again, a very welcome to the world of Model UN and ASU!

SUNMUN 2024

15TH ANNUAL SESSION

# SUNMUN

*“New Norms for a New World”*

It is my highest honor to welcome everyone to the 15th Annual SunMUN conference at the Arizona State University, November 15-16, 2024. Our team has been hard at work crafting this experience for the past year. As we have outlined on our website, [www.SunMUN.info](http://www.SunMUN.info), we have worked to put together a diverse array of committees, foster an educational and collaborative environment, and bring opportunities for learning to Arizona students. We are truly grateful to see everyone at this iteration of SunMUN!

For a brief introduction: I'm Liam Nelson, I will hold the privilege of serving as your Secretary-General for SunMUN 15! I'm pursuing degrees in International Relations, History, and Japanese Language and will graduate in May of 2025. I began my Model UN "journey" in the fall of my freshman year of high school, all the way back in 2017! The experiences and connections I made through eight years of Model UN inspired me to seek a degree and career in connecting the world through diplomacy, through whatever means that may take form. Student programs and exchanges are the most friendly, beneficial ways that countries interact; even countries that are "enemies" engage in educational exchange. In this role, Model UN plays an underrecognized and outsized role in building global citizenship, awareness, and connections. I am thrilled to help contribute to these connections through my role as Secretary-General, and I sincerely hope delegates will also seize this opportunity!

## 15TH ANNUAL SESSION

For anybody that's kept with the news lately, it's clear that the international system is changing wildly and quickly. So, our theme for SunMUN 15 is "New Norms for a New World." As global power competition shifts, as technology disrupts every traditional facet of statehood, statecraft, and diplomacy, and as humans explore new frontiers and new worlds, the global community, the UN, and the way that countries interact with each other, will continue to revolutionize.

Our wonderful team has been hard at work crafting twelve committees—nine for high school delegations and three for college delegations—that accompany and investigate these changes. Of course, the staples like the General Assembly, Security Council, and ECOSOC will make their return. New and exciting opportunities also await delegates. The critically acclaimed Historical Joint Crisis committee will make a return, now with a focus on 1850's Eastern Europe. Other institutions, such as the International Court of Justice and the European Union, will feature in their very own committees. Finally, delegates will have a totally new committee for the western U.S. MUN circuit, where they will conduct diplomacy through their very own "custom" country in the new "Do You Want to Build a Nation" committee. Through standard, crisis, fictional committees, and many more, SunMUN strives to prepare delegates to face a world with changing institutions and changing norms so that they may become a force for change themselves.

With the inclusion of these unique committees, my team and I aim to diversify the content available at our conference, but also allow delegates to experience a different kind of challenge and fun! Finally, I want to reiterate my everlasting gratitude for our team of MUN Devils here at ASU. We have worked night and day to construct a friendly-to-all conference that will bring students so much joy amidst diplomatic learning! Our team crafted detailed research guides for our delegates, secured an enriching guest speaker line-up spanning state, federal, and international governments, and even set up little bonus competitions like photo contests! Thus, it is with this boundless enthusiasm we look forward to hosting you all in the fifteenth session of SunMUN this year!

Sincerely,

**Liam Nelson**

GUEST SPEAKER

# GREG STANTON

Congressman  
Arizona CD4

Throughout his career, Greg Stanton has worked tirelessly to deliver results for Arizona families. Serving as Phoenix mayor from 2012 to 2018, he focused on building an economy rooted in innovation and trade. Under his leadership, Phoenix created thousands of quality jobs and recently saw the highest wage growth in the nation.

Greg has earned a reputation for working across the aisle to get things done. His biggest accomplishments in Phoenix were passed with bipartisan support: the City's investment in the biosciences and higher education, support for small businesses, and national recognition for leadership on LGBT equality. In 2015, Stanton won reelection and successfully led one of the most ambitious transportation initiatives in the country—a bipartisan, voter-backed plan to extend Phoenix's light rail system, expand bus service, and improve thousands of miles of roadways over the next 35 years.

During his time in Congress, Stanton has focused on planning for the state's water future, investing in public transportation and infrastructure, building Arizona's economy of the future and lowering costs for working families.

Stanton is a member of the Transportation & Infrastructure Committee and the Foreign Affairs Committee.

Before his election as mayor, Greg served nine years on the Phoenix City Council and as Arizona's Deputy Attorney General. He attended Marquette University on the Harry S. Truman Scholarship, and earned a law degree from the University of Michigan.

SunMUN would not be possible without the generous contribution and efforts of our volunteers and club members. Each year, dozens of volunteers give one weekend in November (and often, much more time than this) to bring the SunMUN conference, with its various committees, to full fruition. This iteration has demanded and gathered the largest team of volunteers and staff that SunMUN has seen to date, including over a dozen college chairs, several backroom support staff, and ten high-school chairs.

To all of our volunteers and secretariat:

# THANK YOU!
