Wellness Equi-Safe® is an exceptional choice when searching for ultra low-starch feed options for adult equines experiencing health concerns such as laminitis, founder, insulin dysregulation, obesity, or other metabolic conditions.

A unique forage-based, dust and molasses-free complete feed, Wellness Equi-Safe® is composed of long-stemmed fiber from specifically selected low-starch grasses and fats from multiple sources including Ultra Bloom®. Added herbs make the taste irresistible to horses and ponies, while the flexibility of Wellness Equi-Safe® allows it to be fed as a sole ration or top-dressed on feed making it the superior low-starch, safe alternative.
