Subject: Sanitary Survey – Facility ID #6857533 – Community PWS

Dear Mr. Riga:

Between November 30, 2020 and December 14, 2020, I conducted a sanitary survey by a virtual site visit of the Lakengren Water Authority public water system. The sanitary survey was completed as a result of the ongoing COVID-19 crisis, and in accordance with stay at home orders issued by the Ohio Department of Health on March 22, 2020.

Mr. Roger Lovill and Mr. Alan Stobaugh provided all requested information for this evaluation through email correspondence, video, and telephone interviews. The purpose of this evaluation was to determine the ability of the facility to provide adequate, safe and potable water that meets the requirements of the Ohio Administrative Code (OAC). The eight major elements that are generally reviewed during a sanitary survey include: source, treatment, distribution system, finished water storage, pumps/pump facilities and controls, monitoring/ reporting/data verification, water system management/operation and operator compliance with state requirements. General supervision of the operation and maintenance of public water systems is a function of this Agency as set forth in Chapter 6109 of the Ohio Revised Code (ORC).

I found no violations of Ohio safe drinking water laws or rules during this virtual inspection. Please be advised this notice of compliance is only associated with areas of the operations observed or documentation reviewed and does not constitute a waiver of potential violations not discovered.

RECOMMENDATIONS

The recommendations set out below are not orders. The Ohio Environmental Protection Agency (Ohio EPA) offers recommendations to provide compliance assistance to your facility.

Mr. Roger Riga
Lakengren Water Authority
OH6800712 – Inspection

1. Please be sure to review your annual monitoring schedule to ensure all required monitoring is conducted. Additionally, all monthly operating reports are required to be submitted to the District Office no later than the 10th of the month following the reporting period.
2. Please note that any modifications to your well, treatment system or distribution system may require prior plan approval. Please contact me if you plan on making any changes.

Additional information concerning existing and upcoming drinking water regulations and requirements can be obtained from our website at www.epa.ohio.gov/ddagw.

If you have any questions regarding this letter, or any other matter involving your water system, please feel free to contact me by email Gina.Hayes@epa.ohio.gov or by phone at (937) 285-6118.

Sincerely,

Gina Hayes
