AFTER

GATOTKACA

In Indonesian mythology, Gatotkaca is a revered hero from the Mahabharata, symbolizing strength, bravery, and loyalty. He is a powerful warrior with the ability to fly and superhuman strength. His character plays a significant role in traditional performances like Wayang, embodying Indonesian values of heroism and devotion to justice. He is also a hero in Mobile Legends played by many in Indonesia.

CONTEMPORARY

BATARA GURU

In Indonesian mythology, Batara Guru is the supreme god and ruler of the heavens, often equated with the Hindu god Shiva. Revered as the creator and protector, he is central to the belief systems of Javanese and Balinese cultures, symbolizing wisdom, power, and cosmic balance in traditional lore.

TRADITIONAL

DEWI SRI

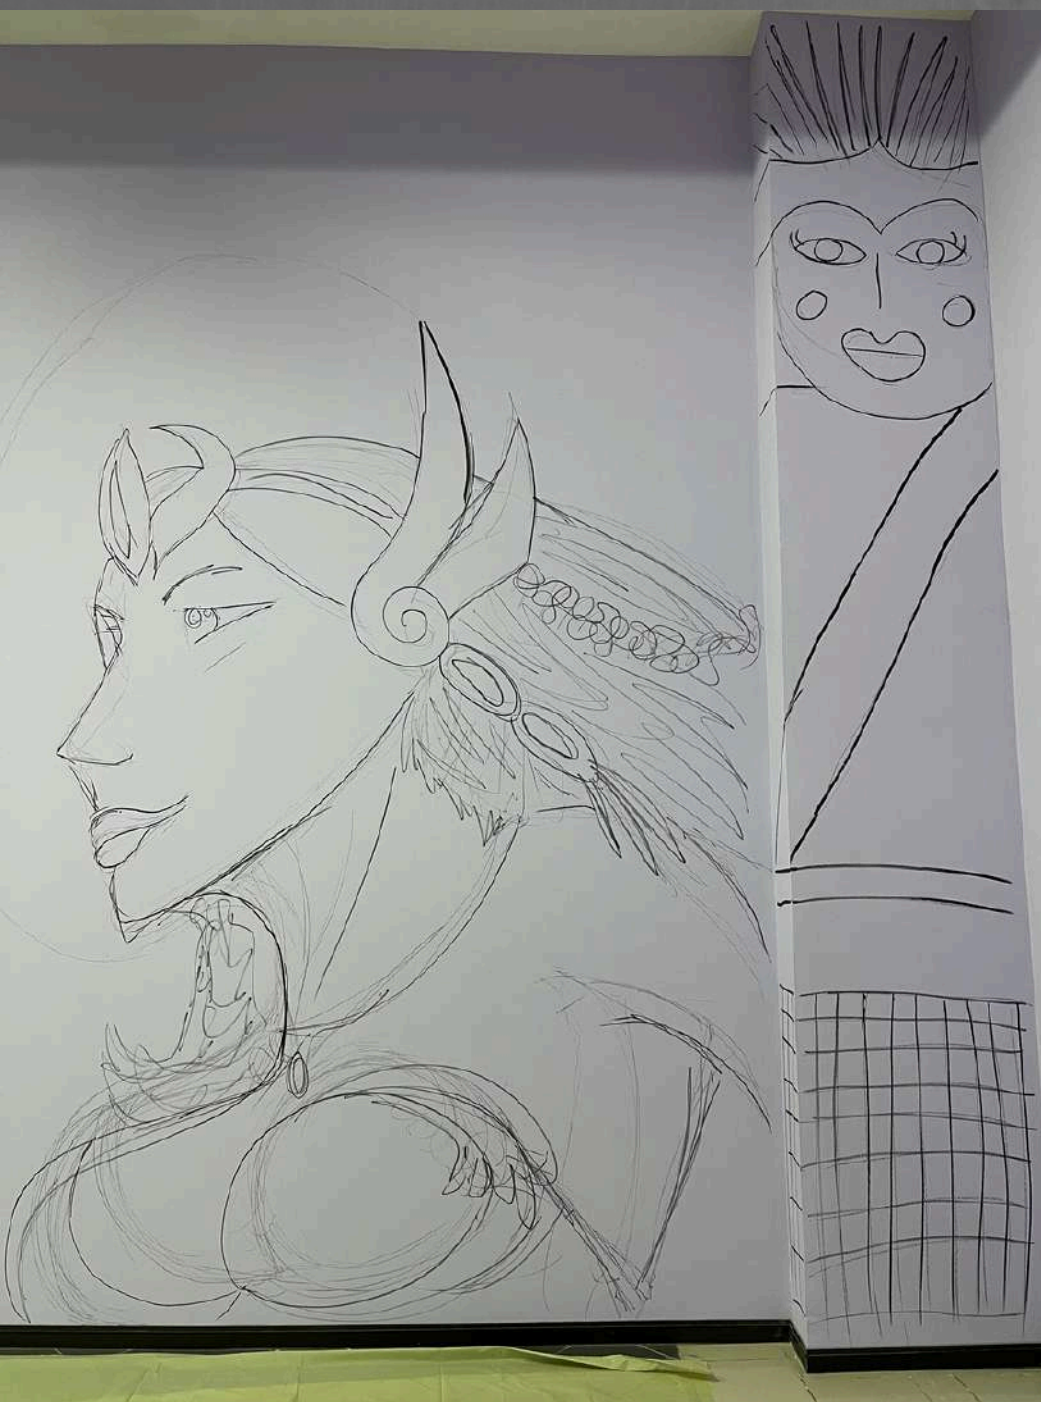

In Indonesian mythology, Dewi Sri is the goddess of rice, fertility, and prosperity, deeply revered in Javanese, Sundanese, and Balinese cultures. As a symbol of abundance and life, she is associated with agriculture and the cycle of life. Her worship ensures bountiful harvests and the well-being of communities dependent on rice cultivation.

TRADITIONAL

KADITA

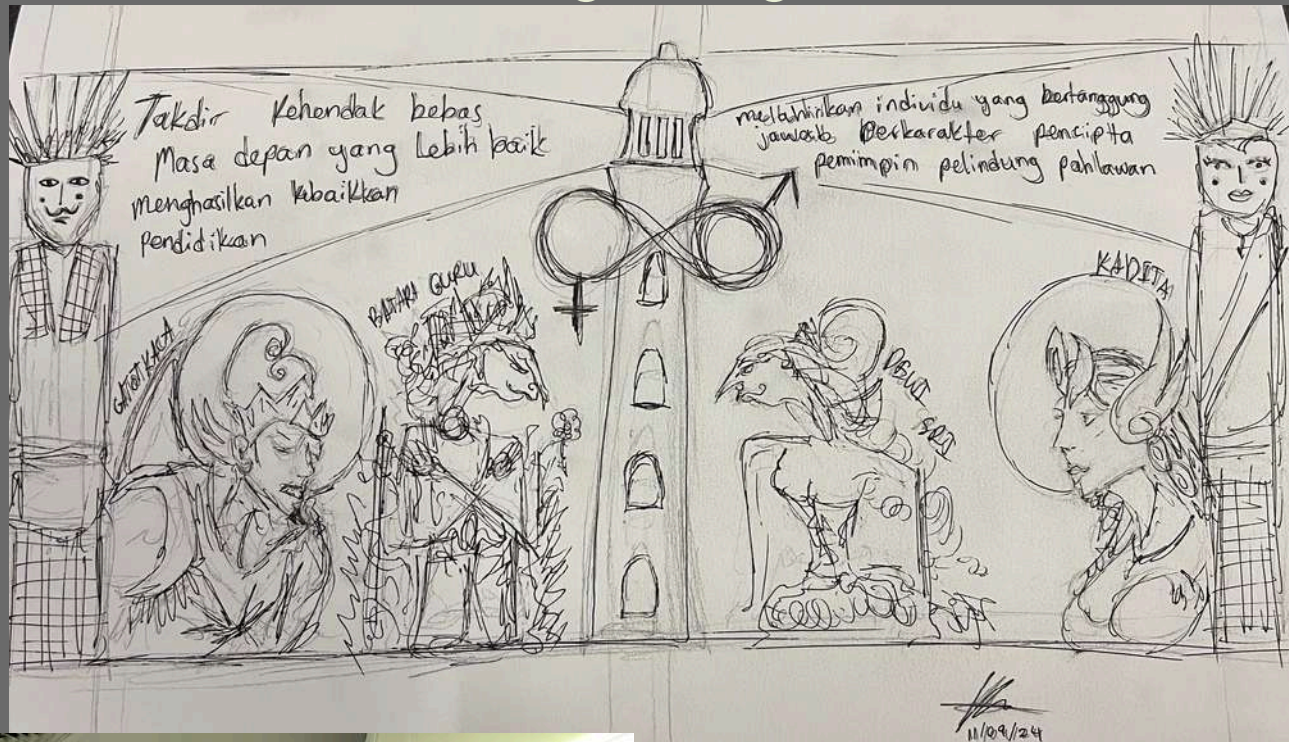

In Indonesian mythology, Kadita, also known as Nyai Roro Kidul, is the powerful Queen of the Southern Sea. Revered as a goddess of the ocean, she controls the tides and is believed to guard Java's southern coasts. Kadita symbolizes beauty, mysticism, and the supernatural forces of nature. She is also a hero in Mobile Legends played by many in Indonesia.
