CAREFYOU

We care for you

We will deliver all your needs at your doorstep during this pandemic.

Just give us a buzz on the number [+91-7483677426](tel:91-7483677426)

How will get your medicines and groceries without going anywhere?

None of us could have ever imagined or planned for the world we are living in today. The world has come to a halt, and unfortunately we have to overcome from it. It is in times like these when we really need to rise to the occasion and support each other to the best of our abilities. We are here to help deliver all your needs at your doorstep. At CAREFYOU, we are doing everything to support our community. We have received an overwhelming support towards all the initiatives we have taken and we would like to thank everyone from the bottom of our heart for the courage and resilience they have shown to help out those in need.

Our initiative is to get all your needs safely to you;

- Contactless Delivery – amidst the current lockdown situation in India, ensuring delivery of all your needs safe and hygienic is paramount for us.
- Face masks – we believe that people should wear masks for the sake of others, if not for themselves.
- Sanitizers - We ensure to apply sanitizers ourself and the customers to ensure that the transaction is safe.
- Strict hygiene standards at medical stores, restaurants, markets, shopping mall, restaurants, tea shops, petrol pumps and all other contacts.
- Body temperature - we ensure that the temperature of the delivery person should be normal in order to keep the customers safe.
- Grocery delivery – we are here to help with the supply of essentials. We are putting in every effort to make sure that we put it to good use to serve the community. We'd like to thank the grocery stores and other start-ups that have come forward to partner with us and support the community in this endeavor.
