

On behalf of the members of the Little Rock Education Association, I want to welcome you to the professional educator family of the Little Rock School District!

The Little Rock Education Association is the local affiliate of the Arkansas Education Association and the National Education Association. We are unified organizations, as the names might imply, so when you become a member of our local, you become a member of all three. We are a unified, professional family of educators working together to enhance our great public schools for students and for the people who work in our public schools. Our members' working conditions are our students' learning conditions. We have representatives in every building in the LRSD to assist you there and we have Uniserv staff to assist you if your Building Representative can't answer your questions. We love our educators and we know that these are challenging times. We want to ensure you that we are here for you and we are working hard to ensure that our buildings are safe and that you and our students are protected. We are three million plus members strong and we stand together, in solidarity!

We are very proud of our accomplishments over the years, and there is much yet to be done. So, we look forward to your active involvement in our Association throughout your career in the Little Rock School District. But first, we want to help you get started here in Little Rock schools with some important information and with our full support for a successful first year.

Please do not hesitate to give us a call at 501-372-3519 if you ever need assistance. Welcome again to our Little Rock Education Association family and I look forward to meeting you!

Sincerely,

Teresa Knapp Gordon, President
Little Rock Education Association
