

NEW LONDON MOTORCYCLE CLUB
P.O. BOX 221, QUAKER HILL, CT 06375

For the last 15 years, the New London Motorcycle Club has sponsored an annual bike blessing in the spring at Ocean Beach Park in New London, and most recently Waterfront Park in New London. With the help of the thousands of motorcyclists that have attended and the hundreds of vendors and sponsors that have supported us, we have over the years, been able to donate many thousands of dollars to our primary charitable organizations-- the Covenant Shelter of New London, Waterford Country School and MALTA, Inc. This year we are well underway in the planning of our 15th blessing, returning for the 2nd year to our new venue, **on the waterfront in New London**. This year the Blessing will be held on Sunday, May 15th.

Our sponsors and vendors play an important part in the success of this event. In 2021 we had over 30 vendors and welcome more to join us this year.

This year we also have the opportunity to accept food vendors and food trucks so you will see some additional requirements noted in the vendor form if that pertains to you. We will attempt to have only one food truck serving a specific food so there are not duplicates. We also have a great band, **American Honey**, that will be providing hours of live entertainment.

Help us make this event our best ever! Make plans to attend on May 15th. Tents are allowed as in previous years however the ability to park a vehicle next to your tent (in most cases) will not be allowed due to the spacing requirements. You will however be able to unload and load at your site. Parking is available nearby. All tents MUST be weighted down or the City of New London will not allow a tent.

Thank you for your continuing support. Check out our website newlondonmotorcycleclub.com for additional information and updates. We are confident that we should exceed our record of over 1000 bikes this year, and the event is open to the public and well advertised.....on line, on the radio, with flyers and in the press. **I've attached a flyer, a vendor form, and a highlighted view of the New London Waterfront venue.**

Hope to see you in May and enjoy the spring and pass the word if you can.
