

DECLARATION OF GMO STATUS

We at Lane Farms are committed to providing our customers with the highest quality seed. Our seed is grown under strict standards and certified through the Oregon Seed Certification process. None of the product we grow or ship to our customers has been genetically modified.

GMO means, "Genetically Modified Organism". Any plant or animal whose genome has been artificially manipulated or engineered through the introduction of non-host, genetic material is classified as a genetically modified organism.

I, Rob Lane, as agent/owner of Lane Farms Inc., La Grande, Oregon, do hereby certify that to the best of my knowledge, the variety SHEPODY grown by Lane Farms Inc. are Non-GMO variety.
