SKILLS

Production Support

- Assisted directors and crews with logistical needs, including company moves and on-set tasks.
- Supported talent and crew by managing craft services, and ensuring food, water, and rest areas.
- Acted as a runner and office production assistant, facilitating communication between departments.
- Handled rental car logistics and transportation needs for efficient operations.
- Assisted with event setup and cleanup, contributing to successful execution.

Technical Expertise

- Operated cameras and lighting equipment during conferences, services, and other events.
- Collaborated with AV teams to detail run-of-show requirements for audio and lighting.
- Trusted by producers to choose and play cleared music with live-to-recorded transitions.

Content Creation

- Created and edited visual content, including videos and images, aligning with marketing goals.
- Shot behind-the-scenes footage and acted as a second shooter for various projects.
- Brainstormed and captured promotional content to showcase business and event branding.
- Assisted with social media management, photo and video shoots, and creative direction.

Post-Production & Editing

- Edited footage for social media platforms to create polished, engaging content.
- Reviewed analytics and performance of published content to inform future creative decisions.
