

SCIPIO PIONEER CEMETERY

1863-1894

Scipio Pioneer Cemetery was established by early pioneer settlers of Round Valley. These are the names of 64 adults, 50 children, and 51 babies who are buried here.

The elements have destroyed all original wood headstones. Names and dates have eroded away on many of the head and foot stones made of sandstone. Many graves were unmarked and other were only marked by rocks.

After 1894, only spouses were buried here; all others were buried at the new Scipio Cemetery.

We are grateful to the pioneers who settled Round Valley.
