

# Scipio Town Council

## Minutes of meeting

September 16th, 2021- 7pm

Members present: Mayor: Pam Sheridan- Council Members: Jim, Bryce, Dallen. Casey

Treasurer- Linda S., Clerk- Rebecca B.

1. **Minutes of September Meeting:** These were read over by each council member. Bryce made motion to accept, 2<sup>nd</sup> by Jim. All in favor.
2. **Invoices and Receipts for July:** Linda went over these. EMS for amount \$147,058.82 was put into Ambulance PTIF. Water payments for the well project was taken out of PTIF and put into checking. They will have a retention until project is completed. Casey made motion to accept, 2<sup>nd</sup> by Jim. All in favor
3. **Noise Ordinance:** Tabled but Wendy Edwards spoke as a public spokesman and told of a few issues including barking dogs, a loud generator at night, loud trucks, a 4-wheeler and a motorcycle. They go by the top street after dark revving, blowing black smoke, and the 4-wheeler has no lights. She and the public (others bothered by the issue) are asking the council for a noise ordinance from 10 pm to 6 am. Dallen commented that who determines a violation, who will enforce it, and there is already something in place including disturbing the peace, speeding and breaking the law. Council would like to look into other towns ordinances and see what they have. Also, it would need to be very specific in the ordinance to protect the agriculture lifestyle that exists here. Public comment: Leslie Onnen said to get a petition for the noise ordinance and see how many people they are speaking for
4. **New Business/ Old Business:** Pam sent pictures to UDOT to see if they could help with some of the drainage problems we had on main street after the big rain we got. They said they would go in half if we came up with a master plan. We also need to clean the upper ditch. Also, the old Welcome sign that is north of town belongs to the town and we pay the state a yearly fee to keep it here. Pam is wondering if council is interested in updating this sign. She brought pictures to show them and all were in favor of updating it. Pam will start the process. Next the new locks are on the community center exercise room. The key card system is in place and will be ready to be used by the towns people.
5. **Fire department:** The capital purchase improvement for the Millard County fire district is up this month. Wondering about fitness equipment. Also, The Fire Department will have a community event on Oct. 19<sup>th</sup> for some fire prevention training and fun. Casey will call JD Handyman service to see about hooking up the new washer and dryer in fire house.
6. **Adjourn:** Dallen made motion to adjourn, 2<sup>nd</sup> by Casey. All in favor. Time was 7:58pm.
