

## ESSEX PLACE VEHICLE REGISTRATION FORM

As per the November 13, 2025 Board of Directors Meeting the following Amendment to Rule #36 was passed :

*"As a condition of using the Association's parking areas (i.e., common property), each unit owner shall register with the Association's Management Office each vehicle owned, leased, rented or otherwise used by the unit occupant(s) (owner or tenant). Once the vehicle is registered with the Manager, a parking permit will be issued which must be displayed in/on the vehicle to be visible from the outside. If a vehicle that is owned, leased, rented or otherwise used by the unit occupant(s) (owner or tenant) is parked in the Association's numbered parking spots / areas overnight without displaying an official Essex Place parking permit, it will be considered in violation of the Essex Place parking rules and, at the Boards discretion, subject to tagging and towing at the owner's expense at the Boards discretion...."*

You will need to provide information for all vehicles, whether you registered or not previously, however you will only receive new parking permits for any vehicle **not** previously registered with Essex. Please note if you need a parking permit for any vehicles listed below.

Your Board and Management thank you for your cooperation.
