

# New Forest Children's University May Half Term Mini Challenge

## Nature and Environment:

Plant some seeds and keep a diary of how fast they grow. Count the days/weeks and draw pictures of how they change.

Tell us if you grew flowers or vegetables and why you chose them.

Where did you grow them (in a pot in garden/window sill etc)

**2 credits**

## Culture

Visit a museum/castle or National Trust House. Keep a copy of any trail that you completed or either draw a picture or write down something about what you learned or found interesting. It could be a fact about a famous person or about an event that happened in the past

**2 credits**

## Teach someone to Learn a new skill

Do you have a special skill? Why not teach this to a friend?

Maybe you know how to do an amazing skateboard flip, how to spin a ball on your finger or how to do a stunning pirouette.

What was it like to teach your skill?  
How would you improve next time?

**1 Credit**

## STEM

Try A new game on Mr Lockett's Maths App

<https://www.mrlockettsmathsapps.com/games.html>

KS1: The Number Plates Game **1 credit**

KS2: Multiplying Coins Game **1 credit**

If you have fun try downloading another game (3 credits maximum)

Keep all of your evidence and take into school after half term or email to [newforestcu@gmail.com](mailto:newforestcu@gmail.com)
