

## FAMILY HISTORY SCATTERGORIES

### Directions:

- 1) Cut out the letters at the right and place them in a bowl or bag.
- 2) Draw a letter. Think of a response for each clue on your list that begins with that letter. Since each clue is about YOUR family history, foreign names, places, and words ARE allowed. Remember, family members, ancestors, aunts, uncles, and cousins all count as your family!
- 3) After 60 seconds, go through your responses as a group and score your list. You can justify your answers with family stories!
  - 0 points = duplicate or blank answers, or answers that start with the wrong letter
  - 1 point = unique answer
  - 2 points = unique 2-word answer, both starting with the letter(Examples of 2-point answers: Greene Co., Georgia or Mary Margaret)
- 4) Choose a new letter and repeat for Lists 2 and 3. The winner has the highest score after all 3 rounds!

### Directions for Young Children:

- 1) It might be helpful to have a pedigree chart out or some pictures of living family members.
- 2) Choose one list. For each clue on the list, let the children pull a different letter.
- 3) Working as 1 group or in teams, see how many clues you can fill in together. Sharing stories and teaching children about their family is totally ALLOWED. 😊
