

Hybrid Global Preceptorship 2022

BEST PRACTICES IN THE MULTIDISCIPLINARY MANAGEMENT OF ATTR-CM:

AN EXPERT CENTER EXPERIENCE

INVITATION TO JOIN A VIRTUAL EVENT
25TH NOVEMBER 2022
16:30–19:00 (JST) | 18:30–21:00 (AEDT)

We are pleased to invite you to the virtual session of this hybrid global preceptorship, which will showcase the experience of a panel of experts in amyloidosis to highlight the importance of multidisciplinary collaboration to facilitate early diagnosis and management of transthyretin amyloid cardiomyopathy (ATTR-CM).

Join us virtually to learn from our esteemed faculty, who will provide practical insights on the role of imaging techniques to suspect and diagnose ATTR-CM in a clinical setting.

Please note this is a live hybrid event and will not be available on demand.
