Come learn more about the project and ask the project team questions. Or schedule a one-on-one visit with the DOWL's project manager on August 26, 2022. Visit the project website to schedule a time.

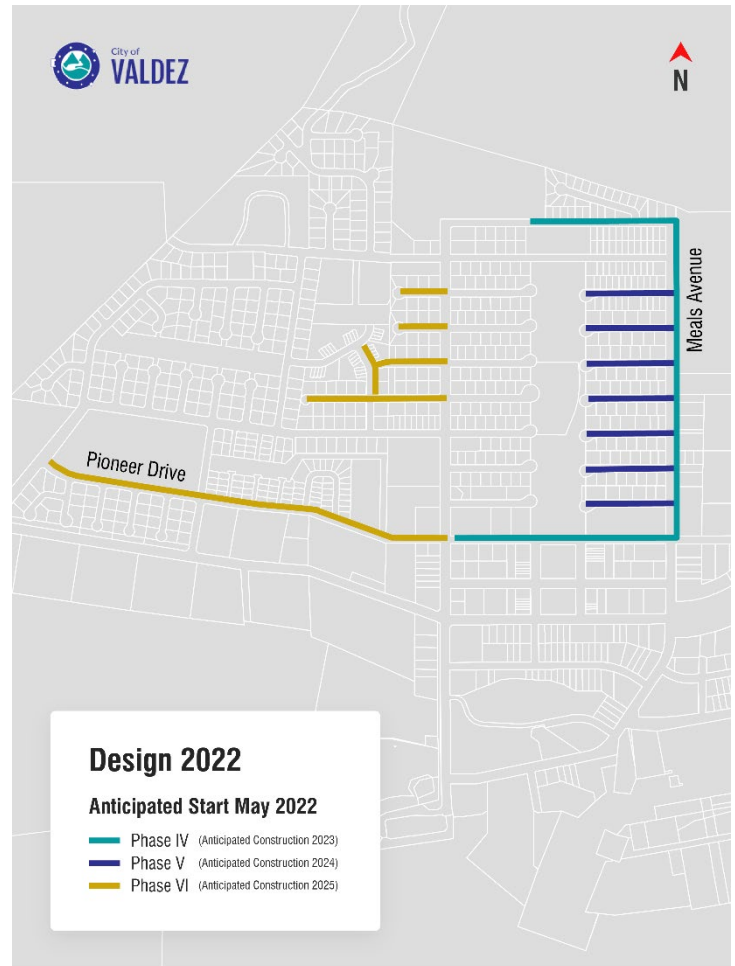

- **Thursday, August 25, 2022**
- **5:30 – 7:30 PM**
- **Valdez Civic and Convention Center, Ballroom C**

Project Description

Existing pavement conditions on roads within the City of Valdez have deteriorated. Due to the deteriorated pavement condition, the City is initiating this Pavement Rehabilitation project to improve roadways, extend the service life, and reduce future maintenance costs.

Key Project Design Features

- ☑ Resurfacing
- ☑ Curb and Gutter Replacement
- ☑ Drainage Improvements
- ☑ Utility Replacement/Relocation
- ☑ Pedestrian Facility Improvements
