

Become A Member at OCGC For As Low As \$32 Per Month!

New Member Promotion Announced at OCGC

Beginning September 1, 2022, New Members can join the Oneida Community Golf Club for a Joining Fee of \$300.00, and then pay as little as \$32.00 per month* for a Full membership in 2023.

The New Member will have full membership privileges for the remainder of the 2022 golf season upon payment of the discounted Joining Fee of \$300.00 and selection of their 2023 membership category and dues commitment.

New Members begin making monthly automatic installment payments for their dues on January 1, 2023. The New Member will receive monthly discounts on their dues payments based upon their membership category ranging from \$15 to \$50 per month.

For example, if the New Member is in the Single under 35 category, the full monthly installment amount would be \$62.00. Under the New Member promotion, the New Member would receive a monthly discount of \$15.00, lowering their installment payment to \$47.00. If the New Member was referred by an existing Full Member, and the Full Member agrees to transfer their referral credit to the New Member, then there is a further monthly discount of \$15.00, lowering the New Member's installment to \$32.00. This includes a one (1) year waiver of the member assessment.

Players who were League Only or Social Members in 2022 and former OCGC members will also qualify to participate in this New Member promotion.

*Based upon selection of membership category Single under 35 with referring Full Member discount applied, including one (1) year waiver of member assessment.
