"For board training, you can't do better than the team at Fundraising Well! Kerry facilitated a fundraising strategy session that grounded us in a culture of philanthropy and built the team's fundraising confidence - and it worked! *We raised more money!*"

**-Tami Forman, Founding Executive Director, Path Forward**

"Kerry's workshop was great! I've been to a number of board workshops and they're usually pretty boring, and at the end I feel like they didn't actually help me. But Kerry's workshop is super engaging and fun! I came out of it with tangible action items and I felt like I was actually helped.

I really, really appreciated it."

**-Ann Marie Foss, Past Board Chair, Power of Two**
