

Four 90-minute Training Sessions for Christian School Educators*

“6 Practical Tools for Biblical Worldview Integration”

Session 1: *The “Conversation Starter” Tool*

What is a “worldview” and why does it matter?

What is a “biblical worldview?”

What is “biblical worldview integration” and why is it essential for Christian education?

How can the “Conversation Starter” tool promote biblical worldview integration in the classroom?

Session 2: *The “Truth and Baloney Detector” Tool*

What is true truth and why does it matter?

How is today’s postmodern notion of “truth” different than biblically-informed truth?

What’s the problem with “relative truth?”

How can the “Truth and Baloney Detector” tool help students distinguished truth from “baloney?”

Session 3: *The “Awesome Activator” Tool and “The Biblical Worldview Finder”*

What is the biblical view of work?

Why should “theology of work” be a hallmark of Christian education?

How can the “Awesome Activator” tool help students bring meaning and purpose to their work?

How can “The Biblical Worldview Finder” help students deal with difficult and painful situations?

Session 4: *The “Activity Contextualizer” and “The DADI Plan” Tool*

What is “platonic dualism,” and why is it a problem?

How can we get rid of the “Sacred-Secular Divide?”

How can biblical worldview integration have a positive effect upon communities and nations?

How can the “Activity Contextualizer” tool and “The DADI Plan” tool help students fulfill God’s purpose for their learning, and His purpose their living?

**Since these 4 sessions follow a sequence of ideas and build upon each another, they are recommended as a 4-part series. However, each session may be a “stand-alone” presentation, if desired. If they are presented as a series, schools may elect to have 1 presentation per quarter over a full year, 1 session per month over 4 months, 1 session per week over 4 weeks, 1 session per day over 4 days, or 2 sessions per day over 2 days.*
