

Tony Caterina for Mayor

Edmonton Votes Oct. 20, 2025

I would like to truly thank Amarjeet Sohi for his public service and all the best in the future.

That being said, this is definitely the best situation for the city of Edmonton. The fact is, he has proven to be a weak leader as our mayor.

Out of control spending, huge tax increases year over year during his tenure have hurt Edmontonians. Many areas of the city are broken. Mayor Sohi is leaving the city in worse shape than when he started.

Vote Tony Caterina for Mayor on October 20, 2025.
