

Black Lives Matter - Topical Seminar 10-16-20

Introduction:

“In 2015, the “Black Lives Matter” hashtag began as a call to action in response to the acquittal of the man who killed teenager Trayvon Martin. Patrisse Cullors, Alicia Garza, and Opal Tometi founded Black Lives Matter to “explicitly combat implicit bias and anti-Black racism and to protect and affirm the beauty and dignity of all Black lives.” It has since become a cry for justice, a movement, a foundation, and a global network with international chapters whose mission is to eradicate White supremacy. “
