

Technology that Yields while saving you time and money!

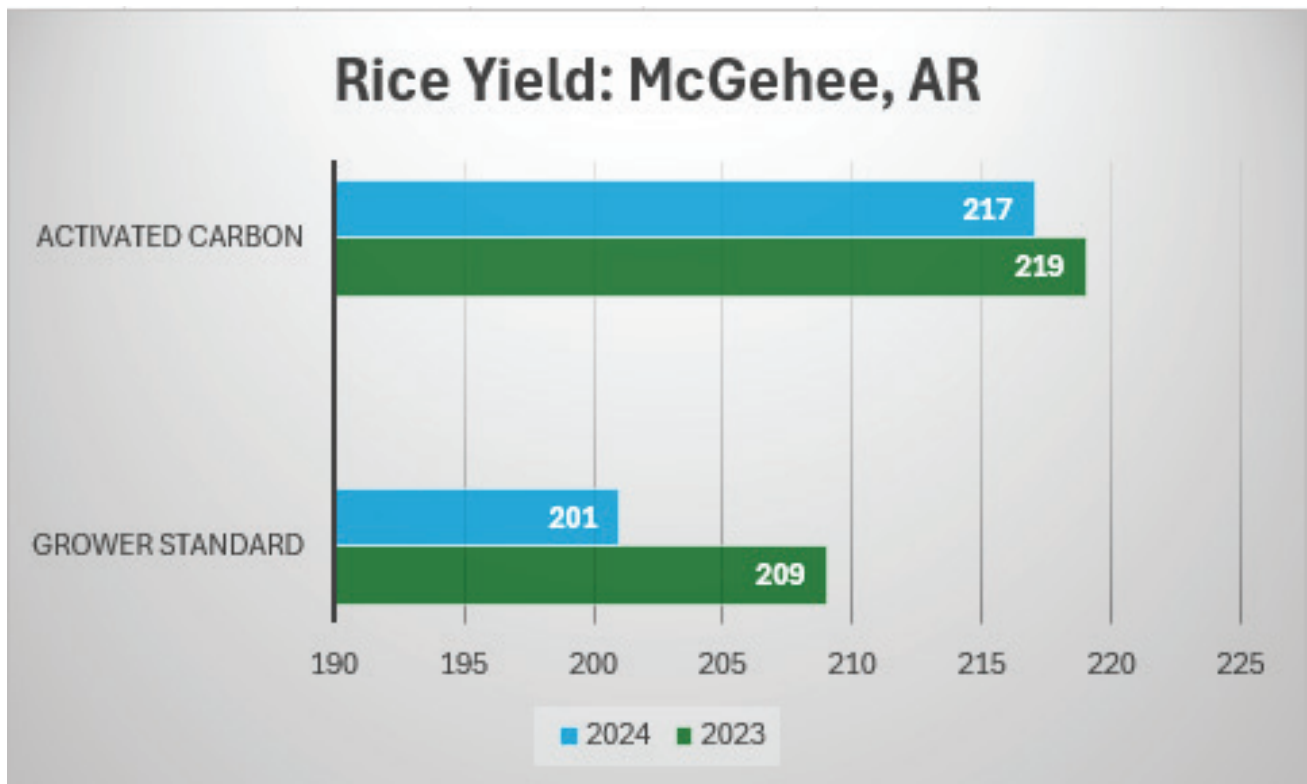

Matt's addition of Activated Carbon made a significant impact on his rice crop two years in a row.

Originally run as a trial program, Matt plans to implement the Activated Carbon program on every acre of rice in 2025.

Grossing over \$195 per year over those two years it was a no brainier

Activated Carbon Program:

- Custom Rice Blend
 - 2-4-14-2(S)-.5(B)-.7(Zn) +7% AC
