

**KANGAROOS ARE NOT
FARMED, THEY ARE
SHOT AT NIGHT...**

DON'T FEED YOUR PETS KANGAROO

**... THEIR JOEYS ARE
BEATEN OR LEFT TO
STARVE TO DEATH**

BEWARE! Kangaroos carry a naturally high parasite burden and their meat can be contaminated with **Salmonella**, high levels of **E. coli**, **Toxoplasmosis**, **Listeria** and **Coxiella**

Kangaroo numbers are in serious decline with the growth of the commercial kangaroo industry

Don't Feed These Guys

...These Guys

**No independent observers
monitor kangaroo killing
= animal welfare crisis**

**The killing of kangaroos is the
world's largest land-based
wildlife slaughter in the world**
