As we reflect on the year 2024, I am filled with gratitude and pride for the resilience, dedication, and collective efforts of our members, partners, and stakeholders. Just Give Back, has continued to expand its reach, strengthen partnerships, and innovate solutions that address pressing global issues. Through collaboration, perseverance, and a shared vision, we have made significant strides in community impact and sustainability efforts.

The past year has also reminded us of the importance of adaptability. In a rapidly changing world, we have embraced new technologies, improved our strategies, and remained steadfast in our mission.

Looking ahead to 2025, we remain committed to scaling our initiatives, deepening our engagement, and ensuring that our impact is both lasting and transformative. Your continued support and dedication are the driving force behind our success, and I sincerely thank each one of you for being part of this journey.

Donations and Financial Report

Just Give Back would like to thank all contributors to last year's Christmas Food Donations. Your financial support helps us continue in our mission and to assist and support those in our communities during the festive period and bring smiles to the faces and hearts of many people, both young and old.

The generous support of individuals makes it possible for our organisation to exist and to make the people we support, and their families leave a better life. There were over 60 donors in our Christmas Donation campaign which started earlier in November 2024 and raised a total of 2.4 million naira which gave us the opportunity to donate cash and food items to 13 community lead charities or NGOS

in Lagos, Oyo, Anambra and Ogun states of Nigeria, a further £200 was raised and a donation of food items was donated to Sainsbury Food Bank in Essex Uk.

Presently our donations are paid in UK to the Just Give Back UK Bank Account and in Nigeria to the ICOPA 80/82 Set Account. Ideally Just Give Back would like to open a Bank account in Nigeria and have volunteers in Nigeria operate the account
